German Newspaper Says America Is Trying to Assist Great Britain

Berlin, via London, June 30.—A Reuter dispatch contains a summary of the United States note asking Germany to reconsider her refusal to settle by direct negotiation the claim arising from the sinking of the American ship William P. Frye, printed without comment by the Berlin newspapers, with the exception of the Rundschau. This paper introduces its article by saying:

MISSIONARY SAYS JAPAN IS NOT AFFECTED BY WAR

Walter E. Hoffsmmer, a professor in Tokio, Japan, is visiting his brother, A. F. Hoffsmmer, 1712 Market street, this city. Professor Hoffsmmer reports that missionary work in Japan is progressing favorably and that the country is not seriously affected by the war.

FEW AMERICANS ARE LEFT IN GERMANY

Paris, June 30.—Americans fleeing from Germany via Switzerland who are arriving here state that the Americans still remaining in Berlin, who, excluding the diplomatic and consular officials, war correspondents and German-Americans, number less than 100, still despair of the continuance of friendly relations between Germany and the United States.

HILL CLIMBING AND RACING FORBIDDEN

State Highways Are Not to Be So Used by Automobile Contestants, Commissioner Decides

14 RECRUITS FOR POLICE
State Game Commission Will Meet Tomorrow to Outline Its Work For the Coming Summer

State Highway Commissioner Cundden has forbidden hill climbing and speeding on State highways and issued orders that traction engines and trailers will be heavily fined if they do not obey the laws governing operation of such machines.

In a recent exhibition of fast machines in a speed contest on one of the State's main highways in a western county the new war was so damaged that the commissioner secured the opinion of the Attorney General on his powers and issued an order to-day that such exhibitions would not be permitted. Similar orders were issued regarding hill climbing contests, which have been found to be detrimental to the highways.

The commissioner has also issued notice that every traction engine and trailer must have its brakes inspected to see that the requirements are complied with. Traction engines not engaged in agricultural work will be inspected and their owners held to strict accountability.

To Enlist Fourteen—Fourteen men will be enlisted in the State police next month and there are several times that number on the list of applicants, practically every one a man with experience in the army, navy or marine corps.

The demands for services of the State police are increasing. Daily demonstrations of various kinds are several times the number of men available. Most of the requests are for from three to six men. Over fifty towns have applied for men in the last two days.

Game Meeting.—The State Game Commission will meet here tomorrow to outline its work for the summer and fall. It is probable that some of the new game preserves will be officially located and action taken on offers to lease land for preserves under the new act.

BRITISH ENTERTAIN GERMAN PRISONERS

Captain of Emden Meets King and Von Tirpitz's Son is Guest of Winston Churchill

New York.—German prisoners of war in Great Britain or at least some of them of aristocratic connections are being feted in London, according to a dispatch to the New York Tribune, which says:

Personal friendship and business and financial interests are linking together in the most curious and remarkable way Englishmen and Germans.

Among the German prisoners of war in England are officers who number among their English friends not only some of the smartest people in society, but people of the greatest prominence in the political world, by whom since their arrival as prisoners they have been constantly entertained.

Lieutenant von Tirpitz, for example, son of the German admiral, has been entertained by Lord Haldane and Mr. Winston Churchill, who are intimate friends of the Tirpitz family. The summer before the war broke out Lieutenant von Tirpitz was the guest in London of Mr. and Mrs. Winston Churchill. Lieutenant von Tirpitz partnered Mrs. Winston Churchill in a lawn tennis tournament at the Queen's club and with her won the mixed doubles.

CRISCO

For Fryng, For Shortening, For Cake Making

Convince Yourself

Look at Crisco. Its very appearance tells a story of purity. It is creamy white and just stiff enough to round up nicely on the spoon.

Then see if it has an odor. You will find none but a delicate aroma, indicative of its purity. Crisco remains the same in hot weather without refrigeration.

Next taste it. You will find a neutral taste; that is, practically no flavor—not greasy or "lardy." It resembles cold, unsalted butter.

Then try it. First fry potatoes, and note the wholesome potato flavor. You may never have known the potato flavor before because the taste of the fat you have been using has predominated. Crisco allows the true flavor of the food to assert itself.

Next make some biscuits. See how light they are. Break one open and you will be delighted with its appetizing odor. This is a severe test for a shortening.

Next make a white cake and learn how delicate and rich your cake will be without butter and with few eggs. Below is an excellent and very economical recipe.

Please convince yourself about Crisco. If you will know Crisco you will be a Crisco enthusiast.

CRISCO HURRY UP CAKE

3/4 cupful sugar
1/2 cupful flour
4 tablespoonfuls Crisco
1/2 teaspoonful almond extract
1/2 teaspoonful lemon extract
2 whites of eggs
1/4 teaspoonful salt
2 teaspoonfuls baking powder

(Level measurements)

Sift flour, baking powder, salt and sugar into bowl. Put whites of eggs into measuring cup, add Crisco, and fill cup with milk. Add to dry mixture with extracts and beat vigorously six minutes. Pour into small Criscoed and floured cake tin and bake in moderate oven forty-five minutes. Cake may be frosted if liked. Sufficient for one small cake.
