GOVERNOR ASKS SAFE AND SANE 4TH

Declares School Children Should Be Taught to Bring It About

Governor Brumbaugh, who spent several hours at the Capitol to-day on his return from his vacation at Blair county, declared that he heartily endorsed the action of State Fire Marshal Baldwin in calling for a safe and sane Fourth of July.

"It is the only proper way to observe independence day," said the Governor, "and I would have issued a proclamation to the people calling for such an observance had I the time prior to leaving for my New England tour.

It is a matter that should be taught in the schools to the end that the noisy, disturbing and dangerous observance of the Fourth be done away with forever."

The Governor said that when he returns to the city next week he will take up a number of matters pertaining to highway improvement, including betterment of roads in Montgomery, Bucks and other eastern counties.

He said that he would call for a special commission together next week and would have talks with chiefs of departments about the government.

The Governor also remarked that he thought it best to accept what State Treasurer Young said yesterday about the State's finances being low and to conduct affairs accordingly, working to better the situation wherever possible.

In regard to the roads the Governor said that he felt they could be put into good shape with the funds available and that it was his plan to have some of the ideas he saw in New England roads put into trial here.

He will keep in touch with Mr. Cunningham so that they will not cover the same territory.

The Governor commented on the fact that New England States had built roads through bond issues, while Pennsylvania had voted down a bond issue.

Governor Brumbaugh plans to leave the city on August 24 for the Panama-Pacific exposition. He will preside at Pennsylvania Day at the exposition and his trip will cover St. Louis, Denver and Salt Lake. He may return by the northern route. He plans to clean up all appointments and other matters by that time.

July 15 will be the latest to receive suggestions for the most eminent Pennsylvanian to be honored by the exposition. The Governor has received a number of letters from newspapers editors suggesting names and is taking much interest in what various papers are doing in the way of contests.

Aged Man Tramps Streets in Search of Daughter He Has Not Seen in 30 Years

Meeting his daughter this morning, for the first time in thirty years brought tears of joy to the eyes of 70-year-old Samuel J. Ramsey, of near Topeka, Kansas.

There were handshakes, smiles, tears and then an embrace. Patting his daughter on the shoulder, and remarking, "I've found you at last," the father with his daughter, who is Mrs. Mary Stager, 2022 Kensington street, walked to Market Square, where they took a car for the Stager home.

The father came east about three weeks ago, and has been searching for his child ever since. He asked the police to help him and was about giving up all hopes of finding his daughter when Paul Scheibels, the motorcycle officer got into the search and located Mrs. Stager. It was a happy meeting. There were other wet eyes about the police station when the father met face to face with his daughter.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal.

The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyperacidity irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach.

Better Corn Flakes

made by a brand new process—mighty tasty and always ready to serve.

New Post Toasties

resulting from years of practice and study, are the inner sweet meats of choicest Indian Corn skilfully toasted to a crackly, golden-brown crispness.

By a new process the true corn flavour, unknown to corn flakes of the past, is brought out in every flake.

As you pour Toasties from the package, note the little pearly "puffs" on the flakes—a distinguishing characteristic of these New Toasties. Another point—they don't mush down when cream or milk is added.

Insist upon these distinctive corn flakes—the New Post Toasties—
