**T**HE year's most talked about sale opens tomorrow with the most notable list of savings that we have ever offered in any sale at any time. But the Spring and early Summer season was chaotic in more senses than one to many big factors in the mercantile field, and so it is to the lack of good business in the wholesale world that we attribute our good luck in the bargains we have gathered.

An important feature of the exceptional values for to-morrow will be a 25c sale. Many of the items at this price are not advertised.
