

This Invention For Rupture Sent on 60 Days' Trial

Won't Cost You A Cent If the Two Months' Test Doesn't Prove All Our Claims

Away With Worthless Trusses Like These

You can make a thorough preventive test of this guaranteed rupture holder without having to risk a single cent.

We'll send it to you for sixty days' trial—practically lend it to you that long—just to let you see for yourself how it takes all the misery out of being ruptured.

If it doesn't keep your rupture from coming out or bothering you in any way—in spite of any work you do or any other strains—then it won't cost you a penny.

The Only Thing Good Enough To Stand Such A Test

A mere try-on—like at a drugstore—can't possibly prove whether a truss or anything else for rupture is going to do any good.

Neither is just a few days' trial a safe test. A truss may seem alright the first week or so and then prove utterly worthless.

But you can't possibly make a mistake after sixty days' trial.

And there is only one thing of any kind for rupture that you can get on such a long trial.

Only one thing good enough to stand such a long and thorough test—

That is our guaranteed rupture holder—the famous Clute Automatic Massaging Truss.

Made On New Principles

The Clute Truss is so radically different from everything else for rupture that it has received eighteen separate patents.

Made on an absolutely new principle—far more than just a truss.

It has so thoroughly proved its merits in nearly 300,000 cases that surgeons in the U. S. Army and Navy and physicians in all parts of the world now recommend it instead of advising operation.

Will Save You From Operation

A rupture can't possibly be relieved—can't even be kept from growing worse—unless protected against all strains and constantly kept from coming out.

ing out. Just as a broken bone can't "knit" unless constantly held together.

And that is the curse of wearing elastic or spring trusses—not one in twenty ever holds successfully—they sooner or later make operation absolutely necessary instead of preventing it.

But remember, the Clute Truss is guaranteed to hold—and won't cost you a cent if it doesn't. And in addition, it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture.

It does that entirely automatically—without any attention whatever from you. And has thus brought complete recovery in thousands of cases that seemed almost hopeless, and has saved thousands of people from having to risk their lives under the surgeon's knife.

No Belt, No Leg-Straps, No Springs

The Clute Truss does away entirely with the curse of wearing belts, leg straps and springs. People who have tried it say it is as comfortable as their clothing. And it is waterproof—will hold in the bath. Also perspiration-proof. Easily kept clean.

Get World's Greatest Rupture Book

Don't send any money—don't take any risk. Just write for our free book and find out all about it. This sensational book—cloth-bound, 96 pages, 23 separate articles, and 23 photographic illustrations—is full of facts for the ruptured never before put in print.

It shows why elastic and spring trusses are a crime—how they are the ruptured man's worst enemy—why the law should stop their sale.

It exposes the humbug "appliances," "methods," "systems," "plasters," etc. It shows why operation for rupture ends in permanent weakness or death of other than in complete recovery.

And it tells all about the famous Clute Automatic Massaging Truss. Gives names and addresses of over 5,000 people in all parts of the country who have tested it and voluntarily endorsed it. And tells how you can get it on sixty days' trial, and how little it costs if you keep it.

Simply use the coupon or say in a letter to postal agent or your book—that will take only a minute and may save you from paying out a good many dollars and save you from years of misery.

EGGS POURING INTO STATE WAREHOUSES

Immense Quantity Now Held in Storage According to Summary of the State Reports

According to the reports filed with Dairy and Food Commissioner James Foust by the managers of cold storage warehouses in Pennsylvania there were 13,800,169 dozens of eggs in storage at the end of June. This in the season of the year, says the commissioner, when eggs are placed in storage and this accounts for the jump from 1,677,763 dozens reported in storage at the close of March.

The reports show that 4,964,877 dozens of butter were in storage at the end of June as the result of the dairy operations of the state in the Spring months, this being the reason for the advance from 906,040 reported at the end of March. Spring chickens are responsible for the 2,361,841 pounds of poultry reported. At the end of March the food supply of this kind was 3,438,302 pounds, heavy buying having taken place in the last two months.

The detail of the reports shows 362,878 dozens of eggs out of shell against 82,710 at the end of March; 1,806,183 pounds of fish in storage at the end of June compared with 405,912 at the end of March, this being the storing season especially on Lake Erie; game, 6,978 pounds, compared with 7,422, and 48 pounds of squabs, compared to 441 pounds on March 31.

The carcasses reported in storage at the end of June compared with those stored at the end of March run as follows: Beef, 31,300 against 88,623; hogs, 277,462 against 539,362; sheep, 85,926 against 256,843, and veal, 15,014 against 14,858.

The usual summer storage of parts of beef, etc., is reported, beef parts of held amounting to 947,454 pounds, against 1,328,395 at the end of March.

Essick and Eby to Go to 'Frisco For Rotarians

The Rotary Club of Harrisburg will be represented at the sixth annual convention of the International Association of Rotary Clubs, to be held in San Francisco from July 18 to 23. Eby, William S., Essick and Samuel B. Eby.

Nearly 200 Rotary Clubs from as many cities in the United States, Canada and England and other foreign countries are expected to be present. Mr. Eby left the city yesterday. He will join the Chicago delegation to-morrow and proceed to the coast with them. Mr. Essick left yesterday and will go west with the New York and Philadelphia delegations.

DR. REED TO SPEAK HERE

An address on "Education" will be given at Ridge Avenue Methodist Church, next Sunday morning by the Rev. Dr. George Edward Reed, former president of Dickinson College.

WOMEN FROM 45 TO 55 TESTIFY To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me.—"I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

Manston, Wis.—"At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since."

DOG ACT CERTAIN TO BE SETTLED NOW

State Authorities Do Not Intend to Be Severe on Foreigners Pending a Decision

Officials of the State Game Commission are not likely to wait until the courts pass upon the validity of the act prohibiting unnaturalized foreigners from keeping dogs, but appear to be rather glad to do so. Some time ago Dr. Joseph K. Kautz, secretary of the commission, issued a notice to the effect that people should not rush to prosecute the foreigners under the provisions of the act and that he did not intend to have his officers do anything until everyone had notice. He said that he intended to have notices printed in the state languages so that the foreigners might have time to dispose of their dogs, closing his letter by stating that Americans should treat these people the way they would like to be treated themselves.

The action brought in one of the western counties to test the act will probably cause the state officials to wait a while before starting anything. The State Fisheries Commission is giving broadcast notice that unnaturalized foreigners should not fish in the streams of the state because of the prohibition in the act approved several weeks ago. It is likely that a suit to test this act will be started. Some arrests have been made under it and there is much protesting.

Old Drowning Superstition Fails to Aid Recovery of 9-Year-Old Boy's Body

While playing on a sand flat with a companion yesterday afternoon at the foot of Verbeke street Charles Shaw, 9-year-old son of Mr. and Mrs. Joseph S. Shaw, 1300 North Front street, fell overboard and was drowned in the high water of the Susquehanna. Before his body could be recovered the swift current had carried it out of sight.

The lad's mother, who witnessed the accident from her porch, became hysterical and rushed down to the river bank with the intention of plunging in after the boy, but she was held back by neighbors who ran to the scene of the accident. Rivermen who reside in the neighborhood got on the river in boats, but their efforts to recover the body by dragging were futile, and it is the common belief that the swift current carried it far down the river.

In an old superstition, the lad's trousers were thrown into the river, the belief being that they would float to the place where the body lay, but the swift flow of the river only carried them down the stream.

Electric Fans Crowd Churches With People

The Rev. Dr. John D. Daugherty, formerly of this city, now pastor of the First Methodist Church, of Sunbury, advertised the installation of large electric fans in his church yesterday by newspaper announcement, Saturday. As a result his church was crowded with worshippers yesterday.

"If his satanic majesty fans persons on their way to his private premises in the depths below, surely it is legitimate for the church to fan its worshippers on their way to heaven," said the Rev. Dr. Daugherty during his sermon.

Sunken Submarines Lie Together After Duel

Turlin, July 12.—Divers operating for the recovery of the Italian submarine Medusa in the Adriatic, have discovered another submarine, evidently Austrian, near by on the bottom.

It is evident that both were sunk in a submarine duel.

CAPACITY INCREASED

Sunbury, Pa., July 12.—Sunbury Baking Company, a concern owned by Harrisburg, capital Saturday, increased its capacity to 19,000 loaves, 15,000 loaves every ten hours, a third oven having been installed. More demand is given as the cause.

PHYSICIAN IN HOSPITAL

Sunbury, Pa., July 12.—Dr. L. H. Ross, a prominent resident of Lewisburg, underwent a delicate operation at a Williamsport Hospital, and his recovery is expected. The doctor is well known throughout Central Pennsylvania.

REFORMED REUNION AT PEN MAR

On Thursday, July 15th, special train will leave Harrisburg at 7.15 a. m. Rate, \$1.40 for the round trip. For particulars see C. V. R. R. Ticket Agents.—Advertisement.

JULY 25 "TELEPHONE DAY"

New York, July 12.—The Empire State campaign committee has selected July 25 as "Telephone Day" for that day they planned to use the telephone almost exclusively in their effort to obtain the right to vote.

MORE CONCERT MONEY

Clarence O. Backenstoss, treasurer of the free band concert funds, announced the following additional contributions: P. H. Metzger, \$1.50; J. B. Johnson, \$5; M. H. Plank, \$15; W. M. Donner, \$5; Harry A. Sherk, \$5; David G. Bowman, \$1; the Rev. James F. Bullitt, \$5; total, \$87.50.

Summer-Spoiled Skin Removed by Absorption

As undue summer exposure usually leaves an undesirable surface of tan, redness or roughness, often freckles, too, the sensible thing to do is to remove such surface. This is nothing better for this than ordinary mercurized wax, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, gently, gradually, so there's no inconvenience, no detention indoors. Spread the wax lightly over the entire face at bedtime and take it off in the morning with warm water. If you will get one ounce of mercurized wax at drug store, use it for a week as so, you may expect marked improvement daily. When the underlying skin is wholly in view your complexion will be a marvel of spotless purity and beautiful whiteness.

Haven't You Caught the Poster Stamp Fever?

A distinctively new idea. It is affording not only amusement, but a real education along art lines for those who are collecting them.

And collecting them is the thing to-day. Just watch, you'll see a lot of poster stamps in various places. And remember, that in most every case they are the work of artists, often artists of international reputation.

Start your collection with the views of Harrisburg made up in poster stamp size and form by the Telegraph Printing Company. They are beautifully done in two colors, gummed and perforated ready for use. Put them on your letters going out of town. You'll add an interest to your letter, and at the same time advertise Harrisburg.

The newsboys are selling them. If one of them stops you and asks you to buy an envelope for a nickel, don't turn him down. You'll want more after you have seen them. And remember you'll be helping the newsies to furnish their new home.

Help the Telegraph and the Newsies to Advertise Harrisburg. Also at Stationers.

Jitney Victim Improves

John Barrymore in "Are You a Mason?" at the Regent

John Barrymore could not be more ideally cast than in the stellar role of the film production of the sensational success "Are You a Mason?" by Leo Dittichstein, in five parts, at the Regent to-day and to-morrow.

John Barrymore, as the younger bogus Mason, makes the most of the many humorous incidents in his own wonderful style of comic portrayal, and with a full appreciation of the farcical possibilities of the plot. Others in the splendid cast include: Ida Waterman, Charles Dickson and Helen Freeman.

Tuesday, one day only, Charlie Chaplin in his latest release, "A Woman."

Wednesday and Thursday Dante Frohman presents "The Commanding Officer," featuring Alice Dovey.

NEWLY-WEDS ON HAYWAGON

Special to The Telegraph
Sunbury, Pa., July 12.—Mr. and Mrs. W. Waite Messner, of Sunbury, who were wedded at Shamokin by the Rev. I. M. Hershey, July 5, kept their joy secret for a week, when their friends learned of it they loaded them on a haywagon and took them for a ride about town.

Little Joseph Graybill who was injured in an auto accident at Fifth and Peffer streets last Tuesday evening is steadily recovering at his home at 2138 Atlas street.

AMUSEMENTS

PAXTANG PARK

With Willard and Bond as the headliner, the bill at the Paxtang Park Theater for this week looks like a winner. Willard and Bond bill themselves as the "Penpotentials of Pleasure," who politely proffer the big laughing success, "Detectivism," a travesty on the Bertillon system of criminal identification. It satirizes the modern methods used by the police departments of all large cities to identify criminals and aid in the detection of crime.

Joe F. Willard and Harry V. Bond are the late principal comedians of the Rose Maid company, having appeared in
