

COUNTRY-WIDE SPORT NEWS--INDIANS WIN FIRST GAME FROM ROCHESTER

ROCHESTER DROPS FIRST TO INDIANS

Game Was Slow, but Full of Baseball Details; Good Pitching

War whoops were eliminated in yesterday's game at Island Park. The Indians struggled along to victory over Rochester in a slow but certain manner.

Headwork was a factor in the first of a series of battles with the Husters. "Johnny" Enzmann pitched a great game.

Only three bingles were landed by Rochester in seven innings. Brains and curves brought about busy sessions in the field, Harrisburg having twenty-two assists.

For the Husters, Young Erickson was full of in and out mystifiers. His departure to the clubhouse in the seventh was for the purpose of allowing a pinch hitter to take a chance at turning the tide.

Huenke pitched but one inning, during which the Indians made the victory sure. One Run for Rochester.

In the eighth Williams opened with a single to center. He went to second when Callahan dropped Beatty's fly.

Mensor's pass and Tooley's triple gave the Indians one run and the second came soon after when Callahan hit a sacrifice fly.

INDIANS' FIRST BASE STAR

Charley Kraft, the big first baseman of the Harrisburg Indians, is known as the "fence buster" of the International League.

Kraft rose quickly in the baseball game. He was born at Evansville, Ind., and was educated in the public schools of that place.

Kraft rose quickly in the baseball game. He was born at Evansville, Ind., and was educated in the public schools of that place.

On June 25 at Providence Kraft got a home run by driving the ball over the center field fence, the only time it had ever been done on the Providence grounds.

Ness Beats Cobb's Record; Hangs Up New World's Mark

Special to The Telegraph San Francisco, Cal., July 14.—Jack Ness, first baseman of the Oakland team of the Pacific Coast League,

broke the world's record for hitting in consecutive games by lining out a hit in the forty-first consecutive game in the contest against Salt Lake City here yesterday.

The previous record of hits in forty games was held by Ty Cobb. In 41 games Ness made 70 hits.

He leads the coast players with a batting average of .337 for 27 games, in which he made 62 runs, 114 base hits, four being three-baggers, and 10 home runs.

Ness was born and learned to play ball in Chicago. He entered the professional ranks with the Madison, Wis., team in 1909.

Detroit scouts saw him and he was drafted and then farmed out to Williamsport of the Tri-State League.

He stayed there until the fall of 1910, when Detroit recalled him.

Ness played with Detroit until June, 1911, when Hugh Jennings sent him to New Bedford, in the New England League, where he played two seasons.

Oakland drafted him at the close of the 1912 season.

TEPEE TATTTLERS

Back in fourth place. Four games in a row with Buffalo. Priest, who plays second for Rochester, was a Johnstown player in the field, but he showed ability in handling the stick.

Walker, a St. Louis National boy, played with Rochester yesterday. Only one chance came his way in the field, but he showed ability in handling the stick.

John Ganzell, a former Philadelphia catcher and star, is manager for the Husters. He is some manager.

Business Manager Thomas Fogarty of the Indians is planning some big future attractions for local fans.

Callahan had his error in center yesterday. It was a hard chance. This boy can make many more misuses and still be a top notcher.

Mowe was a busy fellow at short stop. He robbed Rochester of a series of prospective bingles.

Williams, the Rochester backstop, wields the willow timely and effectively. Eddie Zimmerman can handle the bunts and short infield hits better than any third baseman ever seen in Harrisburg.

Ladies' Day to-morrow. Harrisburg has many ardent baseball supporters among the fair sex. Everything free to them to-morrow.

Toronto, with the popular Billy Clymer, will be the attraction Friday and Saturday. Two double headers.

Stevenson plays a fast game at short for the Husters. He covers considerable territory. He covers considerable territory.

International league baseball in Harrisburg will be two weeks old on Friday. It has been a busy time.

Something new and exciting has been offered local fans daily. Inside baseball is a big factor in the games.

This feature is causing much favorable comment among local supporters.

I. E. P. Company Will Undergo Investigation

Special to The Telegraph Philadelphia, July 14.—Stockholders of the International Educational Publishing Company, the \$200,000,000 corporation which Thomas J. Foster organized six years ago, to sell correspondence instruction in Europe and Latin-American countries, learned yesterday at the annual meeting held in Camden, that, while the liabilities in capital stock and other obligations of the company exceed \$19,000,000 and its assets are slightly over \$18,000,000, of the latter \$11,000,000 is represented by "goodwill."

About 250 of the 10,000 or more stockholders were able to be present and these tried hard to crowd themselves into a room in the office of John F. Poline, where the meeting was held.

Yesterday more stockholders were on hand than could gain admittance to the small room.

In consequence the meeting was adjourned for a month, till August 13, when a committee of three stockholders, named yesterday by the stockholders present, to investigate the condition of the company, will submit a report. They were empowered to employ counsel and expert accountants and ordered to submit a report, which will reveal the true condition of the company.

TEAM REMAINS HERE IS OFFICIAL REPORT

Newark May Get International Baseball, but Not Indian Aggregation; Future Bright

"Harrisburg will not lose its International League club either next season or any season if the patronage which has been so generously accorded the club continues," was the statement made by a prominent International League leader who was in this city on Monday night.

The statement of President Barrow, of the International League, regarding the return of a club to Newark next season in case the Federals vacate that city brought about questions about Harrisburg's future and whether it was the intention to move the Harrisburg club back to Newark.

"I can see no reason for giving up Harrisburg," was the reply of the baseball man, "but President Barrow is counting on placing a club in Newark next season and it will not be the Harrisburg club unless the attendance here does not warrant leaving the club here next season."

Harrisburg Is Needed "There are several arrangements which can be made to change the circuit and place a club in Newark, but Harrisburg helps to complete a more compact circuit and I do not believe in giving up this territory."

President Fogarty of the Harrisburg club, is also confident that the club will remain in this city and he is already talking of a new grandstand and bleachers for the island. Mr. Fogarty says:

"Every visiting manager and player who comes to this city is loud in praise for the Harrisburg grounds and there is no question but what they are the best in the league. With adequate stands Harrisburg will have one of the best baseball grounds in the country, not even excepting the major league fields."

RELEASE CATCHER SMITH

Special to The Telegraph New York, July 14.—Harry Smith, catcher for the New York Nationals, was given his unconditional release yesterday. Smith balked when the Giant management attempted to send him to Rochester, of the International League, and asked for his release, which was granted him.

Smith came here last season from Savannah, Ga., to Rochester, of the International League, and established the reputation of being one of the best all-round players in the league.

CULTIVATE THE WORK HABIT

Some things cannot be cultivated too much, nor can we begin too early, and one of them is a love for work. Another is a knowledge that all real world-while civilization is built on work.

Still another thing that needs cultivating now and every day is the truth that the thing that hand right now is the thing to do. We may feel that that thing is beneath us, or that we are too big and too smart to stoop to it; we do have such mistaken ideas sometimes; but the mighty fact is that so long as a thing is right and proper for anybody to do, we are the chaps to do it, with all our might, mind, soul and strength.

And if we do that, there will be a harvest for us and a better field to cultivate to-morrow! For the way to get a bigger and a better job is to put the last ounce of ourselves into the job we have to-day! And there is absolutely no other way known under Heaven among men whereby good, big jobs may be found.—E. L. Vincent, in Farm Life.

Tom Patch's Fast Mile : Lacks Second For New Mark

Special to The Telegraph Youngstown, Ohio, July 14.—A crowd of 7,000 witnessed several unusual performances by the trotters and pacers on the card of the second day's races at Southern Trotting Park to-day. In winning the first heat of the 2 1/4 mile Tom Patch negotiated the distance in 2:10 1/2, which is only one second slower than the world's record of 2:09 3/4, established by Joe Towser at Ottawa, Iowa, in 1911.

Electric McKerron made a courageous finish in the fifth heat, coming from behind the field on the back stretch and winning over Oakdale in a whipping drive down the stretch.

In the Hotel Ohio stake event for 4-year-olds Dick Watts and The Eno were the only real contenders. Hanks Bellini, grandson of Nancy Hanks won the 2 1/2 pace by sensational finishes. Strafford won the 2 1/2 trot, with Tommy Murphy driving.
