CAMPING PARTY LOSES ITS OUTFIT IN RIVER

High Water in Susquehanna Compels Steamer to Return to Millersburg Port

Special to The Telegraph
Millersburg, Pa., July 14.—That it requires some power to stem the current of the Susquehanna river at flood tide, was evidenced on Saturday, when F. S. Kirk, with his automobile, accompanied by K. E. Heckert and others, attempted to cross the river at this point on their way to the ball game at Marysville. The auto, on a flat boat, was attached to the steamer and when in midstream, where the current became stronger, the little boat could just about hold its own and it required two hours maneuvering to get the boat back to the Millersburg landing.

A camping party, who spent the week on the island in the falls below Millersburg, had difficulty in getting their outfit back home and a large flat boat, which they had moved along the Perry county shore, was upset by the swift rushing waters, dumping all of their paraphernalia in the river, nearly all of which was lost, as the young men were away from the boat when it upset. Later Frank Kniskern recovered a suitcase containing about \$50 worth of the most valuable of the outfit.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless) is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

South Mountain Growers Will Ship 1,200,000 Baskets of Fruit in Fall

Of this great amount of peaches Smithers estimates it will have eight hundred car loads; Chewsville, fifty car loads; Midvale, six hundred car loads; Edgemont, fifty car loads; and it will hold eight hundred half-bushel baskets of peaches.

Never in the history of Southern Pennsylvania has such a crop of peaches been known, and what is taxing the minds of the fruit growers at present is how to secure enough help to harvest the tremendous crop.

HOW FAT FOLKS MAY BECOME SLIM

BE MODERATE IN YOUR DIET, BREATHE DEEPLY AND TAKE A LITTLE OIL OF KOREIN

Fat folks, particularly those from ten to twenty pounds above normal weight, will be interested to learn that they may easily reduce their weight without starvation diet or tiresome exercise.

If you are fifteen or twenty pounds above normal weight you are daily increasing your strength and are constantly lowering your vitality by carrying this excess burden. Don't jeopardize your health or be the laughing stock of your community any longer.

Spend as much time as you can in the open air, practice deep breathing and get from any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Even a few days' treatment should show a noticeable reduction in weight. Footsteps should become lighter, the skin more firm and smoother in appearance, your work seem easier, lighter and more buoyant feeling should take possession of you when you are taking these capsules; they are absolutely harmless and is pleasant to take. Any person who wants to reduce his weight 15 or 20 pounds should give this treatment a trial. You will probably find it is just what you need.—Advertisement.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.
Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not sleep, nor eat, and I had no appetite, and everyone thought I would not live.

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."
