With Sulphur, it Restores Natural Dark Shade. Guaranteed.

Sage Tea, combined with Sulphur, has been the favorite remedy for generations for darkening gray hair. Instead of trying to make the mixture yourself, simply get a 50c bottle of Sulpho-Sage. Druggists say it contains all of the virtues of the good old-fashioned preparation plus other valuable ingredients.

No matter how long you have been gray, Sulpho-Sage will bring back the rich dark shade eventually and perfectly, leaving it glossy, lustrous and youthful looking. Entirely unliked dyes; no one will know you are using Sulpho-Sage, it removes dandruff and keeps new gray hairs from showing. Guaranteed or George A. Gorgas, who Clarton Chemical Company, Newark, N.
