IN STEEL TRADES

European Orders Make Furnaces Glare and Wheels Hum in American Steel Mills

Increasing prosperity in the iron and steel trades as shown locally by the large orders obtained by the Pennsylvania Steel Company, Central Iron and Steel Company and Harrisburg Pipe and Pipe Bending Works is sweeping over the entire country.

Speaking of this noted increase in production, the Iron Age, conservative trade journal, this morning says: "A further increase in steel production has become necessary to keep pace with the continued expansion of demand. July developments have gone so far to strengthen the situation that steel manufacturers now speak with assurance concerning the remainder of the year."

Following the announcement of an increase of 413,000 tons in the Steel Corporation's unfilled orders in June—a total of the last eighteen months—the corporation has started up four more blast furnaces and a considerable number of open hearth furnaces and this expansion of facilities represent 90 per cent. of its ingot capacity.

The remaining blast furnaces are at Cleveland, Lorain, South Chicago and Pittsburgh. In addition the Riverside plant at Wheeling, West Virginia, consisting of two blast furnaces and two Bessemer converters, idle for two years, has been ordered into commission.

"There is no end in sight to the bar tonnage required for shells and buyers looking farther ahead. Contracts stimulation of the war has been proposed, one calling for more than 100,000 tons of rounds. The bar specifications of agricultural machinery are being increased and Chicago reports July resumption of its plants, whereas earlier plans looked to starting in September.

The delay in placing in this country, Russian orders for 200,000 tons of 57-pound rails has been largely a matter of terms. Some manufacturers have been unwilling to accept part cash and part deferred payments, but it is reported, without authority, that two Central Western steel companies have taken this business, one receiving 125,000 tons and the other 75,000 tons."

Thaw's sanity, Thaw's counsel had prepared for the moment to court today a formal order vacating the original commitment under which he was first sent to Matteawan Asylum.

Check Forger to Be Taken to New York Fred LeBrun, who with H. R. Mercurio was convicted last October in Dauphin county court of forgery, false pretense, will be taken to New York sometime to-day or to-morrow. A detainer from New York has been lodged against him.

HARD AT WORK By Wing Dinger I can't write much to-day, friend, because I have in hand a scheme on which I'm plunging away to beat the band. And when it is perfected, which I hope will be soon, to many, many people 'Twill prove a priceless boon.

Injured Man Says He Was Attacked in Park Seven stitches were necessary to close an ugly gash in the upper lip of Joseph Soller, 1127 North Seventh street, who came to the Harrisburg hospital for treatment last night, and that two men came up to him and attacked him to-day.

Two More Women Are Attacked in Steelton

No arrests have yet been made by the local police in connection with the series of brutal attacks upon sleeping women committed within the past six weeks. Chief of Police H. P. Longaker and Constable John Gibb, who are working on the case, have picked up three men who they believed might be implicated, but none of the women who were attacked were able to identify them, so the men were released.

It is the belief of the police that all the attacks were made by one man, who they say, must be demented. This morning two additional cases were reported to the police, but neither were believed to have any bearing on the women cases. About 3.30 last evening a strange man opened the kitchen door and walked into the home of Mrs. Albert Gilmore, 375 South Second street. The woman screamed and the intruder fled. He was a foreigner, who was knocked to the ground by a colored man entering a second-story window at the home of his father, Louis Silver, 717 South Third street.

The other case reported occurred Tuesday morning about 1 o'clock. Louis Silver, 717 South Third street, was about to draw his window shades prior to retiring, noticed a colored man entering a second-story window at the home of his father, Louis Silver, Sr., directly across the street at 717 South Third street. Silver ran downstairs to investigate and heaved a heavy water pitcher at the intruder. The missile went true to its target and the man fled. He recognized his feet, however, and escaped before Silver could capture him.

Pittsburgh Girl Is Wed to Local Engineer

St. James' Catholic church was the scene of a pretty wedding at seven o'clock this morning when Miss Emile Josephine Speer, of Pittsburgh, was wedded to Frederick John Yestadt, of Steelton. The Rev. J. C. Thompson performed the ceremony.

The bride is a daughter of the late Mr. and Mrs. J. F. Speer of Pittsburgh. She wore a dark blue traveling suit, carried a bouquet of sweet heart roses and lilies of the valley and was attended by Miss Hypatia H. Kluge of Iowa, who wore a dark traveling suit and carried a bouquet of sweet heart roses and lilies of the valley. Mr. Yestadt is the son of Mr. and Mrs. John Yestadt, 446 North Second street, and is an engineer for the Bethlehem Steel Company. He was attended by his brother, John Yestadt, who is a graduate of St. Joseph's Academy, Philadelphia. The church was beautifully decorated with palms and white carnations.

Following the wedding ceremony a breakfast was served at the home of the bridegroom's parents. The dining room was beautifully decorated with sweet heart roses and lilies of the valley. After a honeymoon trip to Atlantic City and the East, Mr. and Mrs. Yestadt will reside at Allentown, Pa.

Is Jones Member of Borough Police Force?

Whether or not Clinton Jones, the colored officer over whom there has been so much controversy recently, is now a member of the Steelton police force will probably have to be decided by Frank B. Wickersham, borough solicitor. Burgess Fred Wingfield has asked the solicitor for his opinion following charges among councilmen that Monday night activities were being conducted by Jones, according to the records, resigned from the police force by remaining away from duty thirteen days. Jones was reinstated to the force by the council after a vote had been taken by the presiding officer. Since Monday's council meeting several of the councilmen have stated that they believe that the action was irregular inasmuch as Jones had not been suspended by the Burgess and therefore should not have been reinstated. They declare that if council desired to reappoint the officer the police committee should have recommended his appointment and council should have confirmed the council's action. Later in the proceedings has always been followed hitherto in appointing patrolmen.
