

HOME FOLKS. What Our Neighbors Say. Union City, Pa.—I got run down and lacked tone. I read about what a good medicine Dr. Pierce's Golden Medical Discovery is, so I made up my mind to try some. I began taking it and was surprised that it built me up so fast. I did not need any after the first bottle. It is the finest medicine of its kind on earth. When I use any pills for indigestion and constipation I always use the 'Pleasant Pellets.' They relieve me and seem to tone up the slack in the stomach and other parts. I like Dr. Pierce's remedies the best of any.—Mrs. E. O. BROWNS, Union City.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition. It increases the assimilative powers, and purifies and enriches the blood. When diseases of organs remote from the stomach are caused by the stomach, the cure of the stomach results in the cure of the other diseases, in heart, lungs, liver, kidneys, etc.

Sold in either tablet or liquid form. If your dealer does not keep the sugar-coated tablets, send 50 cents (in stamps) for a box. It is the world's proved blood purifier. It's not a secret remedy for its ingredients are printed on the wrapper. Start to take it to-day and before another day has passed, the impurities of the blood will begin to leave your body through the liver, kidneys, bowels and skin, and in a few days you will know by your steadier nerves, firmer step, keener mind, brighter eyes and clearer skin that the bad blood is passing out, and new, rich, pure blood is filling your arteries.

The same good blood will cause pimples, acne, eczema and all skin eruptions to dry up and disappear.

WORK DAY AND NIGHT ON NEW C. V. BRIDGE [Continued From First Page.] larger percentage of citizens are sound asleep. While electricity is being used to help out on the outside work, the office forces will be kept on the job after darkness too, and a special incandescent system has been installed for this purpose. Two Concrete Piers Finished Two of the concrete piers of the new bridge have been completed on the Cumberland county side of the river and the construction gangs will move across toward the city as rapidly as possible. High water has interfered to some extent with the operations, although it is expected that some of the lost time can be made up by night. While the construction of new concrete piers on foundations put down last Fall will occupy the contractors' attention, the encasing of the old Cumberland Valley piers with concrete to preserve the uniformity of the structure is being pushed ahead. The building of the bridge itself will be confined this year just to the southern half of the viaduct throughout its length. This will permit the switching of the traffic to tracks on that side when the work on the completion of the northern half is resumed next year. By this method traffic will not be interrupted.

There will also be a fantastic parade, baby show, drill by the crack drill team of the Union Fire Company of Middletown and a display of fire works. Three bands will furnish the music. Contests will be arranged and handsome merchandise prizes will be awarded to winners. The committee in charge of arrangements will meet next week to complete details.

KAUFMAN TEMPORARY STORE SOON TO CLOSE Entire Time and Attention Will Be Devoted to Arranging For Opening of New Store The management of the Kaufman Underselling Stores announce in this paper the closing in the near future of the temporary store at 9 North Market Square. The new building at the old location is rapidly nearing completion, and everything is being done to have it in complete readiness for Fall business. In the meantime there will be considerable work for buyers and department heads in the purchase of merchandise with which the new building is to be stocked, and it is to provide ample time for this work, as well as to give all employees of the store a vacation, that the closing of the temporary store at an early date has been planned. To enable the management to carry out it proposes at the earliest possible moment, a final wind-up sale of all merchandise in the temporary store will be conducted, full particulars regarding which will appear in this paper to-morrow.

Coal For British Navy Being Held in Mines London, July 15, 12-10 p. m.—Out of the various manifestations of unrest in the British labor field shown since the outbreak of the war, there developed to-day which may prove, unless an early solution is found, one of the most serious strikes in the history of the country. More than one hundred and fifty thousand men have shut down their tools here, thereby shutting down virtually all the mines in the Welsh coal fields which supplies steaming coal for the British navy.

Rotarians to Pull Down Desk Lids Tomorrow Arrangements have virtually been completed for the annual outing of the Rotary Club, which will be held at Iroquois to-morrow afternoon and evening. The following invitation has been sent to all members by George W. Bokar, chairman of the entertainment committee, and William B. Bennett, chairman of the fraternal committee: "July 16 you must pull down your desk lid—you are needed. You simply must come up to Iroquois. This, you know, is five miles above Duncanston. Get into your 8-cyl. Ford or Packard—gather up a load of Rotarians or your Rotary male friends—take them with you. If you are out of gasoline, Buchanan's railroad will have Nixon turn on the steam after Mamma pulls the cord. Now we don't want your good excuse for not going (these will be thrown in the Juniata river along with the first swimmer in). We want you to be there."

Won't Tell Doctors What Kind of Poison He Took E. C. Willard, aged 27, 400 Verbeke street, is in the Harrisburg Hospital in a critical condition suffering from poison which he took last night after a quarrel with his wife, according to the hospital authorities. Willard, after he was taken to the

institution, refused to tell the physicians what he had taken, and shortly after relapsed into unconsciousness. Until a late hour this afternoon he had not regained his senses. Blood tests are being made to determine what the man swallowed, as this is believed to be the only thing left to save his life. When the officers attempted to take him to the hospital last night after he drank the poison he resisted them, but was finally overcome.

135 Newsies Attend "Big Doings" Meeting Of the total enrollment of 144 members 135 attended the meeting of the Harrisburg Newsboys' Association last night, at which final arrangements for Friday's "big doings" were made. Isadore Levin will be cheer leader. The boys will carry pennants and wear badges. They will see the game as the guests of Senator E. E. Biddleman. After disposing of the evening papers the newsies will again gather at headquarters for the banquet which will be given at 8 o'clock by Representative Wildman. All the honorary members have been invited. The following honorary members were elected last night: Bishop Darlington, Senator Biddleman, Gus M. Steinmetz, Samuel Kunkel, V. H. Berghaus and J. G.
