SEVENTY FIVE ARE ORDERED ARRESTED

Big Haul Made by the State Dairy and Food Agents Results in List of Prosecutions

SEVERAL ARE IN THIS CITY

Philadelphia Comes to the Front With a Big List of Cases to Be Tried Out

Seventy-five arrests for violation of the State's pure food and drink laws were ordered to-day by Dairy and Food Commissioner James Fouast, twenty-five being in Philadelphia and the rest in Dauphin, York, Lancaster and Delaware counties. This is the largest number of arrests ordered at one time in months.

The Philadelphia arrests are all for sale of adulterated "soft" drinks which were extensively sampled a short time ago. The other arrests were for the sale of various groceries, including coffee and dried fruits in Harrisburg, York and Lancaster which were not in accord with the State laws.

Complaint on Full Crew.—Complaint has been filed with the Public Service Commission by the McKees Rocks Lodge of the Brotherhood of Railroad Trainmen that the Pittsburgh and Lake Erie Railroad Company has violated the full crew law. It is charged that in the Pittsburgh district the company has failed to provide the men required in yard service. This is the first complaint of the kind in months.

No Money for Schools Soon.—Payment of money to school districts will not be started before August, according to people at the State Capitol. The State revenues are not up to expectations and the districts which have been asking for cash have been told that there is little chance of anything doing this month.

Will Meet Here Tuesday.—The State Public Service Commission, which has been sitting in Pittsburgh all week on water service and freight rate cases, will meet here next week, and it is probable that some steps may be taken in regard to fixing dates for hearings in Philadelphia.

Plenty of Men.—Highway Commissioner Cunningham's announcement that he would establish a patrol system in the State highways maintenance work has resulted in numerous applicants for jobs. However, the commissioner has a large force to pick from and there will be few new men put on. The county superintendents will be in charge.

Will Readvertise.—The Board of Public Grounds and Buildings will re-advertise for bids for the construction of the State arsenal, all of the bids received being too high.

State Has No Fund.—Governor Brumbaugh's office declared to-day that there was nothing to the New York story to the effect that the Governor had suggested that an aeroplane offered to Pennsylvania should be given to New Jersey because this State has no aero corps. It was stated that most of the money to the present aeroplanes had been made to the Governor and adjutant general, but as the State is without any appropriation to care for such machines or to maintain a squadron it was suggested that the matter was one for the federal government. Under the law all appropriations made in this State are to be used only in accordance with statutory provisions and it is held there is no authority for aeroplanes in the militia act.

Notifying Sheriffs.—Dr. Joseph Kalbfus, secretary of the State Game Commission, has sent a circular to the sheriffs of all counties calling attention to the recent decision of the Attorney General in regard to releases of prisoners committed for violation of the game laws.

After Violators.—The Department of Labor and Industry has arrested twelve persons for violations of the woman's and child labor laws. The list is larger than for some time past.

Congressman Here.—Congressman Edgar R. Kless, of Lycoming, was here yesterday for a short time.

Will Pay Guard Promptly.—The pay rolls for the National Guard organizations are now being made up. The guardsmen will be paid promptly as usual.

Filed Increase.—The Central Mauselem Company, of Carlisle, has filed notice of increase of stock from \$20,000 to \$25,000.

HARRISBURG WILL NOT LOSE INDIANS

baseball which the International League affords.

To Enlarge Stands
"I have found that stands here are inadequate and plans are now being considered to enlarge and improve the stands and the field for next season."

"Harrisburg fans will find a great ball player in their fellow-townsmen, "Red" Crane, who is with the Richmond club, which plays here on Monday, Tuesday and Wednesday. Crane, who used to play with the P. R. R. Y. M. C. A., is improving wonderfully each game."

The series with Providence during the latter half of next week will give the public a chance to see a club that ranks as high as many of the major league teams. Providence won the International League pennant last season and it is going to take Harrisburg to stop them on their present run."

Ten Cents for the Boys
President Barrow, at the suggestion of President Fogarty, of the Harrisburg club, agreed to waive an International League rule regarding the price of admission for boys under 12 years. All boys under that age will be admitted to future games for 10 cents instead of 15. President Barrow said that he was glad to accede to the request, as he believed in encouraging young America in every way to become the life of the rooting at ball games. President Barrow stated that the affairs of the International League were in splendid shape.

Rotarians "Act-up" on Outing at Iroquois

Promptly at noon 75 Rotarians pushed business aside, rolled down their sleeves, closed their desks and started for Iroquois along the Juniata where the annual outing of the Rotary Club was held this afternoon. Many made the trip in automobiles while the remainder went up on trains.

An extensive program of races, tug of war, baseball games and water sports kept the Rotarians busy while they were not eating. The return will be made late this evening.

Chautauqua Opens With Parade at Mechanicsburg

Special to The Telegraph
Mechanicsburg, Pa., July 16.—Chautauqua spirit is everywhere felt in Mechanicsburg and the parade which formally opened the series of tent entertainments yesterday afternoon was successful and full of enthusiasm.

With A. E. Sieber as chief marshal, boys and girls of the Junior chautauqua in gay attire followed. Music furnished by the Singer band. In line were the fire engines and pennant-trimmed automobiles with officers and guarantors of the local association. L. A. Diller was chairman of the parade committee. The superintendent this year is Mrs. Bertha Smith Titus; the captain of the tent crew, W. Russell Green, and the junior leader, Dorothy Phillips. "The Home Artistic" was the subject of the lecture by Mrs. Titus yesterday afternoon and a concert was given by the Dunbar Solists Singers, with an illustrated lecture on "Bright Eyes and Wild Hearts of Our Northern Woods" by Chauncey J. Hawkins in the evening.

BURGESS WILL STOP SUNDAY BAND MUSIC

Concerts of Marysville Band Cause Friction Between Musicians, Burgess and Church People

Special to The Telegraph
Marysville, Pa., July 16.—For several weeks past the Marysville Cornet Band, under the leadership of Professor D. D. Fisher, has been giving a series of Sunday evening concerts in the public square to large and appreciative audiences. A day or two ago it was said that members of the Church of God, whose building is close to the spot occupied by the band, would make an effort to stop the concerts and would appeal to Chief Burgess Frank W. Lentz to assist them. This morn-

ing it was stated that Burgess Lentz intended to prevent next Sunday evening's musicale.

The concerts are given on private property in the square owned by Postmaster J. W. Beers and he says the band can go ahead with its program. Band Leader Fisher now says he will give the concert on Sunday evening and it is not known what the outcome will be nor what means the burgess will use to enforce his order.

The Rev. C. A. Parson, pastor of the Church of God, who was quoted yesterday as endeavoring to stop the music, says he does not approve of the concerts on Sunday evening, but that he has made no move to stop them and does not intend to do so.

PENROSE FORECASTS REPUBLICAN SENATE

[Continued From First Page.]
of the Democrats.
"In my judgment conditions at this time politically and industrially are analogous to those that prevailed prior to the McKinley landslide of 1896. I believe political history will repeat itself in 1916, and that despite the tremendous odds now against us we can get the Senate if we work for it."

Senator Penrose's views met with the approval of others in the conference. It will be a kind of flying squadron and will work independently of the National Committee dealing intimately with State committees. Of course the project means organization to the last degree in States and counties, since only in the perfection of details can victory be expected.

It is said that the politicians have been advised that the business interests of the country are inclined to lend assistance to the efforts of the Republicans to capture the Government. In the last campaign the business interests were cool compared with former campaigns. It is generally understood that now they regret their indifference.

Soap should be used very sparingly. If at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.
The best thing for steady use is just ordinary mulitised coconut oil (which is pure and greaseless), and is better than soap or anything else you can use.
One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.
You can get mulitised coconut oil at any pharmacy. It's very cheap and a few ounces will supply every member of the family for months.
