MANY EXPECTED TO HEAR HUDSON MAXIM

Chamber of Commerce Preparing For Record Breaking Attendance at Luncheon, Thursday

Indications point to a record-breaking attendance at the Chamber of Commerce luncheon Thursday at the Harrisburg Club, when Hudson Maxim, the noted inventor of war materials, will speak.

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of J. C. Watson

ways spending millions on useless "pork barrel" projects while the army and navy are starved. The Harrisburg Chamber of Commerce informs its members "that, as insurance against war, adequate armament is worth much more than its cost, because a long expensive or an unsuccessful war would be a greater burden on business and industry than the cost of a dozen armies and navies. The present weak condition of the United States with its navy sinking to a lower class every year and the army not possessing as many West Point graduates as the German army possesses officers ranking as general or higher, together with the great wealth of the United States, constitute a menace to it at all times and especially so when neither the allies nor the German countries are satisfied with our behavior to both sides during the war."

TRouble MARKS OPENING OF PURITY CONGRESS SESSIONS San Francisco, July 19.—Trouble started yesterday at the opening session of the ninth international Purity Congress when Leon Malhead, of Albany, N. Y., and William C. Hall, a San Francisco medical student, tried to question Anthony Comstock, special agent of the Society for the Prevention of Vice of New York City, on phases of his work. Threats of arrests from three sergeants at arms were necessary to restore order. LOYAL ORDER OF MOOSE IN SESSION IN SAN DIEGO San Diego, Cal., July 19.—Two thousand members of the Loyal Order of Moose are in San Diego to-day attending the opening session of the national convention, which will continue throughout the week. Changes in Policy of Theaters Are Rumored No changes in the policy of the Wilmer-Vincent theaters in Harrisburg have been agreed upon. That there will be some changes was not denied to-day. What they will be, Manager C. Floyd Hopkins said, will be made public later. He is awaiting instructions from New York city. It has been reported that the Orpheum would become exclusively a headline vaudeville theater, with two feature pictures each week; that the Colonial was to be made an exclusive moving picture theater, and the Majestic would continue with high-class productions and a series of week-stand features. Redfield Makes Attack on Trade Publications Washington, D. C., July 19.—Letters of reproval, written by Secretary Redfield, were sent to-day to the Cleveland Automatic Machinery Company, of Cleveland, Ohio, and the American Machinist, a New York trade magazine, dealing with the publication of an advertisement of poisonous acid-loaded shells. It was announced by the Department of Commerce that President Wilson after looking over the letters prepared by Secretary Redfield directed Acting Secretary Sweet to forward them. The letter to J. P. Brophy, general manager of the Cleveland concern, characterizes the advertisement in question as "atrocious" and says: "At a time when every instinct of this patriotism calls for calm and self-restraint, when sober statement is almost a supreme duty, you, as you admit, to gain notice to an advertisement, draw a picture of human misery as a means of earning a profit through the sale of machines to produce it."
