A newspaper page appears comparatively small in announcing this timely and economical event, but herein are massed enough bargains to make this sale stand head and shoulders above any of its kind in Harrisburg.

It's our great three-day

PRE-INVENTORY CLEARANCE SALE

A natural time for reducing stocks before inventory of the store's merchandise is taken. It's considerably less inconvenience to count, measure or itemize these great stocks when all lots that we can afford to dispose of without affecting the standard of assortments, are cleared out beforehand, and we're only too willing to move them even at a curtailment of profit.

The order read "three days," which means that price-reductions and savings are all the more greater. Special cards serve as a guide.

Read every item—and remember the morning hours are more pleasant for shopping.

Choice of Any Wool (Women's) Suit in Stock \$5.00

Women who know value in clothes will need no further explanation about this clearaway.

Now think a moment!

Every suit—without excepting a single style—and you know that during the Spring we carried suits priced all the way up through the twenties, thirties and even higher.

One or two, and perhaps more from each price lot remain—large enough selection to afford good "picking"—too small to carry in stock. Therein lies the reason for this really wonderful value.

As to the length of time they may be worn this much can be said: Little change is promised for Fall, so far as width or skirt and so forth are concerned.

The earlier you choose the better.
