THE GLOBE "The Biggest and Best Clothing Store in Town"

FARM EXPERTS WILL RESUME ACTIVITIES

Agricultural Department Now Receiving Applications and Making Assignments

Announcement has been made at the office of the Pennsylvania Agricultural Department that the Farm Advisers' service will be resumed on August 1 and the Department is now ready to receive requests for assignment of the experts who carry on this branch of the Commonwealth's agricultural activities.

The farm adviser work was started in 1913 and was successful and popular from the first. The last legislature made an appropriation for its continuance. Ten persons who qualify as experts in soil improvement and general crop production, poultry and poultry products, animal husbandry, fruit growing and market gardening, co-operation in buying and selling, land draining and water supply and domestic science are employed in it.

Persons wishing the benefit of instruction by these specialists are required to send a request either to the Secretary of Agriculture or the Deputy Secretary, stating the line of work on which they wish to be enlightened and the probable length of time that will be required. In addition they are expected to state that the instructor is conveyed from and to the most convenient railroad station.

Dr. Roger Home — Dr. J. Franklin Royer, chief medical inspector of the State Health Department, was back at his desk to-day after a trip to the Pacific Coast. He was accompanied by Mrs. Royer on his trip west.

Typhoid at Pottsville — Representatives of the State Health Department have been sent to Pottsville to investigate an outbreak of typhoid fever in that vicinity. Twenty-five cases have been reported so far and the indications are that the milk supply is responsible as most of the families involved get their milk from the same source. The Health Department representatives are at present investigating that theory.

Jackson at Reading — Commissioner Jackson of the Department of Labor and Industry made a trip this afternoon to the members of the Central Pennsylvania Box Manufacturers Association which is in convention in Reading.

Ask Postponement — On behalf of the Philadelphia Electric Company Attorney Fred W. Fleitz petitioned the Public Service Commission for an extension of one week for the address of the time set for the resumption of the testimony taking in the complaint of Director Cook against the Electric Company. The commission announced that it would set a new date and notify the interested parties.

For Associate Judge — Lyman Cook has filed a petition for the associate judgeship of Forest county Judge Edward A. Knight for the associate judgeship of Snyder county.

Movie Fines — During a visit last week to Pittsburgh of Joseph A. Berrier, chief clerk to the State Board of Censors for Moving Picture Films

managers of picture theaters of that town for various offenses. Detectors are now hunting Jack Levy, eastern representative of the Fox Film corporation who was fined \$1,150 by the board for various offenses.

Capital Stock Increase — The capital stock of the North Branch Fire Insurance Company has been increased from \$150,000 to \$200,000.

Visited Capitol — Representative Samuel J. Barnett, of Delta, York county, visited the capitol at Harrisburg, Chester county, on the Hill to-day. Former State Senator John S. Fisher, of Indiana county was also in the city.

'HARDSCRABBLE' VIEW IS NEARING ITS END

[Continued From First Page.]

noon to-day until that time. Opportunity will be given the residents and property owners on the east side of the street should they wish, to testify as to the benefits that should be apportioned. The argument of counsel for both city and the property holders will follow.

Following the argument the board will begin the preparation of its scheduled benefits and damages and this report will be presented to a court at September quarter sessions. Any appeals that may be taken by property holders will be in the form of exceptions to the court's decision.

City Solicitor D. S. Seitz finished the city's side of the case this morning relative to the benefits that would be obtained for the properties on the west side of the street. The proposed improvement—the elimination of "Hardscrabble"—when he placed Harry Freuborn, Robert Mateer and A. L. Boak on the stand to express an opinion of the proposed improvement. The witnesses averaged seventy-five per cent, according to the experts, some of them placing their figures at thirty to fifty and some at one hundred per cent.

MORE WORKMEN QUIT AT BRIDGEPORT SHOPS

[Continued From First Page.]

New York and would return early this morning.

Gompers in Conference on Bridgeport Trouble

Washington, July 21.—Samuel Gompers, president of the American Federation of Labor, conferred here to-day with J. F. Anderson, vice-president of the International Association of Machinists and with a group of trade union leaders, whose organizations are interested in the labor difficulties at Bridgeport. Mr. Gompers would not discuss the Bridgeport situation prior to his meeting with the labor men.

Two Motor Trucks Will Carry Prizes For Outing

Chairman George W. Bogar, of the Harrisburg Chamber of Commerce, announced Friday, July 23, stated to-day that the committee on the outing would exceed last year's. It will require two motor trucks to carry the prizes and prizes will be distributed to members at Inglebrook. Every committee member is busy at work arranging for the unusual and spectacular features that will feature the outing.

JONES PUT BACK ON FORCE BY BURGESS

Borough Solicitor Hands Down Opinion on Case Which Has Created Much Excitement

Off duty since June 26, Clinton Jones will resume his position as a member of Steelton's police force this evening.

Following an opinion from Frank B. Wickersham, borough solicitor, on the legality of council's action reinstating the officer July 12, Burgess Fred Wigfield to-day ordered that the patrolman be reassigned to his former beat.

The officer resigned his position automatically by remaining off duty thirteen days without permission from council. At the subsequent meeting of council he was reinstated by a 3 vote with Mr. Harlan not voting. Following this action some of the councilmen took the stand that the reinstatement had not been made in regular form, and requested Burgess Wigfield to again suspend the officer.

Instead of taking this action, however, the burgess laid the facts before the borough solicitor and asked his legal opinion. In this opinion Solicitor Wickersham said in part: "In reply I beg to state that you raise two important questions: "First: Can a member of the borough council by declining to vote, defeat the action of the majority of those present and voting, and, "Second: There being eight councilmen present, four voting in the affirmative and three in the negative, and one not voting, was the motion to reinstate the patrolman carried by a majority vote?"

In answering these questions the solicitor quoted a number of legislative acts, councilmatic rules and Cushing's Manual. Summing up he said and before I render my opinion was properly carried and the officer properly reinstated."

Referring to Mr. Harlan's failure to vote, the solicitor ruled in favor of the Superior Court and said, "It is the duty of a member present to vote, and his presence alone is enough to make the vote decisive and binding whether he actually votes or not."

In summing up the borough solicitor said: "We are naturally led to the conclusion that no fault can be found with the action of the borough council taken to reinstate Officer Jones, and the majority of those present and voting, having voted in the affirmative, we believe he has been regularly and legally reinstated."

When asked what action he would take following his receipt of the solicitor's opinion, Burgess Wigfield showed a reluctance to talk. "This has been a pleasant mix-up," declared he. "I have tried to enforce discipline on the force but I can go no further than council's ordinance permits. The officer broke council's ordinance, not any ruling of mine, and if council chooses to reinstate him why all right, I have done my duty."

Police After Thieves Who Steal Porch Furniture

Efforts on the part of the Steelton police to check petty thefts from residents in North Second street have been fruitless and almost nightly, residents say raids are made which result in the loss of porch swings, chairs, cushions and other small articles.

From the home of Harry Shannon, of 636 North Second street, a porch swing was stolen last night and the home of Martin Boyer, of 608 North Second street, a number of chairs, plants and cushions were taken. No arrests have been made.

New Market Man Dies Suddenly at His Home

New Cumberland, Pa., July 21.—A man named Cramer, living alone at New Market, died at his home very suddenly this morning. Harry Baker, a salesman for Benhoff & Straley, of New Cumberland, was passing the house on his trip through the town when Mr. Cramer called him and said he was very ill and asked that he send a physician to him. On his return to New Cumberland he notified Dr. H. W. Linebaugh, who immediately went to the Cramer home, but found the man dead. Mr. Cramer was about 50 years old and had a son who visited the father a short time ago, but it is not known where he lives or whether there are other survivors or not. The body was brought to the undertaking establishment of M. A. Hoff here and it will be held pending search for relatives.

Itineraries of Some of the Forty Ways and More to the California Expositions

is the title of an attractive booklet issued by the Chicago & North Western Ry., which outlines in concise form carefully planned itineraries covering over forty different attractive routes from Chicago to California, and shows plainly by a series of outline maps and condensed time schedules how you may see both Expositions and visit the most interesting localities the scenic West has to offer the tourist.

You should have this valuable booklet to properly plan your trip to the Pacific Coast and the California Expositions. It will save you time and money. Mailed free with other literature which will assist you in determining the places you wish to visit on route and giving rates, complete train service and full particulars by applying to or addressing:

FOURTH WARD REPUBLICAN CLUB IS ORGANIZED

With an enrollment of seventy-seven members, the Fourth Ward Republican club was organized last evening. The officers elected were: President, Charles L. Soullard; vice president, Lawrence Chambers; secretary, William H. Limes; treasurer, William P. Norris; financial secretary, Reuben Darr; trustees, Francis T. Kelleher and John Hoerner.

RIOTERS AND POLICE CLASH AT BAYONNE

[Continued From First Page.]

serious proportions. The Bayonne chief of police says that about five thousand men were engaged in the attack and that one of the rioters was killed. Fifty persons were taken to the Bayonne hospital suffering from injuries. The injuries included both rioters and police.

No Additions to Ranks — There were no additions to the strikers' ranks to-day. The men employed at the Tidewater Oil Company's plant, which adjoins the plant of the Standard, were expected by the strikers to join them. Instead all hands went to work.

Whether the strikers had been misled in this matter is uncertain but the sight of the Tidewater starting up for the day seemed to anger the crowd which had gathered and it began, it is stated, an attack on the Standard plant.

Outside the inner guard drawn about the plant were the uniformed police of Bayonne. It was part of this force, under personal command of Inspector Cady which was guarding the approach to the main gates of the plant, that was attacked to-day. Several of the police were mounted, and they with the inspectors, bore the brunt of the fight. They drove the rioters back and most of them were hit with stones and pieces of slag. Shots were also fired at the police.

The situation became so threatening that the inspector ordered rioters drawn and the police then fired a volley over the heads of the crowd. It halted the attack only a moment and then the order was given to fire again, but this time to aim low.

While the firing from the crowd was in progress, Inspector Cady's horse became most uncontrollable. Investigation showed he had been shot and was suffering from an internal hemorrhage.

General Manager Gifford of the plant repeated to-day his statement that the company would listen to any request or demand of its employes but had received none. The strike, he said, had been brought on by outsiders.

VIOLATES TRAFFIC LAWS

John Williams, colored, employed as a driver for John Mercurio, 138 Washington street, was arrested to-day for violating the traffic ordinance. Patrolman Carson said Williams was drunk and would not listen to orders. Williams was held for a hearing this afternoon before Mayor John K. Royal.

CELEBRATE ANNIVERSARY

A number of guests who were present at the forty-fifth wedding anniversary celebration of Mr. and Mrs. William F. Bannan, 121 South Fourth street, Saturday, returned to their homes in Minersville yesterday. Mr. and Mrs. Bannan were married in Minersville, July 17, 1870, and have resided in Steelton for many years. During the celebration Saturday Thomas Reed Jones, son of Mr. and Mrs. Floyd Jones, Minersville, and a great grandson of Mr. and Mrs. Bannan, was honored by the Rev. W. C. Sanderson, pastor of the First Methodist church.

ATHLETES ON TRIP

Two Steelton athletes will represent Division No. 1 Ancient Order of Hibernians at the Schuylkill county meet at Shamokin to-morrow. They will be Charles Chambers and James McGovern. The Harrisburg Hibernians will be represented by Joseph Sourber, Charles Lawrence and Thomas Pendergast. Many members from Steelton will accompany the athletes.

STEELETON PERSONALS

Hiram Newbaker is visiting friends in Halifax. Joseph Beidel, of Buffalo, is the guest of relatives here. Mr. and Mrs. E. E. Herman, nieces, Ada and Lulu, and Mrs. Geo. W. Parks, motored to Gettysburg and Red Lion to-day. They will return to-morrow.

Miss Grace Harclerode and Miss Jessie Wright are guests of Mr. and Mrs. A. P. Harclerode at Wilkensburg. Daniel Gaffney, who was burned at the works of the Maryland Steel Company Sparrows Point, is convalescing in the Baltimore hospital.

At our store or from representatives.

Harrisburg Gas Co., 14 S. 2nd St. Bell 2028 Cum. Val. 753

REDUCE COST OF LAUNDERING

Portland, Ore., July 21.—The problem of how to reduce the cost of laundering so that American housewives no longer could afford to have their work done at home was called to the attention of delegates of the convention of the Laundrymen's Association of America, now in session here.

How to stop dandruff and loss of hair with Resinol

Here is a simple, inexpensive treatment that will almost always stop dandruff and scalp itching, and keep the hair thick, live and lustrous:

At night, spread the hair apart and rub a little Resinol Ointment into the scalp gently, with the tip of the finger. Repeat this until the whole scalp has been treated. Next morning, shampoo thoroughly with Resinol Soap and hot water. Work the creamy Resinol lather well into the scalp. Rinse with gradually cooler water, the last water being cold.

Resinol Soap and Resinol Ointment easily heal eczema and similar skin-eruptions. Sold by all druggists.

The Harrisburg Academy

Stands For Efficiency and Economy

A country day and boarding school for boys and young men of all ages, it affords the best of modern educational facilities. Experienced, efficient masters.

Individual instruction. Small classes. All athletic sports—supervised. Study periods—supervised. We teach the boy how to study. We save him one or more years in preparation.

No superfluous courses. For detailed information about courses of study, individual instruction, summer school, tuition rates, etc.,

Phone 1371-J or write Arthur E. Brown Harrisburg, Pa. Headmaster

BIG CELEBRATION SEPTEMBER 23, 24, 25

[Continued From First Page.]

modern filter plant, the establishment of playgrounds, the laying of miles of sewers, construction of the river wall and the interceptor it covers, the building of the river dam, the Mulberry street viaduct, the change of Paxton creek from a dirty, turbulent stream into a sanitary drain and the creation of Wildwood Lake, have transformed Harrisburg from a commonplace country town into one of the most progressive, healthful and pleasant places in all the United States.

Probably the largest crowds that have ever been in this city will come for the celebration. Excursions are being planned from places more than a hundred miles away. The event will have many educational features both for the people of this city and for the visitors and will acquaint the thousands from other parts of the state with what Harrisburg has been doing.

C. F. Hopkins in charge of the Chamber of Commerce, is making the arrangements for the affair and promises Harrisburg the "biggest time" in its history.

"Something will be doing all of the time," Mr. Hopkins said to-day. Amusement features of every type are planned, including carnivals and fetes. No part of the city will be slighted. Events will be staged in Harris Park, on the Island at Reservoir and in many other parts of the city. The program will also include a water order to celebrate the completion of the improvements along the river front, the new filter plant and the dam.

Mr. Hopkins has been rapidly completing plans for the demonstration during the past few weeks and is making every preparation for the entertainment of people both of this city and surrounding counties.

TOLD MAYOR UNTRUTH

James Belford, an old offender, went back to the stone pile this afternoon. Belford was before Mayor John K. Royal yesterday. Belford said he had a job up town. The Mayor let Belford off. Belford went for the job, but was refused because he was intoxicated.

FIND THREE RUNAWAYS

Three runaway boys from St. James' School, Baltimore, were found by Special Officer Root, of the Pennsylvania Railroad, last night. They gave their names as John Thomas, William Herst and Aaron Kulp. The school authorities were communicated with and the boys will be returned.

How to Fight Tuberculosis

Dr. J. W. Carhart, of San Antonio, Texas, says: "Since lime salts constitute three-fourths of all the mineral substances of the human body, they must be supplied in the foods or supplements of mineral preparations, or natural starvation causes, with tuberculosis unchecked. The spread of tuberculosis and other preventable diseases is due largely to decalcified (lime lacking) conditions of multitudes throughout the civilized world."

Since lime is one of the ingredients of Eckman's Alternative, much of its success is doubtless due to its combination in such a way as to render it easily assimilable. Eckman's Alternative has effected remarkable results in tuberculosis, which, in many instances, apparently has yielded to it, and since it contains no opiates, narcotics or habit-forming drugs, it is safe to try.

Ask your druggist or send direct. Eckman's Laboratory, Philadelphia.
