CENTRAL HIGH GIRLS

A large percentage of the girls of

A large percentage of the girls of the senior class of the Central high school decided to compete in the annual prize essay contest of Harrisburg Chapter, Daughters of the American Revolution, and many of them are preparing their papers during the summer.

The subject this year is "Stories of Old Harrisburg" and the prize committee of the chapter, including Miss Helen Bruce Wallace, Miss Anne U. Wert and Mrs. David S. Funk, has announced that the marks will be given on originality of treatment. They wish to arouse an interest in the early history of the ctiy as far as 1850 and much interesting data can be found, not only in histories, but in old family annals and traditions handed down from generation to generation.

The senior girls are quite enthusiastic over this departure from the usual historical paper, which is nearly always a compilation of facts and figures gathered over and over again by various writers.

The essays are read in the high school on Pennsylvania Day, the last Friday in October, and the awards are \$10, \$5 and \$2.50 in gold for the best papers.

To Discard Freckles Tan, Pimples, Wrinkles

The use of creams containing animal The use of creams containing animal substance sometimes causes hair to grow. You run no risk of acquiring superfluous hair when you use ordinary mercolized wax. There is nothing better for a discolored skin, as the wax actually absorbs the offensive cuticle, The latter is naturally replaced by clear, smooth, healthy complexion, full of life and expression. It's the sensible way to discard a freckled, tanned overred, blotchy or pimpled skin. Get an ounce of mercolized wax at any druggist's and apply nightly like cold cream, erasing in the morning with soap and water. It takes a week or so to complete the transformation.

The ideal wrinkle remover is made by dissolving an ounce of powdered saxolite in a half pint witch hazel. Bathing the face in the solution brings almost instantaneous results.
