The Clearing Away of Our Men's Warm Weather Suit Stock Begins To-morrow.

A Sale With a Double Purpose

Twice a year our regular stock of men's suits undergoes a reduction in price in order that cases may be cleared to accommodate the advance suit models for the approaching season.

Always at an opportune time, when earlier-bought suits are beginning to show signs of wear; and to the man who just buys a suit when he actually needs one, we advise looking ahead to that particular moment and save several dollars by purchasing a suit now.

A double purpose we have stated. Our Men's Department, which will occupy the front of the enlarged second floor, will be one of the finest in Harrisburg, and we intend to start anew with entirely fresh stocks.

All this has had a strong effect upon the remarking of prices. Read on:

\$6.75 Formerly \$9.90 to \$12	\$8.75 Formerly \$12.50 to \$13.50	\$9.50 Formerly \$15 to \$18

Your particular age will come to know style that best suits, and sizes for "regular-built" men, as well as for shorts and stouts will be found.

Newsboys to Set Date For Outing Tonight

Plans for an outing will be made at the regular weekly meeting of the Harrisburg Newsboys' Association in its hall at 304 North Second street this evening and arrangements completed for selling baseball tickets for the next Harrisburg game at home. The boys will be given a bunch of tickets to sell and for their efforts will be given free admission to the game in addition to a cash bonus, which will be used to buy furniture for their home.

CAMP FIRE GIRLS BACK HOME AGAIN

Covenant Presbyterian Ladies Had Great Two Weeks Along Juniata

With heavy coats of tan, 27 members of the Camp Fire Girls, of Covenant Presbyterian Church returned to their homes last evening from Ironquills along the Juniata river, where they had been spending the last two weeks under canvas. The Camp was the most successful ever held under the auspices of Covenant Presbyterian. Under the direction of the Rev. Harvey Klaer, assisted by Mrs. Klaer and Miss Blanche Paul, the girls were taught to swim and how to make the most of life on the river and in the woods. Camp was opened four weeks ago by the Boy Scouts of Covenant Presbyterian Church who are spending two weeks in the open made way for the girls. All varieties of land and aquatic sports were indulged in by both the boys and girls. Assisting the Rev. Mr. Klaer with the scouts' camp were Jesse Schriver and J. Boyd Paul.

THE TRAGEDY OF OLD AGE
That tragedy of the old—the being laid aside from life before the spirit is ready to resign, the feeling that no one wants you, that all those you have borne and brought up have long passed out onto roads where you cannot follow, that even the thoughtfulness of the world streams by so fast that you lie up in a backwater, feebly, blindly groping for the full of the water, and always pushed gently, hopelessly back; that sense that you are still young and warm, and yet so furlowled with old thoughts and fashions that none can see how young and warm you are, none see how you long to rub hearts with the active, how you yearn for something real to do that can help life on, and how no one will give it you.—From Scribner's.

New Strength For Weak Backs

Dear Mr. Editor: For a long time I had been suffering from throbbing back-ache, dropsical swellings of the limbs and extremities, frequent urination bothering me at all times of day and night, and the uric acid in my blood caused me acute suffering from rheumatism, along with a constant tired, worn-out feeling. I had known some neighbors who had been to that famous institution in Buffalo, N. Y., the Invalids' Hotel and Surgical Institute, and had been cured. I wrote Dr. Pierce, the head of that institution, and gave him my symptoms. He then wrote me, and asked me to answer more fully a set of questions and to send on my water for a chemical and microscopic test, which I did. I then received the following communication:

Dear Mr. F. W. D.: We have carefully looked over your answers to questions and statement, and a test of the water proves that your system is full of uric acid, and of course it is not necessary for us to tell you that rheumatism in its various forms is dependent upon an abnormal condition of the blood, which is generally accompanied with a derangement of the organs of digestion and of excretion. Certain constituents of the blood which should pass off by way of the kidneys or the
