BREAKFAST FOODS UNDER SCRUTINY

Some Show Short Weight and Others Were Found to Be Infested With Vermin

Four samples of seventy-two packages of breakfast foods taken in the State by agents of the State Dairy and Food Commissioner were found to be short in weight and two were discovered to be infested with vermin by State chemists who made the analyses. The report of the investigation was made to the commissioner to-day. The packages which contained vermin were taken at Altoona and Williamsport and the short weight was found in Altoona, Franklin and Punxsutawney.

Of over a hundred samples of vinegar taken in the State a partial report shows that fifty-four are in accordance with the State law as interpreted by the Dauphin County Court, which prohibits adding water or anything else. Six sold as "white wine" were found to be not in accord with law and four were found to have been watered either by manufacturer or retailer. Reports from others are expected shortly and then prosecutions will be started.

State On Watch.—Agents of the State Livestock Sanitary Board were rushed to the New York State line in Potter and Tioga counties to-day to make inquiries regarding an outbreak of foot and mouth disease in Steuben county, New York, which abuts this State. The district has been quarantined.

Breakfast Foods Under Scrutiny

Increased.—The H. E. Fetterhoff Company, of Philadelphia, has filed notice of increase of debt to \$50,000.

The Wilkes-Barre Case.—Dr. John Price Jackson, the State Commissioner of Labor and Industry, who was umpire in the wage dispute of the Wilkes-Barre street railway, said to-day that if he received a formal protest from the men to the effect that the award was not as they believed it should be, he would lay the matter before the other two arbitrators. He has not yet outlined the procedure, but will do so within a few days. All that the commissioner can do will be to reconvene the arbitrators and if they desire to take up the matter it can then be reopened. The case is being followed with a great deal of interest, as it is the first transportation case in which the State has endeavored to compose differences.

Representative Here.—Representative C. H. Rich, of Clinton county, was at the Capitol for a short time.

Going to Camp.—Auditor General A. W. Powell will go to the encampment of the Second Brigade at Indiana next week. He is captain of the headquarters company.

Board Members Here.—William Lander and Robert C. Shaw, members of the State Board of Education, were here to-day on their way home from a visit to eastern counties on educational matters.

Interest in Tags.—The announcement of the advertisement for the new automobile license tags has attracted many inquirers to the State Highway Department. The bids will be opened August 10.

Sale Confirmation.—The sale of a number of plants of the American company to the Bell in eastern counties will be laid before the Public Service Commission here on August 10.

Roderick's Idea of It.—James E. Roderick, chief of the Department of Mines, is in Pittsburgh conferring with attaches of the department with regard to a redistricting of the mine inspection district. Two new districts are made necessary by increase of mines and the expansion of existing ones. Chief Roderick authorized the statement that the coal mining industry is in a disorganized economic condition with competitors and proximity to large consuming markets.

Two Dropped.—Augustus Wildman, Jr., and H. B. Bolleau, of this city, will leave the automobile division of the State Highway Department on August 1. They are not needed under the reorganization which has been effected.

New Orders Out.—The new orders for the shipment of cattle have been issued in printed form by the State Livestock Sanitary Board. They are effective at once.

Affects Umpires.—Harry A. Mackey,

THANK GOD FOR VICTORIES

Berlin, July 20 (by wireless to Sayville).—Cardinal von Hartmann, the archbishop of Cologne, has published an order addressed to all churches of his diocese directing them to hold special services and prayers next Sunday thanking the Almighty for the powerful blessing accorded. German arms in their many victorious battles in the East and West and praying for His assistance in helping to bring about an early and lasting victorious peace.

HELD FOR DESERTION

James Burrell, wanted in Pittsburgh on a charge of desertion, was arrested last night by Roundsman James McCann. He will be taken back to Pittsburgh this evening.

Russian Government Inspectors at Morton Tractor Plant Today

Government inspectors from Russia were in Harrisburg two hours to-day. They came here to look over the Morton trucks now being constructed by the Morton Truck and Tractor Company for the Russian government.

Tests were made for the visitors, using trucks ready for delivery. The inspectors left for Philadelphia at noon. The visitors refused to give their names for publicity. They will also visit the Baldwin plant, in Philadelphia, where trucks are also being built for the Morton company.

MOOSE DAY AUGUST 6

Moose day will be observed at Island Park August 6. Plans now under way include a musical program and a baseball game between the Harrisburg A. A. and York Moose team. The proceeds will go to the Polyclinic Hospital.

Personal Appearance

Is Largely a Matter of Clothes

We appreciate that fact here and have left no stones unturned to provide clothing to exactly fit not only the figures but the personalities of the men who purchase their clothing from us.

That's why we watch the Stocks so carefully, so systematically that there can be no slip-up, no manufacturers' mistakes unloaded on the public's good-nature.

The Confidence you have had in us we wish to maintain—
