TRADING QUIET IN NEW YORK MARKETS

Largest Gains Were in New York Air Brake, Bethlehem Steel and Allis Chalmers

New York, July 31.—Trading began more quietly today with small changes on the first transactions. The varied character of the market during the last day attended by heavy slumps in the war issues made speculators more conservative and there was no green tide such as occurred earlier in the week. The list held steady, and there was a good undertone of the demand increased. The market responded with a slight advance in which railroad stocks as well as industrials participated. The largest gains were in New York Air Brake and Bethlehem Steel and 2 1/2 in Allis Chalmers.

CITIZENS OF ALLIES' COUNTRIES EXPRESS CONFIDENCE IN OUTCOME OF STRUGGLE

London, July 31.—Sir Edward Grey, the British Minister for Foreign Affairs, has given the following authorized statement to the Associated Press: "The United Kingdom, and the entire Empire, together with their gallant Allies, have never been more determined than they are to-day to prosecute this war to a successful conclusion which will result in honorable and enduring peace based on liberty, and not burdensome militarism."

Paris, July 31.—A year of war finds "France is fit to continue the struggle to the end and confident of the outcome," says Count Adrien Lannes de Montebello in a review of the first twelve months of hostilities given to the Associated Press. "The French troops were too exhausted by their fifteen days of marching and fighting to make their victory decisive. The Germans checked their retreat upon the line of the Aisne, and had sufficient time to dig in. The battle of the Aisne developed by the Germans endeavoring to turn our left and by the simultaneous French effort to turn the German right."

Petrograd, July 31.—The following statement concerning the conclusion of the first year of the war was prepared for the Associated Press by M.
