## HEAT CAUSES FOUR DEATHS AT CARLISLE

### Two Civil War Veterans, Clothing Salesman, and Young Girl Succumb to Hot Weather

Carlisle, Pa., Aug. 3.—Four deaths have occurred in this section as the result of complications in various illnesses brought on by the intense hot weather of the past week. Two of those to succumb were Civil War veterans both of whom had distinguished records of service.

Frank Cart died here early Sunday morning after a short illness, aged 69. He served two enlistments during the Civil War and was a member of Captain Colwell Post No. 201, G. A. R. He was with Company C of the 130th Pennsylvania Infantry, and was promoted to sergeant, re-enlisting and serving an additional three years in Battery D of the Second Artillery. He was at Chancellorsville, the Wilderness and the majority of the engagements of the Army of the Potomac. Surviving him are a wife and

## DANIEL MEASE, GOLD SPRING VOTER, DIES

### Was One of Seven in Township and Served as Assessor For 33 Years

Middletown, Pa., Aug. 3.—Daniel Mease, one of the seven lone voters of Gold Spring township, died Friday at the ripe old age of 72 years. He was a staunch Republican, and for 33 years was assessor of Gold Spring district. In his early life was a boatman on the Union canal. He saw the population of Gold Spring township dwindle from a community of several thousand souls, mostly miners, down to six families after the mining operations ceased.

His word was law with the seven voters who for a long term were the only adult male residents living in the district. All of the voters held office.

When the Union Canal was put out of business by the opening of the railroads, Mr. Mease took to farming, in which avocation he continued until the time of his last illness. He was well known and highly respected, and was a member of the Lutheran church. He is survived by a number of brothers and sisters.

## ROME NEWSPAPER SEES SIGN OF PEACE IN STATEMENTS

Rome, Aug. 2, 8.30 p. m., via Paris, Aug. 3.—Discussing the many messages and statements issued in various countries on the first anniversary of the war, the Observatore Romano, official organ of the Vatican, says:

"Reading these foreign messages we are pleased to note that the language adopted has been modified in tone so that in a sense it is more pacific or more humane. In place of inexorable war cries and proposals to annihilate the enemy there begins to be substituted a more humane accent. Although circumscribed we see in this the possibility of a discussion leading to peace. It is a most comforting sign although very weak as yet."

## A Pennsylvania Woman Tells Her Story.

Lewisburg, Pa.—"I had been bad for two years with stomach and liver trouble and dropsy. I had spent a good deal of money on the doctors but did not get over my trouble. Two years ago I began using Dr. Pierce's Golden Medical Discovery. I got better as soon as I began to take it. I have had more appetite and kept more comfortable and enjoyed better health since using it than I had before in years. I consider it the best medicine for the stomach and liver. I wish every one could use it and get the benefit that I have."—Mrs. JANE WEAVER, 615 St. Catherine St.

"When the food reaches the stomach it is subjected to a peculiar churning movement by the muscular walls of the stomach."—(See Dr. Pierce's Medical Adviser, page 45). In the liver, kidneys and skin, the blood is purified of its waste materials—these organs act as human filters, leaving the blood pure and clear—unless liver, digestive tract and kidneys are clogged. Dr. Pierce's Golden Medical Discovery is a stomach, liver and kidney tonic—by assisting the stomach to assimilate, the liver to filter, the kidneys to act—the poisons are removed, the red blood corpuscles are increased and one feels light, fresh and active instead of logy, dull and heavy.

Dr. Pierce's Common Sense Medical Adviser, cloth-bound, sent free to you on receipt of three dimes (or stamps), to pay expense of mailing only. Address: Dr. Pierce, Invalids' Hotel, 683 Main Street, Buffalo, N. Y.

## TO TEL OF DAUPHIN COUNTY DEPOSED

### Feature of State Sealers Gathering in Philadelphia Will Be President Boyer's Address

At the annual State convention of the Central Pennsylvania Association of Sealers of Weights and Measures of the cities and counties of the Commonwealth, to be held this month in Philadelphia, a feature of the program will be the addresses of Harry A. Boyer, county inspector for Dauphin and president of the association, and James Sweeney, chief of the State Bureau of Standards. Mr. Boyer's talk will be especially interesting in view of the fact that the progress of the work for the last couple of years in Dauphin county as well as the city will be discussed.

County Pays State \$25,812.72.—With the payment to the State to-morrow by County Treasurer A. H. Bailey of the final \$1,000 collected on delinquent mercantile license taxes the county will have paid in all told about \$25,812. There still remains about 150 delinquent licenses and the collection in these cases is in the hands of an alderman.

One Petition Filed.—Only one primary nomination petition had been filed up until noon to-day with the County Commissioners. This was by Lewis N. Klinger, a Republican, who wants to be constable of Susquehanna township.

Assemblyman Spangler, Visitor.—Among the visitors at the Courthouse to-day was Assemblyman Robert Spangler, of York, father of the Spangler road bill.

## PLANS LAID TO END TROUBLE IN MEXICO

Use of force, if possible, but has in view joint action of all the Americas if necessary.

Although all officials surround the conference with greatest secrecy, and Secretary Lansing said to-day that possibly no announcement might be made afterward, it is known that one of the first elements is an embargo on arms from all Latin-America to Mexico. Central and South America and Cuba as well will be asked to close their ports to war materials which provide the means for factional leaders in Mexico to continue their campaigns.

The President is not committed to details of any plan, but will invite suggestions from the Latin-American diplomats to open the way to a common front.

Announcement of the conference surprised agents of the Mexican factions here. Carranza's agents, hopeful that his course within the last few weeks and his efforts to respond to demands of this government to relieve Mexico City would lead to ultimate recognition, confessed their mystification.

## Issues Statement on Change in Management of the Water Carnival

It was recently decided by the officials in charge of the big improvement celebration to be held in September in connection with the river carnival which will be one of the features of the event. Before the park department was given charge of the carnival plans C. Floyd Hopkins had asked V. Grant Forrer, former park superintendent, to manage this event. Owing to the change in the plans, Mr. Forrer to-day asked the newspapers to publish the following statement to the public:

"Some weeks ago I was approached by Mr. Hopkins and asked to take charge of the river carnival to be held in connection with the annual celebration in September. As I had directed all previous carnivals of the kind in the past ten years and liked the work, I accepted, and immediately approached businessmen, rivermen, cyclists, motorboat owners and swimmers with requests for assistance in making the event a success. By request of the department I have agreed to help me and still understand that I am in charge, I believe it proper for me to announce through the newspapers that those at the head of the celebration have seen it as changing their plans. The park department of the city has asked to be given charge of the river carnival and I have been obliged to step down and am very sorry that the park department did not awake to what it now apparently regards as a duty before the Chamber of Commerce had caused me to make an ordinary party of November 2, 1914, compelled to notify my friends must be canceled."

## NO VACATION FOR SUFFRAGE WORKERS

Miss Adams and Miss Verleno are working in the Pocono Mountains, and Miss Reice, who is a Philadelphia school teacher, is devoting her whole vacation to managing the suffrage shop at Wildwood, at the shore. Miss Annie Laurie, a Harrisburg teacher, and Mrs. H. H. Clark are helping at State headquarters at the capital.

Many city and county chairmen are devoting their time to perfecting their organizations. Some of them worked so hard all Spring that they had to rest in July, but August 1 saw them all back on the job preparing for the last minute work before November 2.

Miss Margaret Blackburn, of Bedford, is the baker of pies for the cause. She has promised to make one dozen every week during the campaign. Mrs. E. Kierman, of Somerset, is devoting her own garden produce to the cause, but she has also persuaded suffragists in all parts of Somerset, Bedford, Blain, Huntingdon, Cambria and Fayette counties to do likewise. She is the division chairman of this section of the State.

Some of the other women who will serve as speakers or organizers during the summer, sacrificing their vacations, are Mrs. Maxwell K. Chapman, of Scranton; Mrs. Robert Mills Beach, of Bellefonte; Mrs. H. Neely Fleming, of Erie; Miss Mary E. Bakewell, of Sewickley; Dr. Mary M. Wolfe, of Lewisburg; Mrs. Edward Linton, of Washington; Mrs. John O. Miller, of Pittsburgh; Mrs. E. Unkel, of Fayette, and Mrs. Lillian A. Bernhard, of Huntingdon.

Miss Minnie K. Bronson, former United States Labor Bureau special investigator; Miss Marjorie Dorman, president of the Wage Earners' Anti-Suffrage League of New York; and Mrs. O. D. Oliphant, the New Jersey suffrage leader, will all be brought into Pennsylvania shortly to combat the votes-for-women movement, according to a bulletin of the anti-suffrage association.

## LOCAL BOY SHOWS VALUE OF TRAINING

from Clintonville, and Private Jones was sent out as a member of the scout patrol, whose duty it was to find traces of the enemy maneuvering against the student troops. Young Jones discovered faint evidences of the passage of two troops of hostile cavalry and reported the information which proved of considerable value to the officers in charge. Jones, who is one of the Harrisburg boys at the camp, was mentioned at retreat by Captain Cole with the assurance of very good evidence of the headwork which is required of patrol scouts.

This letter is written from a beautiful camp with the mountains peaks of the Adirondacks making a beautiful silhouette against the sky. We are entirely surrounded by mountains and passed through a defile this morning with the Aussies on one side. Our present camp is about a mile above Black Brook. This morning we met two troops of hostile cavalry just outside our prospective camp and were forced to attack them and drive them back after having marched eleven miles with heavy packs under a broiling sun. However, there were only a few cases of heat exhaustion and none serious. Most of the work of the hospital corps consists of fixing up blistered and sore feet.

This is the third day we have been at the camp and have had lots of work, having shivered about 33 miles in three mornings besides skirmishes, etc. After noon and several companies of infantry. The camp will break up on Friday, August 7 and will be followed by a businessman's camp on the same site at Plattsburgh.
