

A New Remedy For Kidney, Bladder and All Uric-Acid Troubles

Successfully Used by Many Physicians and Surgeons in Their Hospital Practice

Dr. Weir Mitchell once said: "What we call diseases are only symptoms of conditions. Allow the man's vitality to be reduced to a certain point, and he is ripe for any of these weaknesses, or certain conditions which we call disease."

Through failure of kidneys to act, through congestion, inflammation, any person's condition is ripe for disease to fasten its hold upon the system.

At Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., there has been tested for the past few years a new remedy for kidney, bladder, uric acid troubles, rheumatism, gout, and such ailments as follow, and so many cases both acute and stubborn have yielded to this wonderful remedy that Doctor Pierce decided to name it "An-uric" and arrange for its distribution to the public through medicine dealers everywhere.

If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, if you suspect that you have kidney or bladder trouble, write Doctor Pierce, at Invalids' Hotel, Buffalo, N. Y., send a sample of urine, and describe symptoms. A physician and chemist will examine it without charge and you will be under no obligation whatever. These "An-uric" Tablets cannot fail to help you, because their action flushes the kidneys of impurities and puts strength into them. It being 37 times more active than lithia it dissolves uric acid as water does sugar.

Obtain a fifty-cent box of these tablets to-day from your druggist here in town. Simply ask for Doctor Pierce's An-uric Tablets. There can be no imitation. Every package of "An-uric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Doctor Pierce's Favorite Prescription, the ever-famous friend to ailing women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstructive for any one.

From personal observation in large hospital practice, Dr. Pierce knows these tablets will give you speedy help if you are suffering from uric acid trouble, and to show his sincere faith this prescription is sold under a positive guarantee to any person who has taken a full box and has not been helped.—Advertisement.

PUBLIC SERVICE AT SCRANTON, FRIDAY To Hold Hearing on Application For Additional Train Service

The Public Service Commission will be represented by Acting Chairman W. D. B. Ainey at its hearings scheduled for Scranton on Friday, August 6, at which time the evidence on applications for additional train service between Susquehanna and Carbondale, on the Jefferson branch of the Erie railroad will be completed. Arrangements on the proposed consolidation of the Diamond Water Company of Hazleton with the Wyoming Valley Water Company, and in the case of the Lake Transit Company versus the Lehigh Valley Railroad Company will be had.

WOULD EXCLUDE GERMAN TOYS FROM GREAT BRITAIN

By Associated Press London, Aug. 4. — The exclusion of German war toys is what a movement started by the Countess of Stamford hopes to accomplish in Great Britain. But the movement is not along an industrial one aimed against Germany, but an effort to provide a trade at which maimed soldiers can work when the war is over.

FOOD UP 35 PER CENT

By Associated Press London, Aug. 4. — The general increase in food prices during the first year of the war, according to the official Labor Gazette, is 35 per cent. in the larger towns of Great Britain and 30 per cent. in small towns and villages.

LEHIGH PROFESSOR RESIGNS

Special to The Telegraph South Bethlehem, Pa., Aug. 4. — It was announced to-day that Professor William S. Franklin has resigned as professor of physics in Lehigh University, having decided to return to his active work in the university, after 18 years of service.

THE NEW SCHOOL HOUSE

The new school building on part of the old circus grounds at Fifth and Mahantongo streets begins a new departure in school building in Harrisburg. The building, eighty by one hundred and eighty feet, sets on high ground about the center of a plot of nearly three acres. It is back from Fifth street one hundred and fifty feet, and eighty feet in from Mahantongo streets and the same distance from Reel's lane. A wall six feet high will run along Fifth street, Reel's lane and Mahantongo street. The yard will be filled in to that height and an area of 150 by 300 feet will be lawned and parked. It will be the largest site and the most beautiful building in Harrisburg.

It has been the experience in Harrisburg that the location of a new school building brings large increase in growth and value of neighboring real estate. The ideal setting of this building, the fact that it will contain an assembly hall which will bring many people to the neighborhood, leads to the belief that the erection of this building will have great effect in increasing growth and values in the district. The spending of \$115,000 in a neighborhood is bound to have a healthy effect.

HOME FROM SAN FRANCISCO

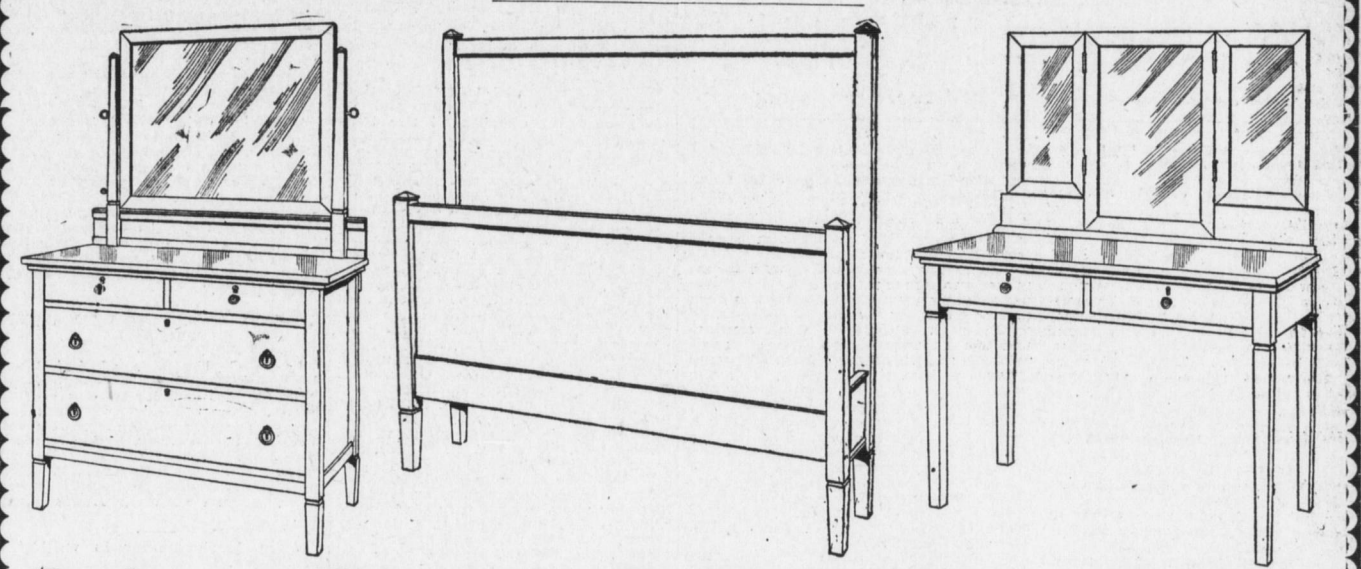

E. L. Egoft, optometrist, with H. C. Claster, of 302 Market street, returned last evening from San Francisco, where he attended the Optometrical Congress, which was in session from the 19th until the 25th of July. He was accompanied on the trip by Mrs. Egoft.

What Dyspeptics Should Eat

"Indigestion and practically all forms of stomach trouble are, nine-tenths out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a tolerable existence on gluten products, should try a meal of any food or foods of moderate acidity, taken immediately afterwards as a teaspoonful of bisulphate of magnesia, in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphate of magnesia is doubtless the best food corrective and anti-acid known. It has direct action on the stomach; but by neutralizing the acidity of the food contents and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. Do not dose an inflamed and irritated stomach with drugs but get rid of the acidity—the cause of all the trouble. Get a little bisulphate of magnesia from your druggist, eat what you want at your next meal, take some of the bisulphate of magnesia as directed above, and note remarkable results. Bisulphate of Magnesia, No. 25 E. 26th St., N. Y. C.

Science Tells Why Bread Loaves Should Be Wrapped

A considerable amount of recent literature has been devoted to the subject of wrapping bread. An elaborate chemical and bacteriological investigation of the subject was reported some time ago by Jacobs, Leclerc and Mason. These investigators sought to determine the kind of paper most suitable for wrapping, the length of time after baking that bread should be wrapped, and the bacteriological condition and weight of both wrapped and unwrapped bread.

JONES BROTHERS' CIRCUS SHOWS HERE TO-MORROW

One of the Many Animal Acts in the Jones Brothers' Circus Jones Brothers Big Three Ring Wild Animal Circus with a whole army of notable artists brought direct from Europe will be in Harrisburg to-morrow and show on the big grounds at Fourth and Seneca streets. The show is spic and span and the long line of steel trains owned by the management will carry an aggregation of the foremost artists of the world, and the largest collection of wild animals in captivity. One continuous whirl of ever changing surprises in which hundreds of persons take part, will embrace new features never before presented by a traveling circus. As an innovation the Jones Brothers will introduce an Amazon Ballet of the world's most graceful dancers. These exquisitely formed young women, fresh from their Parisian triumphs appear as if moulded by the sculptor's art. They are grace personified, and in whirlwind dancing novelty are alluring specimens of feminine beauty. Miss Irma Clare, a statuesque beauty who represents "Peace" in the statues of the Nymphs has won the prize for the most perfectly formed woman in Continental Europe. Hundreds of high class acts are offered in the Arena, and the wild animals as usual will be a feature with Jones Brothers Circus. Their already large collection has been augmented by a number of elephants, tions, camels and grizzly bears. A number of bands will furnish the music with the free street parade—a treat for the public.—Advertisement.

GERMANS ACCUSE ALLIES OF TAMPERING WITH MAIL

Berlin, Aug. 4. — The Government reports the possession of constantly increasing evidence that the allies are tampering with mail, not only for Germany from neutral countries, but also for neutral countries from neutral countries. Private letters from Brazil to Switzerland, from America to Switzerland, and from Spain to Switzerland, have arrived, it is said, opened and

WAR PAINTER DIES

Warsaw, Aug. 4. — Joseph Brandt, well-known painter of war pictures, died in Radom on June 2. A short time before his death his country residence which contained valuable works of art was destroyed by the Germans after which he moved to Radom.

A SAD AWAKENING

The foreman of a gang of railwaymen had more than his share of Irish wit. The other afternoon he was walking along his section of the line when he found one of his laborers fast asleep in the shade of a hedge. Eyeing the man with a stern smile, he said slowly: "Slape on, ye idle spalpeen—slape on. So long as ye slape ye've got a job; but when ye wake up ye're out of wurk!"
