22 at Pine Grove Furnace For Full Surprised at Improvements Made Term; Kill Big

Pine Grove Furnace, Pa., Aug. 4.and there are twenty-two men who are all here for the full term. On July 21 Colonel B. M. Nead, C. W. Fisher and C. C. Schriver arrived on the noon train as the advance guard and at once proceeded to start the work of erecting the tents. They had two men helpers that afternoon and on Thursday, Friday and Saturday had four assistants. On Friday Colonel Shank, from Chambersburg, arrived with Dr. Mausteller, of Harrisburg, bringing with them Mrs. Maggle Phillips and Hattle Richards, who look after the eating end, and they certainly know how.

By Saturday evening all the tents

By Saturday evening all the tents were up and ready for the bunch who came Monday, the 26th. On Saturday Walter Dietrich arrived, making six campers. We all attended Sunday school and had a pleasant day. In the evening the cooks sent in a riot call, for a snake was discovered near the kitchen. We all went to the rescue, when Dr. Mausteller and C. W. Fisher killed a rattlesnake which measured 3 feet 9 inches long, the largest seen in this section for a long while. It had tainly know how.

"23" HOODOO STRIKES BELL

Suffrage Emblem Delayed in Tour by Train of Mistortunes
Special to The Telegraph
Hollidaysburg, Pa., Aug. 4. — The Women's Liberty Bell, after safely traveling through 22 counties of the State, fell under the spen or the "23" hoodoo, when it reached the borders of Blair county, the 23d county yesterday afternoon. The bell motortruck was delayed in its travels by three misfortunes, a cloudburst, washout and tire trouble and failing to appear at the suffrage mass meeting in Roaring Springs and Hollidaysburg.
Miss Helen Patterson, the State suffrage party chairman and Mrs. E. Kernan, of Somerset, addressed a large assemblage in Hollidaysburg.

Candidate For Judge Heads Businessmen's Delegation

CLIFFORD A. KNIGHT

Selinsgrove, Pa., Aug. 4.—Clifford A. Knight, a leading businessman of Selinsgrove, on Tuesday headed a large delegation of Selinsgrove businessmen's association to Hershey Park. Mr. Knight, it is said, will be a Republican candidate for associate judge at the primaries in September.

MORE LIGHTS FOR RIVERSIDE POSLAM BRINGS treets of Pretty Suburb Being Equip-ped With Electric Standards

reters of Pretty Suburb Being Equipped With Electric Standards
Riverside's pretty streets will be lighted in the near future by a more extensive electric system that is now being installed by the Harrisburg Light and Power Company. Furthermore additional service will be provided by the placing of more standards so that as soon as the improvement is completed the suburb will be equipped with at least fifteen modern type incandescents.

Heretofore Riverside's streets had been lighted by ten electric lights and five additional lamps are to be installed. The electric light company expects to have the additional equipment in place within a few weeks at the latest.

JIM GAVE UP WALKS Warden Caldwell Tells Why Fred LeBrun's Very Good Friend

HERE'S THE REASON

Now Sits on Jailyard Steps

had space in the newspapers about H. R. Mercer and Fred LeBrun, the queer pair of amateur Wallingfords who got jail, and penitentiary sentences, respectively, from the Dauphin county court, and now that LeBrun this should be the last story.

had space in the

man, this should be the last story Prison Warden W. W. Caldwell who has received interesting and very, very grateful letters both from LeBrun and his wife for his kindness to the pris-oner, recalled the tale the other days

"One of LeBrun's best friends," smiling remarked the warden, "was smiling remarked the warden, "was 'Jim.' The first tip I had on that was one day, a few days after LeBruncame to us. He was taking his constitutional in the jailyard. LeBrundidn't go in for the ball game or anything of that sort; he spent his whole time allotment for exercise in walking up and down the yard. Up and down—up and down—LeBrun paced away and beside him daintily, gravely footing it along, was Jim. Every day the pair took their exercise together. And now since LeBrun's gone, Jim doesn't pace up and down the yard any more; he sits on the steps and seems to be—just waiting. Jim? Oh, Jim's the prison cat!"

cat!"
At the Register's Office.—Letters of administration were issued yesterday by Register R. C. Danner on the estate of Joseph Bucher, South Hanover, and Bridget Dunn, formerly of this city, respectively, to Maggie Reager, of Hummelstown, and the Central Trust Company.

Save The Baby Use the reliable HORLICKS **ORIGINAL**

Prohibition Cuts the Product 100,000
Barrels a Month
Jefferson City, Mo., Aug. 4.—For the first time since the Missouri beer inspection law was enacted in 1899 the report shows a decrease. The receipts from the inspection for July, 1915, compared with the same month of 1914, show a decrease of \$f\$,853.04. This means a decrease of \$f\$,853.04. This means a decrease of about 100.000 barrels of beer manufactured and placed upon the market.

This is the first evidence the department has had that prohibition is making serious inroads on the output of beer in this State. Malted Milk Endorsed by thousands of Physicians, Mothers and Nurses the world over for more than a quarter of a century.

Convenient, no cooking nor additional milkrequired. Simply dissolve in water.
Agrees when other foods often fail. By studying the distribution of stars in the globular masses, E. Pickering has deduced, from observation, the apparent density, i. e., the number of stars per unit of surface at different distances from the center of the mass; he concludes that the distribution is the same for bright stars as for feeble ones, and also that the law of distribution is the same from one mass to another.

H. von Zeipel has endeavored to deduce, from the apparent density on the celestial sphere, the true density in space, with partially satisfactory results. The distribution of stars near the center was represented in a satisfactory manner, but the density at the boundaries is less than that required by the theory.

In a new memoir he arrives at a flowed conclusion. Each of these amasses is a gigantic system containing about a million stars; the number of stars visible on a plate is not the Sample free, HORLICK'S, Racine, Wis No Substitute is "Just as Good" as HORLICK'S, the Original

When Buying Lumber

get it from the firm thatunderstands something about the relative values.

Not every kind of lumber is adapted for the same character of work.

Some kinds are better for on the outside where exposed to the change in the weather.

Another kind is required where it is always damp.
And for the inside

finish a different quality may be required. We have made quite

a study of these things and shall be pleased to correctly advise you.
