Another Idle Day at Buffalo Crowds Harrisburg's Schedule on Final Trip

More hard work for the Harrisburg Indians came with yesterday's post-ponement at Buffalo. Unless arrangeents are made to have one or more of the postponed games played off in Harrisburg, the Indians will have two double-headers on their next visit to the Bison town. Two games were

Buaffalo players look upon the Zimmerman aggregation as their hardest foe, and with Providence on the sliding board, it will mean a close race at the finish, should the Indians move two or more games closer to the Bison bunch. Harrisburg returns to Montreal to-morrow for three games. On Monday and Tuesday, the Indians will be idle. Negotiations are on for an exhibition game, but it is not likely that one can be arranged in time. Harrisburg plays three games at Providence and then returns home for an interesting series of games. President Dreyfuss Calls Boston Captain "Crazy Man"; **Investigation Starts** 

Special to The Telegraph
Pittsburgh, Pa., Aug. 5.—President
John K. Tener, of the National League, has not yet taken any steps relating to the row between Johnny Evers and Fred Clarke yesterday at Forbes Field, but has suspended the Boston captain for three days for his run-in with Umpire Emslie.

D. Leroy Reeves, assistant to Presi

dent Tener, arrived here late today of the trouble, in order that his chief may be made acquainted with the real facts of the case when he arrives here tomorrow or the next day. Tener is to be here for the Philadel-

Tener is to be here for the Philadelphia games.

President Dreyfuss is intensely angry over the incident and said he would insist on the president of the league taking such steps as will stop proceedings like that of Evers' before the baseball fans on the circuit. Mr. Dreyfuss went so far as to say that Evers is acting like a crazy man, and if he is really crazy he should be stopped before he does some one harm said the Pittsburgh president.

## HANK O'DAY

St. Louis, Mo., Aug. 5. — William Hart, a member of the National League staff of umpires, has decided to resign his position. He signifies this intention in a letter to former Governor Tener, the league president. Hank O'Day, former manager of the Cubs and Reds, and an umpire of vast experience, is being mentioned as Hart's successor.

The total value of the State's production in 1914 amounted to \$1,548,042, exceeding that of any previous year since 1910.

Field activity in Indiana in 1914 resulted in the completion of 742 wells, of which 470, or 63 per cent, yielded oil in commercial quantities.

U. S. S. TENNESSEE DOING GREAT WORK IN WAR ZONE

Alexandria, Egypt, July 31 (correspondence of the Associated Press).

The American cruiser Tennessee leaves the Mediterranean station with the gratitude of thousands of refugees rescued from Syria. Her presence in these waters tranquilized the panicstricken inhabitants at the time of Turkey's entry in the war and every week a load of refugees, mostly Jews and foreigners, has been transported from Syrian ports to Alexandria under the American flag. On her last voyage over 700, including many well-to-do Italians, arrived. The Tennessee is relieved by the Chester.

Sulphur fumes are frequently used to prevent peaches from being discolored in the process of drying. A common and simple process is described in Farm and Home by O. M. Morris, who says to place the fruit, immediately after it is prepared for drying, on on wire trays. These wires should not be galvanized. The trays are then placed in a chest or small cabinet made of a convenient size.

A small quantity of sulphur, from one to 1½ ounces, is placed on a shovel or in an iron pot and placed in the form of the cabinet. It is then lighted by dropping a live coal in the form of the cabinet. It is then lighted by dropping a live coal in the furties and the fruit should be left in the fumes have thoroughly spread throughout the super discoloration of the sulphur sufficient time to act upon

TO PROSECUTE MILKMEN

The announcement of the city's milk standard and the probable action of the health authorities, is included in the current city bealth bureau. Despite the increase in typhoid, the city was considerably heatthier in July generally speaking than the same month last year. Against two typhoid fever patients last July, there were 18 reported for July 191s. Of mumps this year theer were but 8 cases, in July, 1914, there were 24. Only half as many died of tuberculosis as last year. Seventy-four persons died in July, 1915, 65 deaths were recorded in July of last year.

20, Reading comes to Harrisburg for Offer Newark Fans Cheap Baseball For Remainder of Season; Acting in Self Defense

Special to The Telegraph

New York, Aug. 5.—President

James A. Gilmore, of the Federal

James A. Gilmore, of the Federal League, announced tonight that the Federal League would try out tensent major league baseball in Newark instead of 15-cent baseball, as has been reported.

"We have considered the ten-cent proposition for some time." said Mr. Gilmore tonight, "and intend to try it out in Newark. On the success made there, our future plans in this direction will entirely depend. Business just now is bad in Newark, and we recently have received many letters from fans there saying they would like to patronize our team, but could not afford to pay the prices asked. In order that everybody may attend. We have reduced all the bleacher seats to ten cents."

Commenting on the new raid on organized baseball, Mr. Gilmore said that it was strictly in self-defense.

City Health Officer Will Bring Dealers
To Time

Wholesale suits against milk dealers and other handlers of the city's milk supply whose products have fallen far below the required standard of purity set by the city bureau of health and sanitation in July, will be instituted by Dr. J. M. J. Raunick, director of the bureau, within a few days it is understood.

The percentage of bacteria, it is said, was much higher in July than in June and the carelessness of the milk handlers, according to Dr. Raunick will be punished to the full extent of the law.

The announcement of the city's milk standard and the probable action of the health authorities is relyided in the baseball world as a gained prominence.
