"Keep Your Eye on the Clock"

Steadily---But Surely---

The hand of the big clock, in front of our building, that denotes the progress of our great One Thousand Suit Campaign and Profit-Sharing Sale is turning toward the thousand mark.

The interest manifested in our Great Sale is shown by the thousands of persons who daily take a glance at the clock to see the new number recorded.

To-day the hand stands at 602.

STEELTON MIDDLETOWN CHESHIRE ROYALTON OBERLIN ENHAUT

Hart, Schaffner & Marx Suits for Men

Reduced From

\$30, \$28, \$25, \$22, \$20--to \$13.50, \$15, \$16.50

This is a sale of Marks suits reduced from former prices, and not a sale of suits on which we have set arbitrary and fictitious "values." If you know anything about average clothing sales you will know what we mean. In other words, every suit in this sale is regular stock, and not the overnight product of haste and expediency. Obviously, there has been a thinning out of the selections, but there is a range of choice right now in which early-comers will have no difficulty in finding the particular suit they want. But don't put it off any longer. Come in now.

Might Be Some Tip For Burgess Wigfield in This

Special to The Telegraph Long Beach, N. Y., Aug. 6.—Joseph Curley, until a few days ago a Long Beach policeman, has resigned. There was reason.

Curley was brought before the Village Board upon charges, and the board had difficulty maintaining its dignity while listening to the tales of Chief of Police Hewlett and Michael Mangin, engineer of a hotel.

They testified that Curley, while supposed to be pounding the pavement that is, the sands—of Long Beach, had entered the engine room of the hotel where Mangin works and stretched himself out for a snooze.

FEAR DEAD ANIMALS MAY BECOME MENACE

[Continued From First Page.]

that considerable headway would be made before nightfall, as the city authorities planned to add fully 1,000 men to the working force.

Feared Another Flood

Intense excitement was occasioned before midnight, when, after a heavy rainfall, a man ran along Fourth and Fifth streets shouting, "Look out, another flood is coming!"

Scores of frightened men and women caught up their children and ran into the streets, spreading the alarm until that section of the city was filled with people hurrying toward higher ground. A squad of policemen was hurried to the scene, and restored quiet.

Efforts to relieve the distress continue with amazing success. A citizens' committee has been formed to care for those in actual want and more than 400 were fed in the rescue station in State street during the night, while preparations were made to serve

breakfast for many more. The armory housed many of the homeless during the night while private houses cared for many others.

Face Hard Problem

C. A. Emerson, Jr., acting chief engineer, and his assistants Howard E. Jones and S. R. Parke, Jr., the sanitary engineers sent here by the State Board of Health, faced a hard problem in their efforts to keep down disease. In addition to the bodies of human beings believed to be in the debris it was thought that numbers of cattle, hogs and sheep had been caught in the flood and their bodies would soon become a menace.

The ripping up of sewers and the destruction of the sanitary system throughout the entire length of the damaged area, caused the engineers to bend their attention against typhoid was carried on with the assistance of the city

health authorities. The mud left by the receding waters varies in depth from five inches to three feet.

JITNEY PATRONS CARELESS

Unless jitney patrons take care of their packages and valuables, the police department will be obliged to have a series of "old hoss" sales. Almost daily from two to a dozen articles are turned in by jitney drivers. They were left in the cars by patrons. The articles to date include knives, dry goods, dress suit cases, satchels, chains, umbrellas, baskets, boxes and one pair of shoes.

GERMANE ENDEAVOR TO ENCIRCLE RUSS

[Continued From First Page.]

back of Warsaw the only fortress available as a rallying point for the Russians is Brest-Litovsk. Thus the Russians are menaced by General von Buelow's columns bending southward and by Field Marshal von Mackensen's southern army bending northward.

The occupation of Warsaw is centering attention on a series of important events that are being arranged. First will be the selection of a German governor. Reports indicate the appointee will be a German who will be vested with authority akin to that which Napoleon gave to his brother-in-law, the duke of Warsaw, as king of occupied territory.

Berlin reports a council to be held on Sunday will formulate a proclamation declaring Poland to be a semi-autonomous state under joint Polish and Austro-Hungarian rule. This conforms with a recent decision of a Polish congress held at Pietrkow, Russian Poland, which proposed a joint Polish army and the fullest Polish autonomy consistent with the strategic interests of Austria-Hungary.

Russians Prepare to Defend Their Last Position on Vistula

Petrograd, Aug. 6, via London, 3:05 p. m.—Novo Georgievsk, 13 miles north-west of Warsaw, still remains in Russian hands to-day notwithstanding the evacuation of the Polish capital, according to information received by the Russian War Office.

The fortress has been prepared for a siege and it already is invested. It constitutes the only fortified position on the Vistula river in possession of the Russians.

TO THE ELECTORS OF DAUPHIN COUNTY

I am a candidate for re-election on the Republican ticket for Director of the Poor of Dauphin County. I come before you as a candidate and stand upon my record of long experience in office primary, so that every elector can enjoy the privilege of casting his ballot for the candidate for whom he desires to vote.

Four years ago I promised, if elected, to give to the people an economic business-like administration. I confidentially believe I have fulfilled my promise. I have attended every regular and special session held by the department, under dates corresponding with the County Treasurer, showing the date, item and amount being received by the County Treasurer; the second showing all moneys paid by parties having claims against the State Insane Asylum, and also those having claims paying boarding at the County Almshouse. It was my ambition to bring the department my long experience in business, and immediately put into effect a system of buying all merchandise by the competitive system, and thereby saved hundreds of dollars for the county, and I made a special effort for the establishment of the almshouse, to bring about such environments that will make the county home cheerful and comfortable for the unfortunate inmates in their old age.

I also brought to the Poor Department my long experience as a farmer. I was deeply interested in enriching the soil of the county farm, to make it respond, and in maintaining it in a fertile condition, which has resulted in unparalleled crops of grain, potatoes and truck. I have also stood to aid and maintain a good Holstein dairy, so that now the County Home has a dairy that is the pride of the county.

If you believe in these policies, I most respectfully solicit your support and influence, and shall be deeply grateful for any efforts in my behalf, and in the event of my election, I will give my personal attention to the office and will strive to promote the department. I am,

Yours truly, THOMAS S. MANNING, of Londonderry Township.
