TOWNSPEOPLE ELECT OFFICERS | PROTESTS

manded in Monthly Meeting of Residents

Residents of Riverside held their August Town meeting last night in the Riverside M. E. church, Third and Lewis streets, and elected the following officers to serve for one year: Professor C. A. A resolution was unanimously adopted instructing President Ellenberger to communicate with Major Lumb, of the State Constabulary, and to request that the patrol system of the constabulary include the Riverside district if possible.

Residents have made complaints that windows were broken, maliciously it is believed, in the public school building, and that at least a hundred crap shooters infest Italian Park south of Riverside each Sunday, wantonly shooting revolvers and guns.

Speeding along Riverside Drive with cut-outs open is also being protested and the residents said that repeated appeals to the constable nave brought no results. The citizens have determined to make an appeal to the State for aid.

Bad roads are also in evidence, ac-

German attacks on Kovno, an important point in the Russian line of defense in the north, have been pressed so vigorously that preparations for the possible evacuation of the fortress are reported to be under way.

Elsewhere along the fighting front in the east the Teutonic pressure is still being strongly exerted and except at isolated points the Russian retirement is indicated by the official reports to be continuing.

Quiet prevailed for the most part along the front in France. The Paris War Office reported cannonading and bomb operations in the Artois district. The Cumberland Valley Telephone Company which has been operated by Henry M. Tracy, receiver, since January 1, 1912, is rapidly approaching the reorganization period. Since Mr. Tracy, as receiver, has had charge of the property, he has spent several hundred thousand dollars on the rehabilitation of the system in general, and has placed the property in a better physical condition than it has been for the last ten years. The company is now in a healthy financial condition, having no obligations whatever, outside of unpaid bond interest, which will be eliminated by the reorganization proceedings. Therefore, the company will start out after the reorganization without any debts whatsoever. Foreclosure Sale Nov. 5 BANKRUPT PRINCE HAS RIOT CALL TURNED IN 28 CENTS IN CASH TO STOP FIST FIGHT

CARRANZA FROWNS ANY PLAN TO FRUSTRATE **SUCCESS**

Thousands of Carranza Troops Cross Border Into Texas and Attempt to Rally Mexicans in That State to Begin Uprisings; Notification of Carranza's Attitude Is Sent to All Participants of Pan-American Confer-

By Associated Press

Washington, D. C., Aug. 11.—Re-assuring dispatches from Vera Cruz to the State Department to-day said the governor had given out a public statement deprecating the anti-foreign demonstration and incendiary speeches and that quiet was restored.

By Associated Press

Washington, D. C., Aug. 11.—General Carranza, through his Washington agents to-day notified Secretary Lansing that "the Mexican people view with displeasure" any attempt tending to frustrate the success of Carranza's armed forces. Carranza's message referred to the Pan-American conference and was taken as plainly signifying he would not agree with its action toward Mcxican affairs.

Reports have reached nere that more than one thousand Carranza. Incops from the command of General Navarette in the State of Tamailpas have moved over into Texas in the territory surrounding Brownsville and have scattered into bands to rally Mexicans in that State the announced purpose of beginning an uprising. They are reported to be under command of Juan Delos Santos, Vincente Davila and Carlos Garcia. War Department officials would not discuss the report, but it was said to be in their possession and probably would be one of the reasons for moving troops to the border.

and Carlos Garcia. War Department officials would not discuss the report, but it was said to be in their possession and probably would be one of the reasons for moving troops to the border.

Notifies Others
Carranza also has sent a similar notification to the diplomatic representatives of all the Latm-American republics participating in the Mexican conference, saying that any attempt between them and the American Government to solve the internal situation of Mexico, "would involve an act which could not be looked upon with levity, as it would mean on the part of the Latin-American nations the acceptance of the precedent that they can take part in any internal affairs of a sister nation with the co-operation of the United States, something absolutely

undesirable, not only insofar as it may affect the relations between the Latin-American nations themselves, and also because it might invorve the moral support of any future decisions which grow out of similar conferences."

Carranza's communication delivered on his behalf by his Washington agent, Elesio Arredondo, was regarded as little less than a defiance of the United States in its effort to bring all the Mexican factions into a conference for peaceful settlement of Mexican affairs.

Tairs.

What the next move of the Pan-American conference, in session in New York to-day would be in the face of Carranza's warning that he intended to brook no outside interference in Mexican affairs was exerly awaited.
