POLITICAL ADVERTISEMENT

With the announcement of E. C. Henderson

of the Second Ward of Steelton to represent his ward in Council for the next term, it might be well to mention a few of the items in which he was active, and in many cases prime mover. The Councilman during the seven years has served principally on Highways, Town Property and Police; has served the entire seven years on Council. During six years of that time he has been the chairman during which period practically every macadam street in the town has been rebuilt. Streets were oiled after much opposition. This led to oiling in other sections of the town, thus eliminating dust nuisance, and creating a better sanitary condition. When Councilman Henderson entered Council, there was but one paved street. There are now between seven and eight miles, much of which is due to the Councilman's persistent efforts. Mr. Henderson's experience with the Penna. Steel Co. placed him in a position to know the materials necessary for the work and in this way the taxpayer received quality work at considerable savings. Much of the credit for the long drawn out suit between the United States Wood Preserving Co. and the Borough in the recovery claim for replacing curbing was due to the efforts and practical experience in his line. This, combined with legal talent enabled the Borough to win the case in the U. S. Court for \$2,847. With Mr. Henderson entering Council the Storm Sewer problem was almost intolerable but after making a study of this situation, this matter has been handled from year to year, under way which will be completed under the supervision of the chairman will give the Borough not only the best paved, but the best sewerage borough in the State. As a town property Councilman, Mr. Henderson was chairman of the special committee appointed to purchase Citizen Combination Chemical and Road Roller. In each instance the result was as in other cases, the best articles were obtained for the least money. The construction of the Locust street steps marks Steelton's most lasting and ornamental improvement. This work, done jointly between the borough and enterprising citizens, was done under the supervision of the Chairman of Highways. While Mr. Henderson represents the Second Ward in Council, he is termed by the taxpayers as a Councilman at large, as he takes as much pride in other sections as he does in his own ward. It is conceded by all political factions that Mr. Henderson should be returned to Council by his constituents.

OFFICE OF OSCAR G. WICKERSHAM, RECORDER OF DEEDS AND CLERK OF THE ORPHANS' COURT OF DAUPHIN COUNTY.

TO THE REPUBLICAN ELECTORS OF DAUPHIN COUNTY:

Having announced several days ago that I would be a candidate for the Republican nomination for the office of Recorder of Deeds of Dauphin County to succeed myself in that office I desire to state, that I stand on my record for general efficiency in the office, for prompt dispatch of business, for an economically administered office and for making more money for the taxpayers of Dauphin County than has ever before been made.

During the first three years of my term I collected and paid over to the county, after payment of all expenses of the office the sum of \$10,563.66 from an office which in many other counties is not self sustaining. By the end of the present year I will have made for the county more than \$13,000. I have increased the net revenue from the office to the county from \$96.58 in 1902 to the sum of \$3,734.83 in 1914.

Further, I have paid better wages to my clerks than was paid by any of my predecessors in return for the excellent services rendered by them to the office.

Patrons of the office want me to continue as Recorder of Deeds. The general public has profited by me being Recorder of Deeds and I claim the right to Republican support in return for services rendered by me to the Republican Party during a period of more than twenty years.

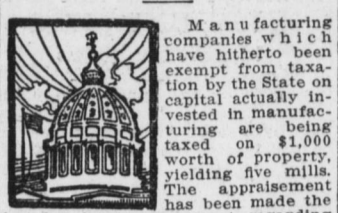

I solicit your support at the primaries to be held next month.

Very sincerely,

OSCAR G. WICKERSHAM

FIVE DOLLAR TAX FOR ALL COMPANIES

New Corporation Arrangement With Minimum Appraisal of One Thousand Dollars

Manufacturing companies which have hitherto been exempt from taxation by the State on capital actually invested in manufacturing plants are being taxed on \$1,000 worth of property. The arrangement has been made the last few days on statements regarding capital stock taxation which is now being worked out. A number of companies have already paid.

The letter issued by the Auditor General's Department in regard to the tax says: A minimum appraisal of \$1,000 on account of capital stock subject to taxation, is made against all companies, irrespective of the character of the activities or the amount of property invested in the State. Under the former practice the passing of a report without settlement, on account of the entire capital stock being engaged in manufacturing renders it possible for the same to be opened and settlement made thereon by subsequent auditors general. Under the present practice, the settlement is closed except for clerical errors, after a year from date of voluntary payment.

Approximately 6,300 domestic corporations out of about 25,000 on the books of the State are engaged in manufacturing and quite a number in this list have been exempted from payment of tax on investment of capital in manufacturing.

New Standard Sought.—State standards for cereal mills and malt warehouses are to be worked out by the State Industrial Board and a committee has been called to meet in Pittsburgh on September 9 to discuss drafts. The draft of the code for foundries is about ready to promulgate.

Ten Per Cent Affected.—According to estimates made to-day by officials of the Auditor General's Department about ten per cent of the women now receiving pensions under the act of 1913 will lose them through the wording of the amendment of 1915. This amendment restricts widows to widows and women whose husbands are hopelessly insane. About 800 women are on the pension list and the county boards will be required to drop those not within the new law.

Commencement Week.—This is commencement week at the State Forestry Academy at Mont Alto and the State will graduate four foresters who will enter its service. Commissioner Conklin and Forest Inspector Wirt are attending the exercises.

State Will Help.—Highway Commission has approved the proposed highway improvements in Montoursville, which were asked last night by a committee of officials and residents of that town. The work is to be done under the money available for Lycoming county.

Forty Arrests.—Sampling of the State's vineyard was made by purchases of 235 bottles in practically all of the counties of the State, has resulted in forty prosecutions. These cases will likely be settled in magistrate's office and it is not expected many of them will get to court.

Payrolls Completed.—The last payrolls for the Second Brigade were completed to-day and the checks are on the way. The pay for the artillery and engineers will be made out next.

Asks Economy.—Superintendent Rambo has called the attention of heads of departments to the appropriation made for telephone and telegraphic messages and has asked them to take things easy. He suggests that economy be practiced where possible in long-distance messages.

Going to the Coast.—Auditor General A. W. Powell will take a trip to the Pacific Coast. He will be at the Exposition for Pennsylvania Day.

Named Notary.—W. B. Bennett, of this city, was appointed a notary public to-day.

Offer For Two Roads.—Rodney M. Grinn of Newport, was today commissioned as a special policeman for the Susquehanna and Western and Newport and Shermans Valley railroads.

Member Here.—Representative Evans, of Luzerne county, was here to-day on business at the departments.

Increased Filed.—The Tracy-Perry Company, of Philadelphia, has filed notice of increase of stock from \$5,000 to \$25,000.

Steelton (Middletown & Highspire) Royalton Oberlin & Hault

J. V. W. REYNDERS TO RETURN TO COUNCIL

Borough Progressed Wonderfully Under His Regime; Election May Be Unanimous

J. V. W. Reynders, vice-president of the Pennsylvania Steel Company and president of Steelton's borough council, it was announced this morning, as consented to become a candidate for re-election from the Third ward. Nomination papers are already in circulation and will be filed shortly. A member of council for nine years, Mr. Reynders has been the presiding officer of that body for eight. With his high executive ability, German public improvements have been planned and executed under his guidance and than at any other time in the borough's history. Nearly seven miles of paved streets have been laid, the sewerage system has been greatly improved, the water department has been placed on an efficient paying basis, sanitary conditions over the entire borough have been wonderfully improved—in short, the borough has gone through a period of progress never before equaled in its history.

That a large amount of the credit for these accomplishments is due Mr. Reynders, is admitted by everyone. He has given the taxpayers the benefit of his high executive ability and devoted a large amount of his time to borough affairs. In every movement for the greater development of Steelton he has been among the leaders.

Funeral services for Charles Fortna, who died in the Harrisburg hospital, high executive ability German Nomination papers are already in circulation and will be filed shortly. The burial will be held from his late home, 117 Steel avenue, to-morrow afternoon at the 1.30 o'clock. Burial will be made at Camp Hill.

WANT LIGHTS IN MOHN ST. Residents of Mohn street, in Swatara township just east of the borough, will hold a meeting at the Quartet Club hall last evening to discuss plans for lighting the streets in this section. It is planned to install ten incandescent lights in this section towards the town. Authorities to maintain the system.

WAGON FOR PARCEL POST Increasing parcel post business in Steelton has compelled Postmaster M. M. Cusack to obtain permission to place a wagon and driver on this work. Bids for this service will be opened at the post office on Friday evening. The bids will cover a two months' contract. Thereafter a year's contract may be let.

CHARGED WITH STEALING Charged with stealing a watch from a West Side Macedonian, Clifton Hammond was arrested by Chief O'Brien of the Steelton police, after he had taken refuge inside the works. Hammond was turned over to Harrisburg police officers. The watch was found in his possession.

HIGHSPIRE WILSON H. GROVER

Wilson H. Grover, 77 years old, died last evening at the home of Mrs. J. M. Grover, of Steelton. He was a native of Pennsylvania and had resided in Steelton for many years. He was a member of the Highspire Church of God, and will be buried in the Highspire cemetery.

MABEL FICKES Mabel Fickes, the adopted daughter of Mr. and Mrs. W. J. Mearns, who died at Steelton yesterday will be held from St. John's Catholic Church, Friday morning. The Rev. Father William Huygen will officiate and burial will be made in Mt. Olivet cemetery. Miss Fickes was 16 years old and formerly lived at Lancaster.

REEL CHOSEN HEAD OF STATE SEALERS

vice president, Charles P. Keating, of Erie county; second vice president, A. B. Clayton, of Schuylkill county; third vice president, Harry A. Mitchell, of Johnstown; secretary, Benjamin Sharkey, of Philadelphia; treasurer, John A. Leinback of Lancaster. The executive committee will choose the place of the next convention.

Reel succeeds Harry A. Boyer, of Dauphin, Sharp, the secretary, succeeds James Sweeney, chief of the Bureau of Standards, who withdrew because of business.

D. P. & S. Win Prizes in Big Window Contest

Dives, Pomeroy & Stewart, department store at Fourth and Market streets, this city, in a \$15,000 competitive window display contest conducted in this country by the Rice Leaders of the World association, of which Elwood Rice of New York is president, won five of the 463 prizes awarded.

One \$50 prize was awarded in the fifteenth class, for a showing of the products of the White Enamel Refrigerator Company, St. Paul, Minn. Two \$25 prizes in the sixteenth class were given for exhibits of Hunt Brothers' Company, San Francisco, and Full Brothers' Umbrella Company, Toledo, and two \$10 prizes, seventeenth class, were won for exhibits of the Eaton, Crane and Pike Company, of Pittsfield, Mass. and the Thomas G. Plant Company, of Boston.

RUSS REPULSE ATTACKS Petrograd, Aug. 17, via London Aug. 18, 3:26 a. m.—The following official statement was issued to-night at the headquarters of the Russian General Staff: "In the region of Riga and in the direction of Jacobstadt there has been no particular change. In the course of Sunday and Monday attempt of the enemy to progress failed."

REVOLVER SHOT IS ANSWER TO PITCHER

[Continued From First Page.]

the robber's head he turned and fired a revolver shot at Mr. Nichol. The bullet took effect in the side of the house near the window.

Another attempt at robbery at the home of George Morrette, of 269 Main street, was reported last evening. Here the thieves ransacked several rooms before they were frightened away by the screams of Mrs. Morrette. Nothing of value was taken.

Since the first crime was reported on Memorial Day no arrests have been made that have checked the crime wave. Seven women have been assaulted in their homes, several highway robberies have been reported and innumerable cases of petty thieving and house breaking have been reported. The police, it seems, are powerless to cope with the situation and petitions are now being circulated by residents of the West Side to ask council to request State police. Residents of the lower end of the borough have offered their services as a vigilance committee and efforts are being made to get State police for this section.

As a result of these crimes excitement in the borough is intense. Women are exceedingly nervous and many will not sleep without bolted bedroom windows and doors. Hardware stores are doing a large business in small arms and ammunition.

700 NOT PERMITTED TO LEAVE Rome, Aug. 17, via Paris, Aug. 18.—Turkey, according to a dispatch received by the Giornale D'itana recalled permission for the departure of Italians, a large number of whom, including 700 reservists are waiting to sail at Jaffa, Beirut, Mersina, Alexandria and Smyrna.

HARRISBURG CAPITAL HAS INVADDED HERSHEY

[Continued From First Page.]

engineered the deal and secured control. Some contend that a large industry is about to be located at this point. Others say that it will be plotted and sold into lots, with streets conforming to those in Hershey which end at the line of the Peters farm. Another suggestion is that a greater portion of the ground will be devoted to a county fair grounds with a mile race track included. An air of mystery pervades the Hershey neighborhood, as a contractor is now on the ground taking measurements and perfecting blue prints which are not open to public inspection.

There is no question raised by those interviewed, but what the opportunity is an exceptional one, situated as it is within a stone's throw of the famous chocolate factory and adjoining the beautiful 300-acre park and the model town of Hershey. There is over eleven hundred feet frontage along the main street, Chocolate avenue, and the Philadelphia and Reading railroad tracks run through the grounds, affording every facility for shipping purposes, providing it is to be used for manufacturing or fair.

W. K. Meyers is the attorney for those who have purchased the Peters farm, but said it was not for publication at present regarding the intentions of the purchasers. William J. Schindler is the promoter who is working in co-operation with the mysterious contractor who is perfecting the plans under consideration.
