# MEXICANS REPLY TO AMERICAN APPEAL

## Three Responses Have Already Reached State Department Officials

Washington, Aug. 19.—Further responses to the Pan-American appeal for a peace conference among the Mexican factions were received at the State Department to-day including that of General Villa which was said to be favorable. With the presentation by Enrique C. Lorente, the Villa agent here, of his chief's answer together with his own to Secretary Lansing, three responses to the appeal had been received.

**General Villa's Reply Reaches El Paso, Tex.**

El Paso, Texas, Aug. 19.—Following is the official text of General Villa's reply to the Pan-American appeal for peace, which reached here last night from Chihuahua.

"I, as general in chief of the conventional army, have been informed with satisfaction of the friendly note which your excellencies have advanced to me and which I received on the night of August 5.

"In replying, I have the honor to inform you that the convention government is strong enough through its own resources to continue the fight defending the institutions belonging to the Mexican people, until such time as the high ideals of the revolution, which guarantee a solid and stable peace, are realized; but taking into consideration the friendly and brotherly attitude of the United States of America and our sisters, the Latin American republics, Brazil, Chile, Argentina, Bolivia, Paraguay, Guatemala, with the end that peace in Mexico must be an immediate fact and constitutional order, duly established, we are ready to accept and cordially accept the good offices of your excellencies toward calling a reunion of delegates of the contending parties recognized in Mexico. It will be possible for them to reach a satisfactory agreement thus saving the national honor, well understanding that the conventionalist government is willing to make all kinds of efforts to correspond to the good will expressed by your excellencies.

"I want to state clearly that all military chiefs as well as the civilians attached to the conventionalist army are willing to establish in Mexico a provisional government that will guarantee the elections to which people would be convoked to elect with liberty its officers as we have no further desire except that the nomination will be in favor of a determined man. I have the honor to reiterate to your excellencies the sincerity of my highest esteem.

Signed: FRANCISCO VILLA, "General in Chief of Operations."

# 300 ORPHANS HAVE THE TIME OF THEIR LIVES AT HERSHEY

### Sixty-Five Automobiles Full of Happy Youngsters Have an Annual Outing Given by Harrisburg Motor Club

Some of the Children's Industrial Home Youngsters Soon After They Piled Into the Autos Bound for Hershey.

Filled with three hundred joyous happy children from the city's various charitable institutions and several poor families, sixty-five members of the Motor Club of Harrisburg started from the Square at 9 o'clock for Hershey Park, where the day was spent in the annual romp.

At the park all the concessions were thrown open to the youngsters and they rode the merry-go-round, scenic railway and saw the picture show to their hearts' content. Immediately after arriving they pitched into a barrel of pretzels and each was given a generous slab of brick ice cream. At 1 o'clock the big dining room of Hershey Inn was turned over to the children and they disposed of a regular banquet. Afterward there was more fun until 5 o'clock, the time for returning home.

The children, accompanied by the matrons and attendants, boarded the machines at their respective orphanages. Then they were taken to the Square and each given a small silk American flag by Bowman & Co. After all the cars had reported they were started on the road to Hershey.

## For Freckled, Tanned, Red or Wrinkled Skin

Just beneath that freckled, tanned or reddened complexion there's an exquisitely beautiful skin of youthful tint and delicacy. If you could only bring this complexion to the surface, discarding the discolored one, you can—in the easiest, simplest, most natural manner imaginable. Just get at any drug store an ounce of ordinary mercerized wax, apply nightly like cold cream, removing it mornings with warm water. The wax assists Nature by gradually peeling off the superfluous particles of scorched and half-dead surface skin, causing no discomfort whatever. Cutaneous defects like pimples, blotches, liver spots, moth patches, freckles, of course disappear with the old skin. Nothing else will accomplish such wonderful results in so short a time.

The lines and even deeper wrinkles often appear at this season, in such cases nothing is better than a face bath made by dissolving 1 oz. powdered sassafras in ½ pt. witch hazel. This is remarkably effective.—Advertisement.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known for a medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. A list of testimonials.
