How to Heal Skin Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These are not at all expensive. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again. Sample free. Dept. 28-R, Resinol, Baltimore, Md.

Plant Reported Warned Is Operated by Germans

By Associated Press

Pittsburgh, Pa., Aug. 23.—Erich Joseph, general manager of the Orenstein-Arthur Koppel Company's plant at Koppel, Pa., denied himself yesterday to all callers seeking information supporting or denying the charges printed in the New York World that German agents in America held threats of invoking German criminal law over the company's head when it sought advice from German sources about filling a war munition order from Russia.

Mr. Joseph visibly disturbed, when asked definitely to admit or deny that correspondence had passed between his company and the German consul at Philadelphia, Dr. George Stoebe, pleaded press of business, although it was Sunday.

Finally, after repeated importunities Mr. Joseph promised he would make a statement, giving complete details of the company's side of the case to-night.

While the plant of the company is located at Koppel, Pa., Mr. Joseph makes his home at the Hotel Schenley, in Pittsburgh. He met a number of callers yesterday and appeared usually busy. He was in long distance telephone communication, it was reported with New York and Washington.

Little is known about the Orenstein-Arthur Koppel Company among Pittsburgh businessmen. Its officials all are Germans, and at the office of the plant, where the employees, too, are mostly Germans, the language of the Fatherland is spoken.

WANT FOUR WARSHIPS

By Associated Press

Rome, Aug. 23, via Paris, 11:05 a. m.—Appreciation is expressed here in government circles and by the people of the weighty burden undertaken by the American embassy at Constantinople in the protection of Italian interests in Turkey. Unofficially hopes are expressed that the United States will send additional warships to render the representations of Ambassador Morgenthau effective.
