

HIGH PRICES KILLED Beware of Cheap Prices
 The General says: When we entered the field the price of good roofing was too high. With our big mills, enormous output and modern selling methods we can sell the best roofing at a reasonable price. This has been done to such a great extent that high prices have been killed. Now you get the highest quality at a reasonable price when you buy

Certain-teed Roofing

But there is another great danger. Unknown goods—unknown brands and unknown qualities are being offered at prices that are too cheap for safety. It's a long, long chance you take when you buy these cheap goods. Avoid extremes of cheap prices as well as high prices. Know that the company whose name appears on the goods has the ability to make a good quality roofing at a reasonable price, and that it is guaranteed by them to be the best roofing possible to make; that the company does not sell anything at a higher price, and that the price at which it is offered to you is a reasonable but not a cheap price.

Certain-teed Roofing is guaranteed 5, 10 or 15 years according to whether the thickness is 1, 2 or 3 ply respectively, and remember this guarantee is based on the largest mills in the roofing and building products industry. Ask your dealer for these goods, and be sure they bear our name. The name is on every roll.

Colonia Opening as Movie Marks New Film Era Here

New "Photoplay House Deluxe" Has Seating Capacity of 1,200, Has Screen in Japanese PAGO Setting and Biggest Pipeorgan in Any Penna. Theater

The Colonia Theater on Harrisburg's busy corner, Third and Market streets, opened this morning, at 10 o'clock, Harrisburg's largest moving picture theater.

Without question the Colonia's entrance into the exclusive moving picture field marks a new era for the "movie" in Harrisburg. The Colonia was built for vaudeville purposes, and contains all the features necessary to a high-grade show house. It has a seating capacity of 1,200 and has comfortable lobbies and numerous exits in Third street.

No expense has been spared by the Wilmer and Vincent people to make the Colonia a theater that can be desired by the thousands of "movie" fans throughout the city and Central Pennsylvania. The entire theater has been refurnished and renovated, a huge Moller pipeorgan—the largest in any theater in Pennsylvania—has been installed on the old vaudeville stage in the center of a beautiful setting, and the lighting has been completely reworked into a "semi-indirect" scheme that gives plenty of light to patrons being a high-grade show house. The new ushers, but in no way interferes with the flow or light on the big silk-fiber stage.

Special attention has been paid to the lobbies, inner and outer, which have been beautifully decorated and furnished. The outer lobby opening in Market street, has been decorated in every way with the latest in moving picture stars, set in frames of mirrored gold on the walls. The inner lobby, with exit in Third street, has been made over into a gold and blue "restroom" which will make it the most attractive lounging spot in any theater in Harrisburg, not excepting the Orpheum or the Majestic. The walls are in gold and blue and the carpeting is in tones of blue with a touch of gold to give it a touch of harmony with the rest of the interior. The new sofas give the room a homelike appearance that is most inviting.

The big Moller pipeorgan has been encased in a special house built on the stage. In front of the organ house is the big screen which is placed in a Japanese Pagoda setting, giving an effect of the East over fields of beautiful flowers. The lighting effects in this setting, which were planned by Walter Vincent, of Wilmer and Vincent, have been effective, giving one a feeling of having dropped into a corner of paradise instead of into a "movie."

BIG PLANT FOR CAPE MAY
 Bethlehem Steel Co. to Erect \$30,000 Factory Along Bay Shore

Cape May, N. J., Aug. 23.—As a result of the visit of Charles M. Schwab to Cape May last Thursday in company with Russian and English army officers and other officers of the Bethlehem Steel Company, it is announced that the Bethlehem Steel Company will build near the shore a factory to cost \$30,000.

It is rumored that it will be used for the manufacture of powder and shells. The company now controls by lease and purchase nearly five miles of land along the Delaware Bay shore north from Cape May Point.

Boils and Pimples Dangerous
S. S. S. Your Remedy
 Standard for Fifty Years

Modern science has proven that boils and carbuncles, pimples and unsightly skin blotches are the danger signals of diseased blood. Scaly skin and itching of eczema, scrofula, rashes—all skin diseases are aggravated by blood. It is the infected blood that is dangerous. Don't wait for the boils. If you have pimples and blotches, take instant action. Pimples tell you that your blood is filled with impurities. You must oust your blood, strengthen and stimulate it to healthy action with Nature's own blood tonic, S. S. S. It is the standard blood purifier of the world. Don't use any other drug. Don't use ointments and salves. S. S. S. reaches the blood, drives out the impurities. It makes healthy perspiration—the poison is literally sweated out through the skin. Boils, blotches, eczema and the scrofula indications disappear. It does what salves and lotions can never do—it goes to the very root of the trouble by reaching the blood. Your skin becomes clear and you soon feel the vigor of the return of perfect health. S. S. S. is purely vegetable. You can get it at any druggist's, but you must take S. S. S. Let us tell you about blood diseases. Write for book of facts, "What the Mirror Tells." It yours is a long standing case, write for expert advice to S. S. S. Co., Atlanta, Ga.

McDEVITT CHOSEN
NEW BOARD OF HIGHWAYS

Will Act as the Legal Man of the Commission on Economy and Efficiency on Hill

Harry S. McDevitt, of Philadelphia, was to-day appointed attorney for the State Economy and Efficiency Commission, of which Governor Martin G. Brumbaugh is chairman, and will have charge of the studies of State governmental methods and the drafting of recommendations for changes when the next legislature meets. The new commission is composed of the Governor, auditor general and State treasurer and is authorized to make such changes as may be needed in the system in vogue in Capitol Hill departments and to suggest others for which legislative authority may be needed.

Mr. McDevitt served as chairman of the Commission named in 1913 of which Jacob Soffel, Pittsburgh; Henry D. Jones, Susquehanna; and H. Fisher, Brownsville, were also members and which recommended a number of bills passed by the last legislature, including that for the State Fire Insurance fund. He was also in recent executive controller and has had valuable experience.

Candidates' Cards Taboo.—Scores of political advertising signs have been removed from State highways with the last few weeks as the result of the activity of the highway officials in enforcing the law forbidding the display of political signs along the highways. Last year vigorous steps were taken to get rid of various signs which had been placed on the main routes, some of which had been painted on rocks or tacked against trees along the highway because of the interest in the primary election numerous placards and signs in behalf of local candidates have appeared in almost every county and poles and trees along State highways were utilized. They have been ordered removed and where not taken down the State's men have acted.

To Inspect Time.—State supervision of the lime sold in Pennsylvania will begin this winter and steps have been taken by the Department of Agriculture to lay down a system of grading, labeling and selling similar to that which the Commonwealth requires with grass seeds, fertilizers, cattle feeds and various materials used by farmers. The lime on sale will be sampled by inspectors and chemical analyses made at the department's laboratory in this city.

Companies to Merge.—Notices have been received at the State Capitol of preliminary plans for the merging of a number of electric companies chartered within the last year. Most of these companies were incorporated by interests identified with power plants being constructed in the western and southeastern parts of the State. The capitalization of the new companies is all at the nominal figure of \$5,000.

Mifflin Don't Want Any.—Mifflin county authorities have sent notice here that the amount allotted to that county for mothers' pension is too small for any use and that it does not want it. It will wait a couple of years.

Taking Vacation.—Wilmer Johnson, assistant commission clerk, of the State department, has taken his vacation in Montgomery county.

Ex-Senator Here.—Benjamin Jarrett, former senator from Mercer, was here to-day.

Speak.—Dr. C. D. Koch, high school inspector, will speak at the Beaver county institute this week.

On the Way West.—Col. H. C. Trexler, quartermaster general of the National guard, has gone to Wyoming for a month's hunting. G. H. Hardner, prominent in Allentown affairs, accompanies him.

Mr. Ainey Sworn In.—Chairman W. D. Ainey, of the Public Service Commission, was sworn in to-day by Deputy Secretary of the Commonwealth Hertzler.

Representative Here.—Representative George W. Williams, of Tioga, was at the Capitol to-day.

Nearby Districts Paid.—State treasury checks have been issued to these nearby districts: Dauphin, \$538.12; Wayne, \$796.55; Smoot, \$4,271.88; in Cumberland county, North Middleton, \$1,520.73; Silver Spring, \$2,123.58; Lower Mifflin, \$704.99; Dickinson, \$2,711.10; Perry, Miller, \$628.43; Greenwood, \$1,257.63.
