

**Interesting Facts about CRISCO**  
 Crisco is the best, the cream of vegetable oil.  
 Crisco is all vegetable. It remains of ideal consistency and does not separate.  
 Crisco keeps sweet and pure indefinitely because the parts of the oil which turn rancid have been eliminated.  
 Crisco makes a richer cake than butter, because it is a richer fat. Crisco is 100 per cent pure fat; butter contains approximately one-fifth water, salt and curd.  
 Crisco makes fried foods more digestible, because Crisco itself is perfectly digestible.  
 Crisco is a real food fat. Animal lard, and fats to which stearine has been added require a longer time to digest, taxing the digestive machinery.  
 Try Crisco today. Grocers sell Crisco in ever increasing quantities. It costs less than half as much as butter.

**Weather Conditions Are More Favorable For Crops**  
 Weather conditions were more favorable to crops during the past few days. A day's weather and crop summary issued by the United States Department of Agriculture, follows:  
 The rainfall distribution was very uneven, ranging from a light sprinkle more than five inches in some places, to very heavy rainfalls were confined to a few small districts, however, and a whole the conditions were favorable for crops and for out of doors pursuits.  
 The temperatures were low during the first part of the week, with light frosts reported from a few northern stations. Plowing, thrashing and potato digging were in progress. Crops are turning out in better condition than was indicated last week, very little of the grain being moldy, although much of the straw is badly matted.  
 Wheat is also yielding better than was anticipated in most sections. Potatoes are yielding well, but there are reports of rotting in many places. The yield and quality will, however, be considerably above the average.  
 A large crop of peaches of the finest quality is being gathered, and market prices are the lowest for many years. Apples are showing good promise in some sections, but as a rule they are reported to be only about half a crop. The crop of hay has been mostly in the northern counties and, except for some losses by the wet weather, the crop is excellent.

**Treaty Submitted to Haiti Is Beneficial**  
 By Associated Press  
 Washington, D. C., Aug. 25.—Secretary Lansing said to-day that the treaty the United States has submitted to Haiti proposing ten years American control of the island government's finances, had for its sole purpose the establishment of a stable government which could be entirely turned over to the Haitians themselves.  
 The American Charge at Port au Prince has asked the Haitian Government for an answer to the American proposals to-day. Secretary Lansing confirmed the outline of the plan as it was stated in yesterday's news dispatches from Port au Prince.

**HEALED BY CUTICURA SOAP AND OINTMENT**  
 "There were very fine, thin scales on my scalp and my hair fell out and was lifeless. My scalp itched terribly and my hair was so thin that I wore a wig. Small pimples also broke out over my face and gradually swelled into hard, red pimples. Sometimes the itching was so intense that I scratched until they bled and I was kept awake at night. I read a Cuticura Soap and Ointment advertisement and sent for a free sample, and afterwards bought some. In a month's time I was completely healed." **NEWS OF THE RAILROADS**  
**MIDDLE DIVISION'S BUSY FREIGHT LINE**

**August Reports to Date Show New Records in Total Car Movements**  
 August freight traffic over the Middle division of the Pennsylvania railroad will be a big factor in making this a record month for car movement. Eastbound movement passing Lewistown Junction, one of the principal computing points on the main line, was fifteen per cent. better than one year ago.  
 The total car movement east and west over the division was 73,040 for twenty-one days. One year ago the total movement was 66,965. The total number of eastbound loaded cars passing Lewistown during the first three weeks of August was 56,250. One year ago the car movement was, for the same period, 48,849.  
 The total car movement passing eight junction points up to last Saturday aggregated 537,067. Last year the total movement was 503,033. The increase for the year to date is 34,716. Officials say the improvement in freight traffic during the present month has not been entirely due to the hauling of large quantities of coal to storage yards, but included general merchandise and large shipments of fruit and vegetables.

**Requests Decorations For P. R. Veterans**  
 Chairman J. H. Keeseberry, of the committee on decorations for the veterans' organization, next Saturday, requests that citizens decorate their homes in honor of the visitors. **Cruiser Tennessee Will Reach Philadelphia Today**  
 By Associated Press  
 Philadelphia, Aug. 25.—The United States armored cruiser Tennessee passed in the Delaware breakers this morning from Annapolis and will arrive at the Philadelphia navy yard late this afternoon. After taking on stores, medicines, coal and ammunition the cruiser will proceed to Haiti to join the fleet under command of Rear Admiral Caperton.  
 In addition to its regular crew the Tennessee carries 350 marines who were taken on board at Annapolis. The cruiser also has on board twelve three-inch landing guns. A company of 200 marines from the local navy yard will also leave on the Tennessee, it was said, to-day, but there will be no concentration of marines in this city as was the case during the Mexican crisis of about a year ago.

**Holtzman's New Eilliard Room Opens This Evening**  
 With seven additional billiard tables installed on the second floor Lester G. Holtzman, now has what is said to be the largest billiard establishment in the State outside of Philadelphia and Pittsburgh. The new addition to the building was recently completed, and will be formally opened to the public this evening. With the thirteen tables on the first floor, the addition makes a total of twenty tables, thirteen of which are for pocket billiards and twelve for the regular game.  
 Mr. Holtzman first opened in the basement of the Metropolitan hotel eight years ago with a few tables and for two years he also conducted a billiard room in the Bolton House. Two years ago last May he secured the present location and installed thirteen tables on the first floor and four bowling alleys in the basement. The present addition to the building was

found necessary in order to accommodate the increasing number of men who prefer the game of billiards. Orchestra music will be a feature of this evening's entertainment.
