

Beautiful Black and Deep Toned Velvet Hats With an Elegant Simplicity in Trimming at, \$4.95

A Preliminary Showing of Autumn Millinery

Fashion seekers will find our millinery stock well prepared for its new season. Hundreds of trimmed and untrimmed hats have come in during the past week and most of the new arrivals have been marked and placed on display for your inspection.

As noteworthy a group of hats as ever entered the department constitutes this Fall's showing of our famous line of \$4.95 styles. At this early period there is a very comprehensive collection of models in velvet that feature the latest style tendencies, which because of their smart effects show the true inspiration of Paris millinery genius.

Hats are mostly in black velvet with deep tones in brown, green, navy and purple. Women will welcome the sharp little curves and flares of brims which show off so becomingly the new coiffure. Large shapes predominate with new effects in pokes and turbans for those who prefer the smaller shapes.

Trimnings include gold, silver and steel ornaments, ribbons done up with military effects, small black and white wings, flowers in entirely new creations and Spanish coque.

This briefly tells the style story of the new Fall hats and we feel sure you will be interested to the point of coming to the showing to-morrow, to see the styles for yourself.
