Clever Artists Have Fashioned Choice Garments For Your Approval

THE assortment we are now showing comprises every late idea created by authorities on fashion. It is a most complete assemblage for August, and we're sure you'll agree that this store is the only place where such varieties are shown.

Even while handicapped for space, we have spared no efforts to attain a standard of completeness and feature new styles while they are new.

In a short time our Women's Outer Apparel department will be moved into the new quarters designed to be most modern and inviting.

Suits—Every new tendency, with improved military effects seemingly in the lead for popularity.

Dresses—So many; so different; so charming; no particular style is prettier than another, and popular effects will be found.

Waists—A strong tendency toward the darker tones, and particular snappy are plaids and stripes.

Skirts—wide to be sure, but within the bounds of quietness; styles are becoming.

Coats—here again the military effects are dominant; choice mixtures are a feature.

Miss Helen B. Goodheart Bride of Prof. Robt. Beck

Special to The Telegraph
Newville, Pa., Aug. 27.—Last evening at 6 o'clock the home of Mr. and Mrs. William B. Goodhart, in Big Spring avenue, was the scene of a beautiful wedding, when their niece, Helen Beck Goodhart, was married to Prof. Robert Beck, of New Jersey.
In the large bay window, masses of hydrangea, wild carrot, pampas grass and ferns formed a bower where the wedding ceremony was performed. To the strains of the wedding march from Lohengrin, played by Miss Anna Greaver, the bridal party entered the living room, where they were met by the Rev. Carl Rasmussen, pastor of Zion Lutheran church, who performed the ceremony. The bride was attended by Miss Bessie Daron, of Carlisle as bridesmaid. Fred Goodhart, of Carlisle, a brother of the bride was best man.
The groom is a graduate of Pennsylvania college at Gettysburg and has accepted a position as physical instructor at a school at Muncy, Indiana, having held a similar position at Swarthmore College the past year. The decorations were profuse and beautiful, having been arranged in an artistic manner by the bride's aunt, Mrs. W. B. Goodhart.
Guests were present from Carlisle, Bowmansdale, Steelton, Chester and points in New Jersey. Following a short wedding trip Mr. and Mrs. Beck will live at Muncy, Ind.

WHAT IS URIC ACID?

Does Uric Acid Cause Backache, Rheumatism and Kidney Trouble?

Dear Dr. Pierce:—What is Uric Acid? Does it cause kidney trouble? Not long ago I was examined for insurance and an analysis of the kidney secretions showed an excess of Uric Acid.

I suffer from backache, and rheumatism in my limbs, but never before suspected my kidneys. I recognize you as an authority on these subjects, and wish you would give me this information.

Lewis R., My Dear Sir: Answering your letter, Uric Acid indicates poisoning of the system; it is also associated with several other poisons and forms of painful irritants in the cells of the joints, nerves and muscles. Everyone has Uric Acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in the stomach. The kidneys being the filters of the blood are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the poisonous Uric Acid and its associated poisons contaminate the blood, causing backache, lumbago, rheumatism, dropsy and, tired, wornout feeling.

If run-down, weak or emaciated, need building up and wish to put on enough "stay there" flesh to round off your figure, making it plump, robust and healthy looking, I would suggest also a tonic for strengthening the stomach, giving life to the lungs and purity to the blood, such as does Dr. Pierce's Golden Medical Discovery, the herbal system tonic.
Take good medical advice, and do not let deadly Bright's Disease or Diabetes develop from neglected kidneys. (Signed) V. M. PIERCE, M. D.
