

GERMANY ACCEPTS PRINCIPLE TO NOTIFY SHIPS BEFORE SUBMARINE ATTACKS

Count Von Bernstorff Hurries From New York to Washington to Give Latest Information to Secretary of State Lansing

STATEMENT WILL BE REDUCED TO WRITING

Situation Eased Greatly as Result of Latest Development Is Belief of High Government Officials in Washington

Washington, Sept. 1.—Germany has accepted the declarations of the United States in the submarine warfare controversy. Count Von Bernstorff, the German Ambassador, gave oral and written assurances to Secretary Lansing that no more passenger ships will be sunk without warning.

After a conference at the State Department Ambassador Von Bernstorff sent Secretary Lansing this letter:

"My Dear Mr. Secretary: With reference to our conversation of this morning I beg to inform you that my instructions concerning our answer to your last Lusitania note contains the following passage: LINERS WILL NOT BE SUNK BY OUR SUBMARINES WITHOUT WARNING AND WITHOUT SAFETY FOR THE LIVES OF NONCOMBATANTS, PROVIDED THAT THE LINERS DO NOT TRY TO ESCAPE OR OFFER RESISTANCE.

Although I know that you do not wish to discuss the Lusitania question till the Arabic incident has been definitely and satisfactorily settled, I desire to inform you of the above because this policy of my government was decided on before the Arabic incident occurred.

I have no objection to your making any use you may please of the above information.

I remain, my dear Mr. Lansing, Very sincerely yours, J. BERNSTORFF.

In connection with the letter, Secretary Lansing made the following statement: "In view of the clearness of the foregoing (Continued on Page 9.)

Robbers Try to Enter Two Sixth St. Houses

An unsuccessful attempt was made last night by robbers to enter the homes of Frank E. Musser, photographer, and Charles F. Spicer, treasurer of the D. Bacon Company, who reside at 702 and 704 North Sixth street, respectively.

A member of the Spicer family heard a noise on the balcony. On looking out one man was seen working on a rear shutter at the Musser home and another was climbing over the balcony of the Spicer residence. A neighbor in the rear of the Musser home also saw the men. The alarm was given and the robbers were frightened away.

Mr. Musser, who returned soon after, was notified and he made an investigation. He found nothing missing.

Vacation season is at its height. Rest and recreation will not be complete unless you have all the news from the daily. Your favorite newspaper, The Harrisburg Telegraph, will fill the gap.

The cost is the same as when you are home, six cents a week. Call The Circulation Department or drop a postal.

THE WEATHER For Harrisburg and vicinity: Fair, continued cool to-night and Thursday. For Eastern Pennsylvania: Fair weather to-night and Thursday; fresh northeast winds.

BRIDGE REPORTED BLOWN UP BY BRITISH SUBMARINE

It is reported that a British submarine has blown up a portion of the famous Galata bridge, which spans the Golden Horn at its point of junction with the Bosphorus, and connects Stamboul and Galata, two of the most important sections of Constantinople.

To reach the bridge the submarines must have come through the Sea of Marmora, and the western end of the Bosphorus, sailing completely around Stamboul and entering the very heart of the waterway.

GERMANS CARRY ON NEW PLAN IN RUSSIA

Three Wedges Are Slowly Being Driven Into Defensive Lines

RIGA IS ALMOST ISOLATED Rain of Shells From French Guns Pours Into German Trenches in West

London, Sept. 1, 11:45 a. m.—Germany's plan for driving three wedges into the Russian defensive lines is being carried forward, but not with the same speed as marked the sweep over Poland. Riga is almost isolated, and unless the Russians show they have forces against Von Hindenburg's exposed flank this port must fall into the hands of the invaders.

Although this northerly attack seems to have been checked for the moment, the Russians have been unable to develop a counter offensive in that region comparable with their activities in East Galicia, where on the river (Continued on Page 9.)

Japan May Help Russ in Forcing Dardanelles

Paris, Sept. 1.—What appears to be an intimation that Japan may cooperate in the campaign to force the Dardanelles, is contained in an interview with Baron Hayashi, Japanese ambassador to Italy, sent to the Petit Parisien by its Rome correspondent. "I cannot say much about that," the baron is quoted as saying in reply to a question regarding the Dardanelles, "for we must not allow our enemies to profit by information about the movements of troops."

Discussing the part Japan has played in the war the ambassador said: "We have not ceased to have collaboration with our allies to the extent assigned to us. The world will be astonished when it knows what we have done, what we are doing and what we are about to do. The Russians are nearest to us and we can be most useful to them. Rest assured it is the greatest desire of Japan to assist every day in the sacred cause of civilization."

Unbelievable Prosperity Is Prediction of Bankers

Chicago, Sept. 1.—Bankers passing through Chicago to-day to attend the annual convention of the American Bankers' Association at Seattle, predicted that an almost unbelievable prosperity is rushing on the nation. "When the bank reserves which are greater now than they have ever been in the history of the country are distributed the nation will enjoy almost unbelievable prosperity," said William A. Law, of Philadelphia, president of the American Bankers' Association. "The volume of money on hand is so great that it cannot find a natural outlet. The movement of the tremendous crops, with the attendant financial activity, will still further increase the bank reserves."

Millersburg Motorists Whiz on Through City

More than twenty members of the Millersburg Motor Club passed through the city this morning on their way to Hershey Park, where the day was spent in races and contests. H. H. Hoy, secretary, had planned to have the machines in the run, park in Market Square this morning, but because they lost nearly an hour up along the river, where roads are being repaired, they went whizzing straight on through the city.

CITY UNDER-POLICED DECLARES HUTCHISON

Comments on Escape of Murderer of Mrs. Albright and of Mrs. DeVerter's Assailants

Harrisburg's need for more adequate police protection, particularly a greater number of patrolmen, was pointed out to-day by Colonel Joseph B. Hutchison, Chief of Police.

Within recent months the police have been baffled by a series of burglaries and robberies in various parts of the city, ranging from petty house-breaking to the startling affair Monday night when Mrs. William DeVerter (Continued on Page 9.)

SKELETONS OF F4'S VICTIMS ARE FOUND

Naval Officials Entertain Little Hope of Identifying Dead

Honolulu, Sept. 1.—Naval officials in charge of the wrecked United States submarine F4, indicated to-day that there was scant hope of establishing the identities of the 21 remaining bodies still held in the aft-compartment of the vessel.

The bodies, of which little is left except bare skeletons, were located last night, mixed with the debris of the (Continued on Page 9.)

VALUE OF ENGLISH MONEY DROPS AGAIN

Effect of Great Decline Since Yesterday Was Paralysis of Foreign Markets

New York, Sept. 1.—English money, already depreciated to figures without parallel in the history of finance, took another phenomenal drop to-day. The pound sterling sold down within the first hour of dealings to \$4.50, a break of 5 1/2 cents over night and a downward plunge of 11 cents within two days.

The drop caused the gravest anxiety as to its possible effect on American exports, now at top figures. Continued and unchecked depreciation, it was thought, would affect tens of thousands of American workmen, possibly by ultimately closing down factories now supplying Great Britain with commodities.

This effect was in perspective, in the minds of some of the leading bankers of New York. Before that could happen, it was explained, there would have to be cancellation or curtailment of foreign orders to American producers, at present totaling hundreds of millions of dollars, and great diminution in the value of new orders. Both the latter contingencies were expected, it was said, in case sterling should go much lower.

STATE OF JUPITER IS FOUND IN CITY OF CYRENE

Rome, Aug. 31, via Paris, Sept. 1.—Important archaeological discoveries have been made at the site of the ancient city of Cyrene, in the Barca region, Africa. These include a large statue of Jupiter which is said to be equal in artistic value to the famous statue of Alexander the Great, discovered at the same place last year.

GEN. OROZCO SHOT; KILLED BY AMERICANS

Trouble Feared Along Border For Supporters May Try to Avenge His Death

Sierra Blanca, Texas, Sept. 1.—Men of the Big Bend country in the vicinity of the boundary line of El Paso and Culberson counties were under arms to-day for fear of reprisals by General Pascual Orozco's organization of "colorados" as a result of the killing of the noted Mexican leader by United States soldiers and Texas Rangers on Monday.

Appeal was made for more military protection. It was believed that the followers of Eduardo Salinas, now at Bosque Bonito, were connected with Orozco's plans and might attempt to avenge his death.

From the reports American authorities formed the theory that Orozco was trying to bring to a focus an organized invasion of Texas upon a large scale under the name of the Nationalist party. Into this party were to be drawn malcontents of all factions. This party eventually was to align with Carranza and not Huerta in the event of Carranza's refusal to accept the A. B. C. plan for a peace conference of Mexican leaders, according to reports.

11,000 WILL ENROLL IN CITY'S SCHOOLS

Thousand Will Enter Central and 400 Odd Will Go to Tech High

SHIMMELL BUILDING READY

Will Relieve Congestion on Hill; Many New Faces on Teaching Staff

More than 11,000 students are expected to enroll next Tuesday, the opening day of the city public schools, not including the children who will be admitted for their first year of school.

About 1,000 of the total number of pupils will enter Central High school and more than 400 will go to the Technical High. Preparations for the large number of pupils have been made during the summer and practically everything in the line of supplies has been provided for the matter of thousands of boys and girls. These supplies are being sent to the buildings this week from the school board office.

New Building Finished The new L. S. Shimmell building will be finished in time for the opening next Tuesday. Nine rooms will be used in the building and about 400 children will be transferred from the crowded rooms in the other buildings on Allison Hill.

Parents are allowed two weeks from the opening day of the school to enter their children for the first primary grade. The time limit closes September 21, and will not be reopened until February when the second term of the 1915-1916 school year begins.

A number of new faces will be seen in many of the buildings as changes have been made in the staff of teachers owing to the necessity of supplying a staff for the L. S. Shimmell building which resulted in transfers in other buildings as well.

The open air schools will be reopened next Tuesday and will be continued along the plan of former years.

Of the private schools of the city, the Harrisburg Academy will reopen September 21, with about 150 students. The new dormitory will not be complete but parts of it will be finished so that some of the pupils can be accommodated until all of the work is finished.

The Seller school will reopen the latter part of September.

The four parochial schools of the city will open next Tuesday, too. An increased enrollment is expected.

At the Technical High school, the shops have been put in shape for the students. At Central High there will be no change from the two session plan. Professor Howard G. Dibble, the new principal, is busy completing a program.

State Will Lay Down Policy as to Alien Dog Law Operation

State Game Commission officials will have a conference with Attorney General Brown late to-day regarding a policy to be adopted in the enforcement of the aliens' dog law. Reports reached the Capitol to-day of complaints in western counties bringing a dozen or so suits and of one instance where a constable brought 100 suits. Under the law the informer receives part of the fine.

Banana Supply Here Is Nearly Exhausted

Because of the prevalence of severe hurricanes in the tropical belt from which Harrisburg's supply of bananas come, the city is now practically without a supply of this fruit.

Harrisburg, ever a lover of the luscious "banana" and a heavy consumer of the delicacy does not seem to take kindly to peaches at 25 cents a basket in their place for some unaccountable reason. A local dealer in bananas said this morning he would not be surprised if the demand for the fruit here would cause bananas to go to fifty cents a dozen.

Pegoud, Famous Aviator, Reported to Be Dead

Paris, Sept. 1.—Report of the death of Adolph E. Pegoud, the famous aviator, have been official confirmed. The news caused sincere sorrow among the French people, who regarded him as a hero.

Pegoud, who was only 26 years old, served five years in the French cavalry, fighting in the Morocco campaign. At the outbreak of the present war he joined the aviation corps as a private, but soon gained a sublieutenant's commission because of his skill and daring. His exploits won him the military medal and the military cross. Pegoud brought down his sixth German air craft on July 11.

Both Sheesley and Burgoon had been spoken of among their friends as (Continued on Page 12.)

Mary Garden Who Will Sing at Orpheum, Now Nursing French Soldiers

Following the announcement made last week of the forthcoming appearance in this city of the celebrated prima-donna of the Metropolitan Opera House, Miss Mary Garden, comes the announcement to-day, by her local representative that arrangements have been concluded with Wilmer and Vincent, managers of the Orpheum Theater, this city, whereby she will appear there some time in November, the exact date to be announced in the near future.

Miss Garden, it is further announced, will be accompanied by a company of five assisting artists, all of national reputation. These will include soloists on the piano, the cello, the violin, the harp and a singer of either bass or tenor voice.

Miss Garden is at present in France where she is nursing French wounded. She leaves next week for England from whence she will directly sail to this country, arriving about the middle of October.

GOVERNOR LIKE PENNA. BEST

"Tell the folks back home that while California is hospitable and pleasant, Pennsylvania is still the delight of our hearts," said Governor Brumbaugh talking over the long distance telephone wire to a party of guests at the Capitol. The Governor and others addressed the gathering and conversations were exchanged this afternoon between the executive reception room here and the Pennsylvania building at the Pan-American exposition. The Governor's voice was as clear and natural as though in the next room. The demonstration was a great success.

SMITH MY BE ASKED TO QUIT

Philadelphia, Sept. 1.—David H. Lane, chairman of the Republican City Committee, sent a letter to Atlantic City to-day to William S. Vare, urging him to withdraw as a candidate for mayor. The same messenger carried letters from Mr. Lane to the five other aspirants for the nomination, excluding Thomas B. Smith, all of whom Lane expects to respect his wishes. Should Vare insist on seeking the nomination, it is said that Lane will support Vare and ask Smith to withdraw.

Belin, Sept. 1.—By Wireless to Sayville.—An official review of the eastern campaign, as given out here to-day by the Overseas News Agency, estimates that since May 2 the Russians have lost at least 300,000 men, killed or wounded, and 1,100,000 men captured by the Germans.

Pittsburgh, Pa., Sept. 1.—Harry K. Thaw, through his attorneys, Stone and Stone, this afternoon filed a petition in Common Pleas Court asking a divorce from his wife, Evelyn Nesbit Thaw, charging misconduct with John Francis, of New York.

Prominent Gathering in Executive Suite Hear Dr. Brumbaugh's Voice 3,000 Miles

WOMEN "LISTEN IN" TOO

Brown, Woods, Stewart and Jackson Exchange Messages Over the Wire

Carrying over the 3,000 miles of land between the Pacific and the Susquehanna, this afternoon Governor Brumbaugh's voice reached State officials and prominent men gathered in the reception room of the executive suite at the Capitol on wires of the Bell Telephone Company. It was the first talk of its kind which ever had to the State Capitol.

Attorney General Brown, Secretary of the Commonwealth Woods, Adjutant General Stewart and Commissioner Jackson exchanged messages with the Governor and others at the Golden Gate, while a number of others heard the remarks, including a score of prominent women of the city who listened over special apparatus installed at the Bell Telephone office in Walnut street. Col. Fred Taylor Pusey of the Governor's staff, reported to Adjutant General Stewart on the military end of the official party which is at the Panama-Pacific Ex-
