Pennsylvania Railroad to Have Another Attraction on Middle Division

Work on what promises to be the expected that the ornate beauty spot will be completed before winter ar-

Situated adjacent to the main line e plainly visible and passengers will be afforded an excellent view of a pleasing bit of rustic beauty which will doubtless arouse as much favor-

posed park which will include several acres.

Flowers of various hues and kinds will be planted during the next several days under the supervision of Chief Gardner Emil Engetman and his assistants. Appropriate shrubbery is to have a prominent place in the new park and a number of shade trees are to be planted.

As the site is a natural beauty spot, the company will have but little work to do in creating a valuable and desirable woodland recreation resort. There will be no picnic grounds or amusements on the site, the Pennsy plans to preserve the spot solely for its splendid natural attractions.

Tipton is eleven miles east of Altoona and five miles from Tyrone. Access to the park will be only for inspection according to one middle division official yesterday.

Complete Block System

Columbus, O., Sept. 3. — A complete block signal system for passenger trains on all Baltimore & Ohio lines in this State will be in operation on and after September I, according to notice of J. M. Davis, General Manager of the raliroad's Traffic Department, received by the Public Utilities Commission to-day.

This he said would prevent recurrence of the recent passenger wreck at Orient, in which four persons were killed and many injured.

Davis acknowledged the justness of the conclusion of the commission's inspectors that the wreck was due to disobedience of rules by the train's crews.

day anniversary hike was one big success. Dr. Fager reached his home, 1234 North Sixth street, last night after a 61-mile tramp with the belief that he could go another ten miles and not feel any the worse for it. He gave an interesting account of his trip to many friends who were awaiting the arrival of Frank Weston's rival.

Dr. Fager was accompanied as far as Paxtang by Albert Goho, Sydney Friedman and Fred Murray. Sydney Friedman met Dr. Fager at Hummelstown and paced him home. Following dinner Dr. Fager received the congratulations of many friends. Dr. Fager prepared the following article on his hike for the exclusive use of the Telegraph:
