Millinery That Any Fifth Avenue Shop Would Be Proud of.

In the past several seasons the Bowman Millinery Shop has won a record that stands out in envy from any in this section of the State.

Women who depend on Bowman Millinery for the newest in style need not be told of this fact, but we desire that every woman should know. And:

Styles— The Richest Effects —Are Numerous

Instead of showing one, two or three of the very smartest—and few, if any, of so-called extreme styles, here will be found a complete assortment of the most advanced creations, and if a large number are extreme as some would call them, you can rest assured that each is RIGHT—and is being worn at the moment on 5th Avenue.

The woman of quiet taste will delight in numerous styles, also for genius leaves nothing undone, and most skilled designers cater to women of all tastes.

Watch our windows from time to time, and pay this department a visit often. Always a new appearance.
