Hospitals Get Flowers

At the close of the formal opening last night the employes were presented with flowers. The floral decorations of the store, donated by the various firms from which stock has been purchased by Mr. Kaufman, added much to the attractiveness of the interior.

Mr. Kaufman was particularly pleased with the big tribute presented to him by his employes. Yesterday morning the salespeople gathered in the store, and selecting the large double counter near the main entrance completely filled it with dahlias of all colors, using ferns for center pieces. The floral tributes were distributed today among the hospitals and charitable institutions of the city.

Concert by Two Bands

A continuous concert was given in front of the building by the Commonwealth and Municipal bands seated on two large platforms which had been erected during the day.

Favorable comment was heard on all sides about the beauty of the building inside and out. In front of the main entrance, which is built in the arcade style, are huge display, windows encompassed by spacious entry ways.

On the interior hardwood floors, mahogany woodwork, elaborate lighting fixed in the building for the accommodation of his customers made every effort to provide for their comfort and service. Public telephone booths, drinking fountains and lavatories on each floor, a pneumatic cash system, combining speed and efficiency, and up-to-date elevators are a few of the many things instailed in the building for the convenience of the buying public.

A sprinkler system has been installed throughout the entire building to prevent fire and the vapor system will be used for heating the 35,000 square feet of floor space.

Physicians Recommend the Use of Magnesia

Sufferers from indigestion or dyspepsia should remember that the presence of gas or wind in the stomach invariably indicates that the stomach is troubled by excessive acidity.

This acid causes the food to ferment and the fermenting food in turn gives rise to noxious gases which distend the stomach, hamper the normal functions of vital internal organs, cause acute headaches, interfere with the action of the heart, and charge the blood stream with deadly poisons, which in time must ruin the health. Physicians say that to quickly dispel a dangerous accumulation of wind in the stomach and creates the gas, the acid and that for this purpose there is nothing quite so good as a teaspoonful of pure bisurated magnesia taken in a little water immediately after meals. This instantly neutralizes the acid, thus stopping fermentation and the formation of gas, and enables the inflamed, distended stomach to proceed with its work under natural conditions. Bisurated magnesia is obtainable in powder or tablet form from any druggist; but as there are many different forms of magnesia its important that the bisurated which the physicians prescribe should be distinctly asked for.—Advertisement.

"Fine motion! I didn't realize an automobile rode so smoothly," he said.

George was not averse to moralizing. His advice to a young man on the way to keep out of prison is to "go to church, cut out the rum mills and never take the first drink."

George couldn't remember his first drink, not at first, then he said suddenly: "Yes, I do. It was in 1848. My folks were moving on a Mississippi

"DADDY LONG LEGS"

The sale of seats for the presentation of "Daddy Long Legs" at the Orpheum Friday and Saturday to-day has been unprecedented, and the largest audience of the season is assured. The rush to secure reservations for the first performance here of Jean Webster's delightful comedy shows that the phenomenal success of the play is a matter of nation-wide interest. As a matter of fact, the success of "Daddy Long-Legs" has been really unprecedented, notwithstanding the business depression in the United States following the outbreak of the European war. In Chicago, where the play was first produced, it ran twenty-five weeks to capacity business, breaking every house record in the history of Powers Theater in that city. Readers of this department do not have to be told that it was the reigning hit of recent years throughout its sensational run at the Gaiety Theater in New York.—Advertisement.

The Orpheum theater opens to-morrow night as the big "legitimate" playhouse of the season with John C. Fisher's big musical success of the New York Globe Theater, "The Red Rose."

According to the management the seat sale forecasts one of the most successful openings ever held at the popular Walnut street playhouse. A big corps of painters, decorators, furnishers and electricians has been on the job for the last ten days getting the house and stage in shape for the opening and to-day the theater fairly glistens in its new dress. Many changes have been made in the electrical equipment and the biggest productions on the road can easily be put on as a result.

Charlie Chaplin Nearly Lost; Adrift at Sea

Santa Monica, Cal., Sept. 8.—The movie world almost lost Charlie Chaplin. With Jesse Robinson and New Twombley, the famous comedian was buffeted all last night in a tiny launch that grounded off the long wharf, near Santa Monica. Chaplin's companions were overturned as they tried to make shore in a skiff. They finally made land.

Chaplin stuck to the launch and this morning wig-wagged a nearby fishing boat, which sent out a boat with provisions. Chaplin afterward got under way and proceeded to nearby islands.
