### ENGINEERS' EXHIBIT IN RAILWAYS' BARN

Great Number of Industries and Welfare Devices Will Be Shown During Conference

To adequately display the large number of industrial and welfare exhibits which will be shown in conjunction with the third State Welfare and Efficiency Conference in November the devices will be placed in the car barns of the Harrisburg Railways Company instead of the Chestnut street auditorium.

From present indications a large number of engineers and other technical men interested in the well being of the people and the natural resources of the State will participate in the conference which is being arranged by the Engineers' Society of Pennsylvania and several of the State departments.

The big exhibit will be assigned to demonstrate the great strides that have been made for the industrial safety and welfare of the factory workers of this State. Machinery, electrical appliances for the home, office and factory will be displayed. Engineering instruments, factory supplies, economic methods, efficient and labor saving devices, in fact everything that affects the economic and industrial welfare of the residents of this State will be shown.

### 5 PARTY TICKETS INSTEAD OF FOUR

Place Must Be Made For Key-stoners in Several Districts of County

Five instead of four party tickets will have to be printed for the Fall primaries this year. This was decided to-day by the county commissioners and Controller H. W. Gough following a careful perusal of the returns of last year where by the question of whether or not a party is entitled a place. That there will be Republican, Democratic, Washington, Socialist tickets has been generally understood; to-day it was discovered that place must be made for the Keystone ticket. In addition to these party ballots, there will be the nonpartisan ticket also.

How many ballots and specimens will be printed for the city cannot be learned until after the returns of the registrars have been filed. The number for the county districts for each party except the Keystone will be as follows: Republican, 10,660; specimen, 2,691; Democratic, 4,068; specimen, 1,043; Washington, 1,378, specimen, 376; Socialist, 1,009, specimen, 287; nonpartisan, 13,568, specimen, 4,887. The number of Keystone tickets has not been determined although it is expected that there will be only a few districts that must be provided for. The compilation of the lists of candidates is practically complete and the matter will now be turned over to the printers.

Realty Transfers. — Samuel Handler to State, \$2,250; Sarah H. Sheetz to G. W. Katz, 1109 North Cameron, \$1,000; John S. Haines to C. L. Conover, 26th and Woodlawn, 26th near Perry, \$1; C. L. Conover to W. S. Haines, 129 North Perry, \$1; Church of God, Penbrook, to W. H. Etnover, Penbrook, \$1,680; L. M. Neffler, to M. G. Gottshall, Riverside, \$4,790.

Appointment Election Officers. — The county commissioners to-day appointed Willard J. Loeser registrar for the first precinct of the Tenth ward to fill the unexpired term of his brother, Harry L. Loeser, who has removed from the city. William L. Windsor, III, has been suggested as inspector for the second precinct of the Fourth ward to succeed W. F. Hurley, who died.

Sold Iron of Nineteenth Street Bridge. — The county commissioners to-day accepted the bid of Micholitz & Co., junk and iron dealers, for the old iron of the Nineteenth street bridge across the Philadelphia and Reading tracks. The viaduct is being replaced with a concrete structure. The bid was \$1,350.

**Expert Opinion to Be Called For in Penbrook**

Publicity is the power that sets people to thinking and talking, and the amount of discussion that has taken place on the proposed paving in Penbrook has now crystallized public opinion to such an extent that almost every resident of the borough is interested in the improvement. Last evening a greater number of citizens attended the meeting of council than have been there since the question was taken up. Nothing definite was accomplished, however, but regular routine business was transacted and was not advanced beyond second reading, as, in deference to those who for personal reasons have found it inconvenient to attend the many meetings to which they have been invited, the council deemed it advisable to call another special meeting for Friday evening of this week. At this meeting all property owners along Main street are requested to present to consider whether it is best to resurface on the old foundation independent of State aid or whether to get new construction throughout according to the State's profile and with the financial co-operation of the State Highway Department and traction company. W. H. Wolf was not present in person, but in a letter he suggested a meeting of property owners along the street in conjunction with council. In his letter Mr. Wolf charged that outsiders were more interested directly or by representatives than the taxpayers of the borough in the proposed paving of Main street. Friday evening he will no doubt enlighten them as to who these outsiders are and what their motives may be other than the natural public-spirited interest that all progressive citizens manifest in a much-needed public improvement.

**Lynch Issues Booklet Showing Locations of Street Names in Order**

Locations of all the streets in the city listed in alphabetical order have been embodied and printed in a convenient little pocket booklet by City Commissioner William H. Lynch, superintendent of streets and improvements. Mr. Lynch distributed the booklets to-day.
