STATE WILL INSPECT FERTILIZING LIME

Notice Given by Department of Agriculture That New Law Requires Description

Special to The Telegraph
Anville, Pa., Sept. 13.—Notice that the State Department of Agriculture will inspect all lime sold for fertilizing purposes after January 1 is creating quite a stir in this part of the country. As most of the limestone of Lebanon county is secured in the vicinity of Anville, the new order will effect about ten lime firms. The new law defines the materials which may come under the head of lime fertilizers and the product must be marked with a tag giving the name of the manufacturer or the importer. The brand, a description of contents and the weight must also be shown on the tag.

AFTER SUFFERING TWO LONG YEARS

Mrs. Aselin Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Minneapolis, Minn.—"After my little one was born I was sick with pains in my sides which the doctors said were caused by inflammation. I suffered a great deal every month and grew very thin. I was under the doctor's care for two long years without any benefit. Finally after repeated suggestions to try it we got Lydia E. Pinkham's Vegetable Compound. After taking the third bottle of the Compound I was able to do my housework and today I am strong and healthy again. I will answer letters if anyone wishes to know about my case."—Mrs. JOSEPH ASELIN, 606 Fourth Avenue, Minneapolis, Minn.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for women's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

POLITICAL ADVERTISEMENT FOR Director of the Poor

F. B. SNAVELY

Republicans of Dauphin county should see that Frank B. Snavely is nominated as their candidate. Mr. Snavely for eleven years has been identified with the larger agricultural interests of Dauphin county through his position as one of the managers of the Hershey Farm Company. He enjoys a justly high position as a progressive citizen and a successful man of business. His experience will be most useful in the work of managing the interests that come under the Board of Poor Directors. His nomination would greatly strengthen the ticket. Be sure that you vote for Frank B. Snavely for Director of the Poor.

TORNADO FAILED TO CRUSH TOWN'S SPIRIT

Hanover Opens Week's Centennial Celebration With Community Worship and Music

Special to The Telegraph
Hanover, Pa., Sept. 13.—A tornado which did \$250,000 worth of damage in less than 60 seconds failed to crush the spirit of this historic town. The storm which razed a good section of Hanover three weeks ago resulted in renewed impetus to the preparations for Hanover's centennial celebration throughout the week.

Five thousand persons thronged Wirt Park yesterday afternoon, when community worship took place, with addresses by the Rev. Charles W. Heacock, of Philadelphia; the Rev. Ambrose W. Schmidt, of Bellefonte; the Rev. Dr. George Scholl, of Baltimore; the Rev. Dollos R. Krebs, of Spring City, Pa.; the Rev. A. F. Houck, of Carlisle; the Rev. Thomas Johnson, of Harrisburg; the Rev. J. P. Koontz, and the Rev. S. E. Herring, of York. A municipal choir of 150 voices and a big orchestra rendered music. A band concert and electrical fountain display took place Saturday night.

Mrs. Hershey, notwithstanding her advanced age, enjoys the best of health, takes early morning strolls and a deep interest in all the plans and policies of her son.

SCHOOL CODE ATTACKED

Suit to Determine Its Constitutionality Will be Tried at Pittsburgh.
Pittsburgh, Sept. 13.—A test of the Pennsylvania school code's legality under the Constitution of the United States, and the right of an appointive board of education to levy taxes, will begin next Wednesday before Judge Charles P. Orr, in the United States District Court.

The attack on the code is made in a petition for an injunction filed in the name of Henry Sussman, Richmond, Pa., who owns property in Pittsburgh. It is asserted that his rights under the Constitution are denied through an appointive board, not directly responsible to the people because not elected by them, levy taxes. The Pittsburgh Board of Education is preparing to take the case to the United States Supreme Court, if necessary.

FAMILY FOOD

Crisp, Toothsome, and Requires No Cooking
A little boy down in N. C. asked his mother to write an account of how Grape-Nuts food had helped their family.
She says Grape-Nuts was first brought to her attention where she visited.
"While I was there I used the food regularly. I gained weight and felt well that when I returned home I began using Grape-Nuts in the family regularly.
"My little 18-months-old baby shortly after being weaned was very ill while teething. She was sick nine weeks and we tried everything. She became so emaciated that it was painful to handle her and we thought we were going to lose her. One day a happy thought urged me to try Grape-Nuts soaked in a little warm milk.
"Well, it worked like a charm and she began taking it regularly and improvement set in at once. She grew well and round and fat as fast as possible on Grape-Nuts.
"Sometime ago several of the family were stricken with La Grippe at the same time, and during the worst stages they could not relish anything in the shape of food but Grape-Nuts and oranges; everything else was nauseating.
"We all appreciate what your famous food has done for our family."
"There's a Reason."

SITES FOR SUMMER HOMES IN FEDERAL FORESTS

To promote a more general use of the national forest lands for summer home and recreational purposes, a Federal law has been put into effect which allows the leasing, at nominal fees, of tracts of ground of not more than five acres for periods up to 30 years. This plan replaces that hitherto in effect which provided for the issuance of revocable permits. Because it was impossible under that system for an individual to be certain of the duration of his tenure, many persons showed restraint in making their applications. Under the new law they held. It was largely because of this that the present law was made. The term permits now granted necessitate the yearly payment of fees, ranging upward from \$5, according to the location of the ground selected. Persons anticipating making improvements not in excess of \$1,000 are able to obtain land permits from district foresters which are effective for 15 years. Other leases must be approved at Washington. When land is to be used for hotel or resort purposes, the application is accompanied by the plans, specifications, and estimated cost of the buildings to be erected and improvements to be made.—From the September Popular Mechanics Magazine.

RECORDS FOR PLAYER PIANO MADE BY SIMPLE DEVICE

To enable an owner of a player piano to make his own records, an Ohio inventor has perfected a simple machine which allows such work to be done readily in the home by anyone who is at all familiar with music. The device which is shown by an illustration in the September Popular Mechanics, not only lessens the cost of a record, but also makes it possible to obtain exactly what is wanted, since it is within the power of the operator to set a selection in whatever key he wishes when performing a roll. The device consists essentially of a punching instrument that slides along a scale, so divided as to correspond with the apertures in the tracker board of the player piano, and cuts slots of the required lengths. The roll of blank paper is inserted at the back of the machine and fed across a platen plate. Guiding members at each side and grips at the ends serve to track the paper properly and prevent it from wrinkling. As the punching is done the paper is moved forward and wound on a roll at the front of the machine.

BOGUS BUTTER

Uncle Sam certainly is after the oleomargarine makers who try to sell their product as genuine butter. A recent report from Washington shows that 42 violations of the law have been convicted since the first of January, 1915. Total fines amounting to \$148,000 have been imposed. Twenty-nine persons have been sentenced to terms in prison, ranging from 30 days to 3 1/2 years. It is estimated that more than two hundred million pounds of butter has been fraudulently sold as butter, and this brings the farmer directly in competition with a counterfeit product.—Farm Life.
