Thirteen Hundred People Hear Evangelist Miller at Mechanicsburg Church

Special to The Telegraph Mechanicsburg, Pa., Sept. 14.—Fully thirteen hundred people gathered in the First United Brethren church last evening to hear Evangelist E. C. Miller and Professor C. H. Hohgatt, who so successfully conducted the tabernacle campaign last winter. Arrangements for their return were made by the Men's Union Bible Class, and the reception given the workers last night was a demonstration of the appreciation of the Mechanicsburg people for their work. The large choir and orchestra led the singing and a solo by Prof. Hohgatt was a pleasing feature of the meeting. Members of the booster choir also sang. The Rev. George Fulton led in prayer and the Rev. E. C. Castle read the scripture lesson. A chautauqua salute greeted the Rev. Mr. Miller when he stepped to the platform and his sermon was full of encouragement to those who became Christians at his meetings last winter. He was emphatic in his statement that the men of Pennsylvania ought to give the women the right to vote. At the close of the meeting, an informal reception was held when more than one thousand people expressed welcome to Evangelist Miller and Prof. Hohgatt. Both returned to-day to Sunbury where they are conducting a successful campaign.

MAN THROWS HIMSELF IN FRONT OF TRAIN

"Good-By Everybody" Exclaimed Baltimore Excursionist at Pen Mar Sunday Evening

Special to The Telegraph Waynesboro, Pa., Sept. 14.—"Good-by, everybody! I am going to end all my troubles!" Thus exclaimed Dudley Foster, of Baltimore, as he threw himself in front of the moving Western Maryland train that was en route to the Monumental City on Sunday evening. Foster came up to Pen Mar on the excursion from Baltimore and was accompanied by a woman. He secured liquor and had reached a state of intoxication shortly after noon. Then he began to cause all kinds of trouble for the woman that accompanied him. On account of some act of the woman he grew desperately jealous and began to upbraid her. He also drew several letters from his pocket and tore them into bits. His pocket-book was then pulled out and, taking the notes from it, he tore them into bits and ripped the pocketbook into shreds, along with a life insurance policy. These were thrown into the high grass near the station. Then raving like a madman, he tore his collar and necktie off and pulled a handful of silver money from his pockets. This was also thrown into the grass. He then left the station and went up the track of the railroad as far as the Grand View Hotel, where he threw himself across the tracks. When guests of the hotel reached the spot where the man was the train was coming around the curve and was only a few feet away when he was dragged off. Foster was taken to the lockup and kept there until afternoon, when he was sent back to Baltimore to-day. The woman was cared for by people on the mountain.

Sargol does not of itself make fat but mixing with your food its purpose is to help the digestive organs turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. A great deal of this nourishment now passes from thin peoples bodies as waste. Sargol is designed to stop the waste and make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones.
