

HOME FOLKS.

What Our Neighbors Say.

Union City, Pa.—"I got run down and lacked tone. I read about what a good medicine Dr. Pierce's Golden Medical Discovery is, so I made up my mind to try some. I began taking it and was surprised that it built me up so fast. I did not need any after the first bottle. It is the finest medicine of its kind on earth. When I use any pills for indigestion and constipation I always use the 'Pleasant Pellets.' They relieve me and seem to tone up the stomach, the bowels and other parts. I like Dr. Pierce's remedies the best of any."—Ma. E. O. STOWERS, Union City.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and organs of digestion and nutrition. It increases the assimilative powers, and purifies and enriches the blood. When diseases of organs remote from the stomach are caused by the stomach, the cure of the stomach results in the cure of the other diseases, in heart, lungs, liver, kidneys, etc.

Sold in either tablet or liquid form. If your dealer does not keep the sugar-coated tablets, send 50 cents (in stamps) for a box. It is the world's proved blood purifier. It's not a secret remedy for its ingredients are printed on the wrapper. Start to take it to-day and before another day has passed, the impurities of the blood will begin to leave your body through the liver, kidneys, bowels and skin, and in a few days you will know by your steadier nerves, firmer step, keener mind, brighter eyes and clearer skin that the bad blood is passing out, and new, rich, pure blood is filling your arteries.

The same good blood will cause pimples, acne, eczema and all skin eruptions to dry up and disappear.

Why You Should Eat Iron If Nervous or "Run Down"

Pale, Weak, or Thin—A Secret of the Great Strength and Endurance Often Shown by Athletes and Prize Fighters

By Dr. E. Sauer—Physician-writer. A grain of wheat played hide and seek with the mummies in the dry dust and dirt of the pyramids of Egypt for 4000 years—then it afterwards grew when water was added to the soil. But rain or moisture is absolutely necessary to change wheat into a living plant; so iron is absolutely necessary to enable your blood to absorb and carry oxygen, to change the bread and meat you eat into blood, brain and brawn, to enable your food passes through your body just like coal passing through a grate without being proved, to enable you eat enough, but your food doesn't do you any good. You don't get the strength out of it.

Nature has decreed that there should be one part of iron in every 230 of red corpuscles. To supply this demand she has placed iron in a great variety of food you eat, but often you do not get enough of it is not properly assimilated. This is such a serious thing that old mother Nature has fixed a loud alarm bell (nervousness), a big sign (palleness), and other danger signals, to warn you when your blood needs iron.

That weak, nervous "rundown" condition, those fits of melancholy and the "blues," that nervous irritability that causes you to "fly all to pieces" on the slightest provocation; those restless nights; pains across the back; disposition to tire easily; profuse perspiration inside your hands; that nervous constipation or indigestion accompanied by pale anemic symptoms are nothing in the world but you are lacking in iron corpuscles crying out for iron, more iron. In the race of strength and endurance, many an athlete in defeat simply for lack of iron.

Two five-grain tablets of ordinary mixed iron eaten or taken three times a day after meals will often give most surprising physical and mental power in a week or two weeks' time. I always first prescribe it in every case. Indicated above, that comes to me.—E. Sauer, M. D.

NOTE—Nuxated iron recommended above by Dr. Sauer, is one of the newer organic iron compounds. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them brown or upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, rundown conditions. It is dispensed in this city by all leading druggists.—Advertisement.

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE AND RELIABLE WAY

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. It is so simple to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercise, spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, proves iron and is designed to consume the excessive fatty tissue by increasing the oxygen-carrying power of the blood. In a few days' treatment should show a noticeable reduction in weight, footsteps become lighter, your work seems easier and a lighter and more buoyant feeling take possession of your whole being.

In every person who is carrying superfluous fat should give this treatment a trial, there is nothing better.—Advertisement.

A FINE TREATMENT FOR CATARRH

EASY TO MAKE AND COSTS LITTLE

Catarrh is such an insidious disease and has become so prevalent during the past few years that its treatment should be understood by all.

Science has fully proved that Catarrh is a constitutional disease and therefore requires a constitutional treatment. Sprays, inhalers, salves and nose douches often drive the disease further down the air passages and into the lungs.

If you have Catarrh or Catarrhal deafness or head-noises, go to your druggist and get one ounce of Farnint (Double strength). Take this home and add to it 1/2 pint of hot water and 4 ounces of granulated sugar; stir until dissolved, take one tablespoonful 4 times a day.

This will often bring quick relief from the distressing head-noises, clogged nostrils should open, breathing become easy, the mucus stop dropping into the throat.

This treatment has a slight tonic action which makes it especially effective in cases where the blood has become thin and weak. It is easy to make, tastes pleasant and costs little. Every person who wishes to be free from this distressing disease should give this treatment a trial.—Advertisement.

TO RESUME WORK ON FEDERAL BUILDING

When Finished City Will Have Post Office of Imposing Dignity

Proposals for the completion of the work on the remodeling of the Federal Building will be received by the custodian, Postmaster Frank C. Sites, September 28.

The work was started under the first contract over two years ago, and has been frequently interrupted for various reasons; first by the failure of the contractor and then by a change of plans and delay in appropriations. Revision of the original plans has finally been completed and the drawings and specifications are now on exhibition at the Post Office.

These drawings contemplate an important change in the original plan respecting the mail receptacle in the Court street side. The granite coping from the western side of the extension in Locust street will be raised to a height of about four feet and the coping from the corner of Locust and Court streets will slope gradually from that approximate height to the level of the present lawn near Walnut street. All mail wagons, which will soon give way to motor trucks for delivery, will enter the plaza in Court street near Walnut and will deliver the mail on a platform near the Locust street entrance, and thus avoiding congestion in the Locust street entrance. The coping from its present height will not in any way interfere with the sidewalks in Court and Locust streets.

Ornamental railing will extend along the top of the coping from the corner of the extension in Locust street to the foot of the slope in Court street.

The contract, when let, will allow a period of eighteen months for the work to be completed, so it is certain that Mr. Sites and his corps will not be settled in their new quarters for at least a year and a half more. The postmaster and assistant postmaster and the money order division will have their offices on the second floor, while the registry and mailing divisions will be located on the first floor, as they now are. The new equipment will not be purchased until the building is occupied.

Increases Efficiency. The addition which is being erected in Locust street will add greatly to the beauty and appearance of the Federal Building. There will be no doors in Locust street, and the present entrances in Third and Walnut streets will be undisturbed. The efficiency of the distributing process will be made greater, and the handling of the mail will be facilitated by the increase in floor space, which the addition permits. The size of the workroom will be just about doubled.

In the basement there will be additional space also reserved and it will be possible to carry a larger amount of stock than is at present the case. The skylight bays to be placed in the center of the new structure will give the clerks plenty of light. In the front part of the Post Office a new stairway will be built where the old one formerly stood and modern, well equipped elevator is to be installed in the center of this stairway, a little to the right of where the old elevator ran. When all the work is finished, Harrisburg will have a Post Office which will properly dignify the Government which it represents.

AMUSEMENTS

ORPHEUM Saturday matinee and night, September 18—"Twin Beds."

EDGAR SELWYN IN "THE ARAB" AT THE REGENT

To-day for the last time "The Arab," featuring Edgar Selwyn, will be shown at the Regent.

To-morrow and Thursday Jesse L. Lasky presents Blanche Sweet in a picturization of Margaret Turnbull's emotional drama of justice and romance, "Stolen Goods." Margery Huntley, a poor girl working in a dressmaking establishment, is sent to match some samples at a store. While she is standing at a counter Helen North, a rich kleptomaniac, steals a piece of lace, and, not noticing that it is missed, saves herself by thrusting it into Margery's open bag. Thus Margery goes to prison for a crime which she did not commit. When Margery leaves prison she becomes a trained nurse, but her "prison record" is discovered and she feels that her best field for work is in the Belgian hospitals under the Red Cross. Miss Sweet is supported by House Peters.—Advertisement.

"TWIN BEDS"

"Twin Beds," the laugh festival by Salisbury Field and Margaret Mayo, to which New York paid the tribute of fifty-two weeks of popularity on Broadway, will be presented by that progressive firm of managers, sponsors for "Within the Law," "Under Cover" and "Under Fire," at the Orpheum on Saturday afternoon and evening, with an admirable cast of farceurs.

"Twin Beds" is a healthy amusing piece of hilarity which earned and held its long public endorsement by its incessantly dramatic, swift-moving action, its sparkling fresh lines, in which now wit alternates with no nonsense and its carefully, skilfully drawn characters, all of them scarcely less amusing than they are true. Seats go on sale Thursday morning.—Advertisement.

"THE PETTICOAT MINSTRELS" AT THE MAJESTIC

There's a rollicking "girly" production at the Majestic for the first half of the week that is a gloom dispeller of the first water. This is the attraction known as "The Petticoat Minstrels," calling in the efforts of nine girls, who sing, dance and jest in merry fashion during the twenty minutes they are on view. Of importance on the same bill is the engagement of Richards and Kyle, the local vaudeville favorites, who are offering their comedy skit called "Fifty-Fifty" with much success. Paul, Levan and Dobb's, the comedy thrillers; the Bennington Sisters, dainty misses, presenting a nifty song and dance specialty; and Bouton and Parker, offering something new in the way of a spectacular novelty, complete the Majestic's current offering. Marie Fenon, the well-known singing comedienne, is booked for the Majestic for the last half of the week.—Advertisement.

ACADEMY "DORN" TO BE CALLED SEILER HALL

In memory of Prof. Jacob Seiler, who for fifty years was head of the Harrisburg Academy, the trustees have decided to christen the new dormitory Seiler Hall. The new building is rapidly nearing completion and will be ready for occupancy soon. It is expected that the enrollment at the Academy will be close to 150.

ATTENTION—BOYS AND GIRLS!

Saturday, September 25, the Civic Club Fly Contests for this year will end, and you are all asked to bring your entries to 11 North Market Square, on that day between 9 and 12 noon. The committee in charge will be glad to have you come as early as possible. Five cents a pint for all flies turned in, and also numerous prizes.

Smash! Bang! Down With Piano Prices

When we started this sale we made the statement that we would cut Piano prices and terms to the bone, we promised the Piano purchasing public a real sensation and we are certainly fulfilling that promise. The floors are jammed with a sea of the world's best makes, such Pianos as "CHICKERING," "KIMBALL," "WINTER," "RUDOLF," "BAUER," etc. They must be sold. We will not accept "NO" for an answer.
