RUSSIAN VISITORS INSPECT BIG PLANT

In Company of Baldwin Officials and Railroad Men They Spend Day at Burnham

Special to The Telegraph
Lewistown, Pa., Sept. 16.—Big Captains of industry paid a visit to the Burnham plants yesterday. They were the members of the Russian Railways Commission, touring the United States, studying railroad and transportation problems. The commission was met here by a party of officials of the Baldwin Locomotive works of Philadelphia, of which the Standard Steel works at Burnham is a part. The officials were Alva Johnson and Samuel M. Vauclain, president and vice-president of the Baldwin works.

Accompanying the party were Charles Schlacks and W. L. Abbot, the latter the chief official of a large manufacturing company.

The Russian Commission is being conducted on the tour by W. W. Atterbury, vice-president of the Pennsylvania lines. Other high officials with the Atterbury party are W. H. Donner, of the Cambria and Pennsylvania Steel companies; Fred Eaton, president of the American Car and Foundry company, and George D. Dickson, a Pennsylvania railroad official. The party were the guests of William Vollmer, superintendent of the big plant.

The commission was made up of the following distinguished Russians: President, Count S. I. Schulenberg; Nicholas P. Kemmer, Max N. Groten, Alphonse Lipetz and Arki S. Martynof. The trip over the Pennsy is being made in a special train.

The Source of Vital Power

Nothing helps more to counteract the daily drain on human endurance than pure, revitalizing food.

Grape-Nuts

is concentrated nourishment made from whole wheat and malted barley.

It supplies all the nutriment of these wholesome grains, retaining all the vital body-building salts—potash, lime, iron, etc.—lacking in white bread and many other foods, but which are absolutely necessary to rebuilding of sinew, brain and nerves.

Grape-Nuts is partly predigested in its making—hence demands but little effort from the digestive organs.

Delicious and splendidly satisfying, it's the ideal school ration for children—a wonderful re-builder for adults.
