

Seal Your Jelly Glasses the Modern Way

Four Parowax over them and you won't need to tie them or cover them with tins. Parowax is sure-pure paraffine, clean enough to chew. Box of 4 big cakes, 10 cents, everywhere.

The Atlantic Refining Company

Always Use Sun-Glo Coal

because it is quality coal.

This is no idle statement.

We have tested coal for many years and can recommend our new SUN-GLO COAL where satisfactory results are desired.

GUN-GLO COAL comes from the best Anthracite mine in Pennsylvania. It is well prepared. You will receive it in clean condition as it is screened twice, once at the mines and again when it is loaded into the wagons.

SUN-GLO COAL is no ordinary coal.

Try a small amount and see the difference.

DISTRICTING THE COMPENSATION MEN

Harrisburg Likely to Be One of the Centers of the Districts For Referee Work

Plans for the districting of Pennsylvania for the divisions to be covered by the referees of the workmen's compensation administration will be considered by the new State Board next week and it is probable that some of the referees will be named at an early day. The division of the State will be presented to Governor Brumbaugh.

The present plan is to have eight districts, Philadelphia and Pittsburgh will each be a center and each city will have two referees. Other cities which are being considered for centers of districts are Scranton, Altoona, Reading, Harrisburg, Williamsport and Erie.

Members of the compensation board are studying the compensation systems in New York and Massachusetts and planning details of administration. The general headquarters will be located here. The workmen's insurance board, which will have charge of the administration of the fund, will accompany Albert D. Allen, the assistant manager, to Albany and Columbus to examine into the workings of the funds in those States. The forms for applications for employments and schedules of premiums are now being drawn up.

Big Cases Up.—The application of the Carnegie Steel Company, American Steel and Wire Company, and National Tube Company, for reorganization of the "industrial railroad" cases against the Pennsylvania, Baltimore and Ohio and other roads, now probably be considered by the Public Service Commission when it meets here next week. If the reorganization is granted the cases may hold attention for weeks.

To Cancel Charters.—The Attorney General's Department will shortly ask the Dauphin county court to cancel the charters of several electric companies in northwestern and western counties. They have failed to exercise their franchise rights and exist only in name.

Conference To-morrow.—Commissioner Jackson and heads of bureaus in his department will go to Philadelphia to-night to attend the meetings with the Philadelphia educational authorities, social workers and others interested in the proposed opening of the State juvenile employment bureau, to be opened next month, and the bureau of compulsory education of Philadelphia.

Pardon Board Meeting.—The State Board of Pardons will meet to-morrow at 10 o'clock to take up the list of cases already announced.

Engineers' Expenses.—Engineers of the State Highway Department are making inspections of the conditions at Wynote and other places where typhoid fever appeared.

Want Plan Banned.—A delegation of residents along the West Kishacoquillas Valley turnpike called on State Highway Commissioner Cunningham late yesterday to urge that the turnpike be taken over by the State. The commissioner informed them that he had opened negotiations with the company and after some discussion it was decided that the people along the road should endeavor to raise a sum of money to supplement that put up by the State in an effort to purchase the turnpike from the company now holding it. The delegation was headed by J. T. Wilson, of Belleville, and consisted of W. A. McNitt, A. R. Gibbons, W. S. Utts and Isaac Watts.

Opinions of Penitentiaries.—Opinions of the two State penitentiaries to-day Deputy Attorney General Hargest construes certain features of the parole acts. In a western case he holds that a prisoner must serve out the period on a first sentence after he serves the period given as a penalty for a subsequent conviction.

There is nothing prohibiting granting of a parole on a second sentence. Before it can be granted, however, the forfeited commutation on a first sentence must be served. In an eastern case it is held that a prisoner's forfeited commutation on a first sentence can not run concurrently with a sentence for an offense committed while on parole.

Commission Meets.—The Public Service Commission is in session at Pittsburgh to-day. The Greensburg session was held last night.

Appointed Officer.—John C. Fiero was to-day appointed an officer for the Lancaster County Humane Society.

After Crossings.—Dr. W. P. Clark filed complaint with the Public Service Commission against four grade crossings in Dauphin county, that they be protected. In a general way the complaints have the same reasons, as that filed by L. G. Heck yesterday.

Typhoid Outbreak.—An outbreak of typhoid fever was reported to-day from Everson near Scottsdale. State inspectors are looking it up.

New Justices.—James E. Missimer was appointed justice for North Catawissa and the seat for Huston township, Clearfield county.

Evans Gets Award.—W. C. Evans, of Ambler, has been awarded the contracts for the Kennett and Huntingdon-Mill Creek State highways. The awards were made late yesterday afternoon by Commissioner Cunningham at the figures announced in The Telegraph.

Gable Gets Award.—H. A. Gable, of this city, was yesterday awarded the contract for the furnishing of paint for State bridges at his bid of \$5,081.

Company and at one time it was run by Jake Budd, long dead. Subsequently, the building was occupied by Moody and Sankey during a series of evangelistic meetings. Later it was again used as a dance hall and skating rink. It was also occupied as wholesale grocery and provision headquarters, by Witman, Schwarz and Company, and Evans, Burnett and Company, Romberger and Company, auto supply firm, occupied the building prior to its being leased by the Central Garage and Auto Company.

Publishers of Weekly World Are Indicted

By Associated Press
Philadelphia, Sept. 16.—Efforts of the Federal government to break up a baseball pool gambling ring to-day resulted in the indictment by the United States Grand Jury here of the two publishers of the Weekly World which is alleged to have conducted the pool. The men indicted are John J. Kilsoyne and James Walsh, of Wilkes-Barre, Pa.

BOWMAN'S—Third Floor.

Garage Building Had A Checkered Career

The building occupied by the Central Garage has had a varied career. It was erected originally as a roller-skating rink, was later a theater and museum, and at one time it was run by Jake Budd, long dead. Subsequently, the building was occupied by Moody and Sankey during a series of evangelistic meetings. Later it was again used as a dance hall and skating rink. It was also occupied as wholesale grocery and provision headquarters, by Witman, Schwarz and Company, and Evans, Burnett and Company, Romberger and Company, auto supply firm, occupied the building prior to its being leased by the Central Garage and Auto Company.

Nearby Business Houses in Peril From the Blaze

Some of the business places in close proximity to the fire that escaped the flames were the music store of J. C. Oyer, Fourth and Blackberry streets; Heagy's livery stable, rear of Academy pool and billiard rooms; Central Publishing House, Hanlen Brothers' warehouse in Blackberry street; the Zion Lutheran Church; Perrine restaurant, home of Mrs. Gertrude Jameson and Victor hotel in the east side of Fourth street.

Exploding Gasoline Tanks Send Missiles Into Crowds

There was a lively scattering of spectators when the gasoline tanks and cans in the Central garage started to explode. Parts of machinery, small wheels and pieces of pie came flying through the air at intervals. One missile came flying across Chestnut street and crashed through windows at the home of Charles L. Huyers, 328 Chestnut street, and burned a hole in the carpet. Several explosions played havoc with the brick walls in the rear of the apartment buildings.

Butterfly Collection Worth \$1,000 Destroyed

In the barber shop of Charles Anderson were many cases containing several thousand specimens of butterflies, moth flies, worms and other insects, which Mr. Anderson valued at \$1,000. While only a part of this valuable collection was destroyed by fire, the rest was destroyed by water and smoke.

Because of the collapse of the building occupied by the Bender Barber Supply House, it will be impossible to get to this storeroom until the ruins are partially cleared. Mr. Bender's stock included several hundred razors and other supplies of a destructible character. The loss is partially covered by insurance.

Thin Men and Women

DO YOU WANT TO GET FAT AND BE STRONG?

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract properly assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere, which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This preparation is called Sargol and much remarkable testimony is given as to its successful

use in flesh building. Sargol, which comes in the form of a small non-injurious tablet, taken at meals and mixed with the digesting food, tends to prepare its fat, flesh and muscle building elements so that the blood can readily accept and carry them to the starved portions of the body. You can readily picture the transformation that additional and previously lacking flesh-making material should bring with your cheeks filling out, hollows about your neck, shoulders and bust disappearing and your taking on from 10 to 20 pounds of solid, healthy flesh. Sargol is harmless, inexpensive, efficient. G. A. Gorzas and other leading druggists of this vicinity have it and are authorized to refund your money if weight increase is not obtained as per the guarantee found in each large package.

NOTE: Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.—Advertisement.

POLITICAL ADVERTISING

For the Nomination — FOR — County Commissioner

On the Democratic and Washington Party Tickets

If nominated and elected, I pledge myself to vote for a reduction of the County Tax and devote my time to the office.

Your Vote and Influence Will Be Appreciated

HARRY C. WELLS Primary Election, September 21, 1915

For Recorder of Deeds and Clerk of the Orphans' Court FRANK J. ROTH

To the Republican Electors of Dauphin County:

I am a candidate for nomination on the Republican ticket for the office of Recorder of Deeds and Clerk of the Orphans' Court of Dauphin County. For more than twenty years I have been the Official Stenographer of the Courts of Dauphin County, and for thirteen years an Attorney at the Bar. My long experience in and knowledge of court affairs especially qualify me with a thorough understanding of the business of this very important office, to come before you as a candidate with the assurance of having the esteem and the confidence of the general public; standing upon my record as a court official, as a citizen, and as a man.

I beg you to believe that I shall highly appreciate your vote, and thank you for the honor you do me. If elected, my personal attention will be given to the office, and I shall earnestly strive to merit your approval by a courteous, conscientious and efficient administration — believing this course to be the right rule of conducting public as well as private affairs.

NOTE—I have never before been a candidate for public office, and am not connected with any factional fights.

Sincerely yours,
FRANK J. ROTH.
