AMUSEMENTS

ORPHEUM
To-morrow afternoon and evening—*"The Revue"* on this occasion. By Thursday matinee and night, September 23.—Hughy Bernard's "Americans."

"TWIN BEDS"
Selwyn and Company have selected "Twin Beds" for their new festival, by Salisbury Field and Margaret Mayo to which New York gave the honor of a 23rd anniversary. The Orpheum to-morrow afternoon and evening, "Twin Beds" is a clean and rapid ride, but upon an attempt to escape from too much neighborliness made by six people in a fashionable apartment building who all solemnly move, in great secret, to another, precisely similar apartment house in another part of town and then begin their troubles all over again.—Adv.

HOWE'S TRAVEL FESTIVAL
All of us, to some extent, cherish the hope that some day we may visit those distant lands which in our fancy have beckoned us. And when months and years pass and still our "ship has not come in" we welcome all the more the splendid opportunity offered seasonally by Howe's Travel Festival which comes to the Orpheum next Friday and Saturday with daily matinee to gratify our desire. Alluring indeed is the itinerary which has been arranged for "Howe's Travel Festival" on this occasion. It includes not only a visit to both California Expositions through the Panama-Pacific Exposition, but also a trip to the great city of Norway from Christiania to Bergen. Then, too, there will be a ride on a United States submarine entirely new animated cartoons.—Adv.

VAUDEVILLE AT THE MAJESTIC
Marie Fenton, charming as of yore, is one of the very clever artists who repaid vaudeville devotees for their courage of braving the heat, to witness the new vaudeville show that appeared for its first performances at the Majestic last evening. Her new songs and new gowns, simply captivated all the friends she won in former years. But, in addition to the headline act of the bill is probably the big comedy hit that the Three Lelsh-tones are presenting. They are a comedy troupe of about fifty buildings, have a host of Orpheum followers here and their comedy vehicle this season is a comedy of the "Thousand Dollar Check."

COLONIAL TO-DAY—"THE MAN TRAIL"
In staging its fire scene in the last act of Esenay's six act farce, "The Man Trail," a unique arrangement was made to get the proper lighting effect, as the scene was taken at night. The village consisting of about fifty buildings, was fired at 8 p. m. Lights were placed on great poles all around the village and two balloons, tied to trees, carried several hundred lights suspended on a wire between them and connected by a ground wire with the electric light plant at Waukegan. This lighted up the village almost as brightly as day. "The Man Trail" with Richard C. Travers and June Keith in the leads, will be shown at the Colonial as the feature photoplay of a big program to-day and to-morrow. Mr. Travers is seen as John Peabody, the young city fellow who tires of city life and visits his uncle's lumber camp in the backwoods. On his first day he is discovered by his uncle and later made a member of the firm by winning a lumber sawing contest, a subject of a drunken brawl among the lumber jacks, giving the bully of the camp an unmerciful beating and last but not least winning the hand of a pretty girl in the dense north woods. Monday and Tuesday the Colonial will offer Lubin's farce, "The Rintalated Rhinoceros" with Raymond Hitchcock, appearing in the stellar comedy role.—Adv.

ORDERED TO CLEAN RIVER BANK
Sunbury, Pa., Sept. 17.—Dr. B. Franklin Royer, of the State Health Department, at Harrisburg, visited the Borough, and after an inspection, ordered a general cleaning up along the Susquehanna river bank. It is the desire of the doctor, he says, to prevent a spread of the Duynon typhoid epidemic to down-river towns.

TURKEY HATCHES PARTRIDGE
Mountville, Sept. 17.—Henry Heers, a well-known farmer, living near here, has a turkey hen that is raising a partridge. Mr. Heers found several partridge eggs in one of his fields, and placed them under the turkey hen. One of the eggs hatched, and the turkey hen is taking a "good pride" in caring for this lonesome one.

MRS. LYON'S AGES AND PAINS
Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

THE REGENT SATURDAY
For to-day Marie Cahill in a picture-ization of Avery Hopwood's celebrated comedy, "Tudor Porgot," at the Regent to-day only.—Adv.

COLD WEATHER RHEUMATISM

Why should rheumatism, a disease of the blood, be worse in cold weather than in summer? The rheumatic poison in the blood is the predisposing cause of the disease. If you have the taint in your blood you may have rheumatism whenever the exciting cause stirs it to action. Cold weather and dampness are exciting causes of rheumatism. They excite to action something already latent in the blood, something that you must get rid of if you would be free from rheumatism.

What this something is, nobody knows. Not very long ago it was thought to be uric acid. Many doctors now think it a microscopic organism or a specific bacillus, but they cannot find the bacillus. It is a known fact that in rheumatism the blood becomes thin rapidly, that building up the blood relieves the rheumatism and that there will be no return of the rheumatism as long as the condition of the blood is maintained. Dr. Williams' Pink Pills are recommended for rheumatism because they keep the blood rich and taint free from rheumatic poison.

The free book, "Building Up the Blood" tells all about the treatment. Send for a copy to-day to the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.

HOW THIN PEOPLE MAY PUT ON FLESH

"There goes a Handsome Couple!"

"Just look, Mary, at those Robinsons. Three months ago they were as thin as you and I, and Robinson says all they have done is 'eat Sargol and grow fat.'"

50c BOX FREE

I want to prove to every thin man and woman who reads this paper that I have a treatment which quickly increases weight and puts on fat. Twenty years, yes, even thirty—pounds of life-giving nerve-quieting, warmth-producing fat on bone frames. A treatment that fills out hollow, marbled, hardy, gives down folks strong and healthy; overcomes debility, either nervous or physical, and revitalizes the whole body until it fairly tingles with vibrant energy.

I want to prove to you, personally, that no matter how thin you are or how long you have been thin, that you can make your weight what you will, weigh what you should weigh and be as fat as you should be. I want to prove that you can clothe every part of your bony frame with good, firm, permanent healthy, "stay-there" fat and muscular tissue. I can think of no better way to prove all this than to send you some of my treatment, which is called Sargol, absolutely free, and let you use it yourself. And that's what I propose to do.

Sargol is surely a marvel. It succeeds because it makes your food work and stick. I believe you are thin because you don't get enough nourishment from what you eat. The fat-making elements in your foods are going to waste. You probably eat from four to six pounds of good solid food a day, yet you don't gain an ounce in weight. Your food doesn't stick, hardly gives you enough real nourishment to pay for the cost of cooking. Probably if you ate a dozen meals a day in your present condition you wouldn't gain. But take Sargol and if I am right the same meals you're eating now should put many pounds of good, firm flesh between your skin and bones. F. Gagnon says he gained 22 pounds and there are many more whose names can be given you who write along the same line.

Sargol contains highly valuable ingredients designed to furnish your whole body with the very fat essentials it so badly needs if you expect to get fat and gain in weight.

It mixes with the food you eat for the purpose of turning the sugars and starches in your food into rich, ripe nourishment for your tissues and blood. It aims to save the immense amount of fat-making nourishment that now probably goes to waste with every meal. To force it to renew the red corpuscles throughout the body, and to build layer upon layer of healthy fat on wasted, emaciated frames. Its sole purpose is to make FAT—fat that means better looks, better health, a warmer body and a more active brain.

Don't take my word for this. I don't ask you to believe me now. But stop the doubting and indifference that prevents decision and gets you nowhere. ACT! Sit down now and send the FREE COUPON below. It entitles you to one 50c box of Sargol, and I send it to you free of charge and all I say is true. Take Sargol with your meals—then watch it work. See if weight don't go up and nervousness go down. If stomach troubles don't vanish and worries fade away; if face and figure don't fill out with healthy fat, and happiness and joyous, buoyant strength, energy and ambition take the place of lagging, drooping couings and wasted vitality.

Cut out the coupon now. Send it to me now with your name and address and 10c in silver, to help pay postage, packing, etc., and to prove good faith, and a 50c package of Sargol will go forward to you by return mail, absolutely free. Address Sargol Co., 24-J, Herald Building, Binghamton, N. Y.
