Must Be Destroyed Before Catarrh Itself Can Be Cured. Wonderful Results from Breathing Medicated Air

Medicine that acts on the blood alone will never cure catarrh. And neither will the sprays, douches, lotions, creams and other temporary reliefs that so many catarrh victims make a habit of using.

POLITICAL ADVERTISING

To the Citizens of Harrisburg, Pa.:

As a candidate for City Council, under the commission form of government, I wish to make a statement to the people whose vote and support I am asking.

I also promise to make every effort to secure for the city a Municipal Ice Plant that will furnish ice to ALL the people, as near as possible to cost as is consistent with a business conduct of the plant.

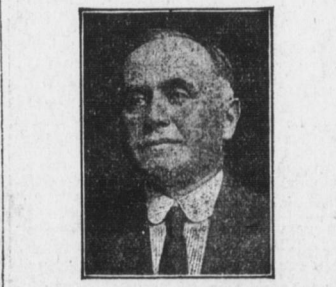

In the statement printed below I will endeavor to show the cost of building a plant and the expense of running it, and leave to you the decision as to whether the city cannot furnish ice at one-third the price it is now furnished by private parties, making a profit that will go into the city treasury and help reduce the now heavy and burdensome taxes.

The figures given here were furnished by the best manufacturers and concerns in the various lines and show the exact cost of the various items. The estimate is for a plant of the latest improved type, 100 tons capacity every 24 hours, and shows the actual cost of ice to be \$1.35 per ton delivered at the homes of the customers.

Cost of Building and Equipment: Building \$22,400; Machinery 74,610; Boilers 6,500; Stable and wagon shed 8,900; 20 horses 7,500; 15 wagons 4,875; 15 sets of harness 1,750; Scales, tools, incidentals 15,065; Total \$150,000

CITY CAMPAIGN IS ATTRACTING ATTENTION

[Continued From First Page.] represents the essence of political trickery such as was never known in the day of party convention and conference.

Public Disgusted "Why, if this thing goes on much longer," said a prominent businessman to-day, "we shall find it extremely difficult to get men of business training and public spirit to serve in public office. They will not submit to the harum-scarum methods which are now characteristic of present day political campaigns. We have to-day the miserable spectacle of one man whose administration as mayor was the subject of constant criticism a few years ago being permitted to figure as a more or less anonymous candidate for the chief office in the city. I don't see that the bosses of either of the prominent parties have any excuse to offer for their failure to encourage representative men to stand for the mayoralty. I'm disgusted with the whole business!"

Four Candidates for Mayor There are four candidates for mayor and they will appear upon the ballot in the following order: Harry F. Sheesley, a former member of Select Council; William F. Burgoon, a grocer in the western section of the city; Dr. Ezra S. Meals, a former member of the House and former mayor, and Edward M. Winters, a stenographer. Friends of Meals are endeavoring to give him fifty-one per cent. of the primary vote so that he may have no opposition in the general election. Sheesley and the other two candidates are hoping to spoil this program.

There are sixteen candidates for the four places in the City Council, a list of four to one situation. The sort with W. L. Gorgas, a present member of the City Council and Superintendent of Finance and ends with ex-Mayor E. Z. Gross. Those between the first and last names are Daniel W. Sohn, of the Commercial Bank; John K. Royal, who has enjoyed the salary and emoluments of City Treasurer, Prothonotary and Mayor and who is still hopeful that the Democrats will continue him at the public crib; Owen M. Copelin another more or less successful Democratic guest at the public feast, having just about concluded a long term in what is known by politicians as the juiciest job, that of City Treasurer; M. Harvey Taylor, present head of the Parks and Playgrounds; J. L. Yoder, of 621 Harris street; Albert F. Doranne, 1218 Susquehanna street, City Commissioner Harry F. Bowman, head of the Department of Public Safety; Charles E. Landis, who has been active in Washington party affairs; City Commissioner William H. Lynch, chief of the Department of Public Works; J. Edgar Rodenhaver, a well known printer; Charles C. Steiner, a former President of Common Council; Raymond Kreach, 315 James street; A. H. Nuss, 1715 State street, and J. Grant Koons, a former member of Select Council.

The long list of City Controller candidates has developed several of the aspirants coming under the wire at the last hour for the filing of nomination petitions. Those who are candidates are Ashton D. Peace, Secretary of the Harrisburg Republican Club, who has many enthusiastic supporters; DeWitt A. Fry, a former member of the old Council and long identified with the Central Iron & Steel company; Clarence F. Snyder, of 362 Broad street; Sam. T. Kinsinger, formerly of the Common Council; Wilmer Crow, who was a candidate for the Legislature last year and is well known in business circles; Harry M. Riley, formerly clerk to the highway com-

HIGHER TARIFF FOR GREAT BRITAIN IS NOW PROPOSED

London, Sept. 17.—Among features which a well-authenticated report says will be found in the budget which Chancellor McKenna will shortly lay before Parliament are proposals for taxation of imports on a scale which in advance is proclaimed to be the introduction of radical tariff changes. Probably the last idea in the mind of the Chancellor of the Exchequer is to afford any handle for a revival of political polemics on this vexed question, but the necessity of providing money to carry on the war may force him to have recourse to this method of raising revenue.

DANDRUFFY HEADS BECOME HAIRLESS

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single hair and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get which gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 50 cents per bottle.—Advertisement.
