Dear Sir:—

No one realizes more than you as a citizen of Harrisburg, the importance of the office of Alderman. An upright, conscientious man in that position becomes a power for good in his community, while an improper person elected as Alderman can embroil the whole community in which he lives.

I am a candidate for Alderman in the Tenth Ward at the coming primary on September 21 next. I have been a resident of Harrisburg all my life, being born here in October 1890. I have lived in the Tenth Ward for 10 years, and refer you to my neighbors as to my fitness for the office I seek.

If nominated and elected, I pledge myself to a just, honorable and conscientious performance of the duties of the office.

After due consideration of my fitness I hereby ask your vote and support both at the primary and general election for the Tenth Ward.

Very sincerely,
Geo. L. Klinepeter

For County Treasurer

John E. Shupp

I come before the voters at the earnest solicitation of my many friends—not as the representative of any clique or faction. If nominated and elected, I will be the servant of the people of Dauphin county.

A former Councilman, a school teacher, a business college graduate and a business man. He is well qualified to fill the position as City Controller. Your support and influence will be greatly appreciated.

Aspires For the Democratic-Washington Nomination of County Commissioner

¶ I have entered this campaign for the sole purpose of placing the County Commissioner's office into the hands of the people.

¶ I stand pledged for a just and equitable assessed valuation

¶ As the assessed valuation of the County increases the tax-rate MUST decrease.

¶ The County Commissioners' office is the business office of the County, whose annual revenues approximate one-half million dollars, collected from the people primarily through taxation and expended directly or indirectly by the County Commissioners. These men should be EXPERIENCED, CAPABLE AND EFFICIENT and whose selection is up to the voters.

¶ If you agree with my views and feel that I should continue to represent you on the Board of County Commissioners, I respectfully solicit your influence and support.
