# **CELEBRATION PLAN**

To Mark Opening of New Sycamore Field; Big Event Thursday

Another big feature of next week's football. municipal celebration will be the seventh annual playground track and field meet. It is scheduled for Thursday, September 23, at 2 o'clock at Sycamore playgrounds.

The meet, which was postponed by Supervisor George W. Hill, Jr. from last summer in order to be a feature event of the celebration, will mark the opening and completion of the new Sycamore playgrounds with its mile cinder track, located at Thir-

teenth and Sycamore streets.

SATURDAY EVENING.

season will open to-day with the play-ing of two games on Pennsylvania gridirons. At Carlisle the Albright College team will line up against the Carlisle Indians, while at Lewisburg, Pa., Bucknell University will have the Bloomsburg State Normal School eleven as opponents. Owing to the intense heat of the past week, the teams are hardly in condition for fast

football.

Chief interest will center in the showing of the Carlisle eleven, which begins the 1915 campaign minus the services of Coach Glenn Warner, who is now instructing the University of Pittsburgh football squad.

Albright has never been a menacing opponent against Carlisle in past seasons, but the score run up by the Indians has always been accepted as a reasonably accurate forecast of the strength of the victors for the season.

### Washington Wins Out in Championship Game

Mail Entries Monday

Supervisor Hill on Monday will send entries to the grammar school principals who will distribute them to any boys wishing to enter. The contestants will represent the playground with which they were connected last summer. Championships will be awarded in each class.

First place will count 5 points; second, 3 points; third, 2 points; fourth, 1 point. At last year's meet the Sycamore boys made a runaway of the meet.

The playground instructors augnethed by local officials will be in charge. The following boys' playgrounds will be represented: Boas, Harris, Kelker, Emerald, Reservoir, Sycamore, Twelfth, Cowden and Maclay. Boston has 18 and Brooklyn 16 day. ### New Quarantine Put on Cattle Shipments

The State Livestock Sanitary Board,

The State Livestock Sanitary Board, through State Veterinarian C. J. Marshall, has taken prompt steps to check any spread of foot and mouth disease from the infected district in Illinois. The order applies to the whole state and is as follows:

"The importation into Pennsylvania of cattle, sheep, other ruminants or swine, except as hereinafter provided, originating in the following described area of the State of Illinois, is prohibited. All that part of the state lying north of the northern bounaries of the counties of Calhoun, Jersey, Macoupin, Montgomery, Favette, Effingham, Jasper and Crawford. Shipments of such animals originating within the federal restricted area, for immediate slaughter only, may be made to establishments within Pennsylvania where federal meat inspection is maintained or to slaughtering establishments for which permits have been issued by the State Veterinarian of Pennsylvania for receiving such animals.

"All cars used in transporting livestock into Pennsylvania in compliance with these regulations after being unloaded must immediately be sealed and forwarded to the nearest disinfected under official supervision. Provided, however, that cars containing livestock unloaded for rest, feed and water and reloaded into the same cars need not be cleaned and disinfected at that point."

### TRAVELETTE By NIKSAH PINAR DEL RIO

Pinar del Rio is a town and a province ocupying the western end of the island of Cuba and a region to which that republic of the Caribbean owes its world-wide reputation for producing the best tobacco ever smoked. Cuba and Havana have become synonymous with good tobacco, but Pinar del Rio has made this possible for them.

If that host of smokers who, throughout their lives, have sung the praises of Cuban tobacco, should make a tour to the shrine of the God of Nicotine, they would find a fairy road (built by to the shrine of the God of Nicotine, they would find a fairy road (built by to the shrine of the God of Nicotine, they would find a fairy road (built by tobacco see sunning through fields of tobacco. By the side of the streams under the shade of the mango and aguacate trees are the huts of the natives with naked children running about and lustrous-eyed senoritas flirting with the task of keeping house.

Higher up the hills grow more precipitous and one marvels at the steep cliffs upon which are clinging the native huts and at the patches of cultivated land, access to which can be gained only by climbing ladders. But this is the peculiar soil which gives the tobacco that quality so highly prized by comnoiseurs, and it is worth the many land the property of the divide. discovered in Egypt.

The most important feature of this discovery is a great subterranean reservoir, or basin, upon which the barque of Osiris once floated. From inscriptions upon the walls, this water evidently possessed curative qualities and was visited by many invalids. Hydraulic engineers now studying the sheet of water which extends under most of Egypt, believe that it was once above the surface. The reservoir of Osiris substantiates this theory, although its exploration has not been completed because of the immense blocks of boken granite which still obstruct it.

The building containing it has walls of solid masonry over six feet thick. Its interior was divided into great naves by rows of monolithic pillars of such size that large numbers of them were cut up into mill stones by the conquering Romans. The city of Abydos lay thirty feet below the surface of the desert and its wonders are just beginning to become known. The temple of Osiris is believed to be its greatest building and the old reservoir is the greatest marvel of the temple.
