

# FINANCIERS OPPOSE LOAN FINANCING

## Commission Understood to Want Money for Purchase of Army Supplies

By Associated Press  
New York, Sept. 18.—The two parties to the negotiations looking to the creation of a mammoth credit loan here to Great Britain and France met in secret again today in an effort to adjust their differences over this question: Shall the big credit—billion dollars or otherwise—provide funds for the payment of munitions of war, as well as wheat, cotton and other commodities, or shall a separate and distinct method be adopted in settling the bill for rifles, shrapnel, war automobiles, aeroplanes, and other items coming under the meaning of the word munitions.

The Anglo-French financial commission, which is conducting negotiations on behalf of Great Britain and France to raise the credit to take care of munitions.

The American bankers—or what appears to be a majority of them—apparently do not cross their camps, however, there is marked division of opinion, while the commission is reported to be unanimous.

The so-called progerman financiers of New York in this regard are willing to subscribe liberally to a loan, if none of the money be spent in paying for munitions of war.

# TEUTONS WILL SOON TAKE CITY OF VILNA

[Continued From First Page.]

readjustment is expected following Field Marshal Von Mackensen's capture of Pinsk.

Reports that the Austrians and Germans have decided to initiate a new offensive campaign are multiplying but there is little concrete evidence concerning the direction which it may be expected to take. Cabling from Rotterdam, several correspondents assert they have reasons to believe the central powers have not only decided to strike a heavy blow but have already put underway the preliminary military movements.

## No Great Concentration

The objective of the new campaign is generally believed to be either Italy or Serbia. Apparently there has not been any great concentration of troops along the Danube and Save rivers. Considerable activity has been displayed along the front recently. Austrian attempts to cross the rivers have been checked and, according to official reports from Nish, Serbian artillery has destroyed fortified works on the banks of the Danube.

It is felt here that the Balkan problem has reached a critical stage. The Turco-Bulgarian agreement, coupled with the announcement of Premier Poincaré of Bulgaria, that public opinion was opposed to any attack on Turkey, seems to have settled the attitude of the Bulgarians, at least as long as the new Austrian movement is not in progress.

There probably will be no further developments in the controversy over conscription until Parliament meets again next week.

## AUSTRIAN MOVEMENT EXTENDED

Nish, Serbia, Sept. 18, via London, Sept. 18.4.4. The war office today issued the following statement: "Near the village of Jakobovci between the village of Novodvor and the village of Srebrenica, the Austro-Hungarian army has extended its line of attack. The enemy reached the river Stchara, attacked near the village of the same name and crossed the right bank."

## ALL ATTACKS REPULSED

Petrograd, Sept. 17, via London, Sept. 18.4.4. The war office today issued the following statement: "Near the village of Jakobovci between the village of Novodvor and the village of Srebrenica, the Austro-Hungarian army has extended its line of attack. The enemy reached the river Stchara, attacked near the village of the same name and crossed the right bank."

## MANY DEAD IN ATTACK

Constantinople, Sept. 18, via London, Sept. 18.3.8. An official statement issued to-night at the Turkish war office said that during the day our volunteers surprised an enemy camp in the district of Kalaat-El-Daim. An attack followed, in which the enemy lost hundreds of dead.

# Elector of Mexican Parentage Wants on Registration Books

The first American citizen of Mexican birth that ever registered as a prospective elector in Harrisburg filed his petition to-day for a place on the books of his district.

The Mexican-American was one of more than seventy who wanted on the books to-day because they had been unable to personally register on the three regular days.

The clerks were busy to-day receiving late petitions, distributing election supplies in the county districts, etc. With the exception of two districts of Susquehanna, five from Swatara and one from Middle Paxton townships, all the supplies were sent out to-day. Beginning at 6 o'clock Monday morning the supplies and registration books for the various city precincts will be sent around and after that hour it will be impossible to do so.

Election officers appointed to-day included the following: First ward, First precinct, George McNeal, vice Arthur Dolan, majority inspector; East ward, Lakemont, F. McAuliffe, vice Robert E. Swab, judge of election; First precinct, Wiconisco township, Thomas Dodd, vice Harper Hochlander, judge of election. The latter is now in a hospital undergoing an operation.

# Chandler Sixes Proving Popular in Local District

Andrew Redmond reports a complete clean-up of the Chandler cars in stock this week, but was fortunate in receiving another shipment yesterday. In speaking of the Chandler's success Mr. Redmond said: "After all, perhaps the real test of a car is the ability to rush a hill or steep grade, but the fact that it can take the grade up speed without visible distress to the motor. In the Ashland contest, the Chandler Six won the event, defeating three eight-cylinder cars, four sixes and one high-powered four. The Chandler traveled up the four per cent grade for nearly a mile in the time of four minutes, twenty-six seconds. The next car to finish was almost a full minute faster in its ascent. Some tribute to Chandler flexibility, eh?"

## GEORGE O. ALBRIGHT IS DEAD

By Associated Press  
Allentown, Pa., Sept. 18.—George O. Albright, president of the Allentown Foundry and Machine Company and one of the founders of the Lehigh Telephone Company, died at his home, Fox home, Lehigh county, last night, aged 53 years.

# Judge Orlday Popular in Central Pennsylvania

Among the several candidates for the Superior Court the one who is most likely to receive a great vote in Central Pennsylvania is Judge George B. Orlday, of Huntingdon, who is almost his well known in Harrisburg and this section of the State as one of our own citizens. His record on the intermediate bench is so admirable that he is certain to be re-elected by an overwhelming majority.

# KEENE, ENDERS AND STAMM FAVORITES

[Continued From First Page.]

fluence in the community. It is highly important, friends of Dr. Keene and Mr. Enders point out, that the people should have full confidence in their school directors, especially since the needs of the community are reaching a crisis with respect to the building of a new high school.

The names of Messrs. Enders and Keene and Carson Stamm have been linked by Republicans as men of high standing in the community and who would be as independent in school affairs as they have been in private life. There is absolutely no truth in the report that they are pledged to anybody or anything other than a proper administration of the office if elected, and indications were bright today for victory for all three at the primaries next Tuesday.

## Aldermanic Contests

Some attention was being paid today to the ward contests by aldermen who desire renomination or who aspire to the office. In the first ward Alderman John E. Nicholas will be renominated by the Republicans while George W. Fields is unopposed for the Washington and Democratic nominations. In the second, Alderman S. Brady Caveny will have easy sailing, having no opposition either within or without his party, and Aaron H. Landis is in the same enviable position in the Sixth.

In the Seventh there is a big mix-up, no less than 12 candidates being in the race. The Republican aspirants are former Councilmen Frank Nickels and George D. Toomey, William S. Moses, Jacob W. Katz, J. Grant Hoffman, Harry M. Frank, William A. Govea and George H. Bowers. William Clelland, William H. Filling, Jr., Wm. H. Moore and John H. Shaner are out for the Democratic nomination, and Shaner and John E. Bowers are Washington county candidates as well.

As usual Charles P. Walter has both the Democratic and Republican nominations "cinched" in the Eighth ward while George A. Hovetter is unopposed for renomination by the Republicans of the Ninth. Clarence E. Backenstoss, the Democratic aspirant, and Hovetter are both after the Washington nomination. In the Tenth, G. L. Klinepeter and W. F. Shoemaker are seeking the Republican place on the aldermanic ticket in the Tenth and George W. MacWilliams is out for the Democratic nomination. A. W. Hoster, Sr., and John S. Lutz are fighting it out for the Democratic aldermanic place in the Thirteenth, while Adam Hoster and George B. Sprout are contending on the Republican side, with Hoster, Sr., and Lutz also seeking the Washington nominations in that ward.

# Orth Dispects With Prospects For Fair and Speedway Here

"I am more than delighted with the trip and what I saw convinces me that the Keystone State Fair and Industrial Exposition Company, who had just returned from a visit to the Syracuse Fair and an inspection of the new automobile speedway at Sheephead Bay.

"At Syracuse we were the guests of Secretary Brown of the big fair there, who will become associated with the Keystone Fair as an official," Mr. Orth continued. "Despite the heat 6,000 people attended the fair the day we were there and it is a big paying institution. The hotels were crowded to capacity and the affair meant much to Syracuse. At Sheephead we found the new speedway almost completed, with a seating capacity in stands and bleachers of about 75,000, and 100,000 tickets sold in advance for the first race, securing an income of about \$300,000 for the initial event."

"In New York we arranged with the automobile contest association for the automobile contest here when our track is completed."

Mr. Orth was accompanied by W. J. Stewart of the fair company.

# 7th Ward Republican Club Holds Parade

Headed by their endorsed candidate, W. S. Moses and a band, several members of the three Seventh ward colored Republican clubs held a big parade over the principal streets of the West End last night.

Afterwards they assembled at the headquarters of the Seventh Ward Republican Club in Seventh street and listened to speeches by Dr. E. S. Meals, William Turk, W. W. Caldwell, W. S. Moses, DeWitt A. Fry, etc.

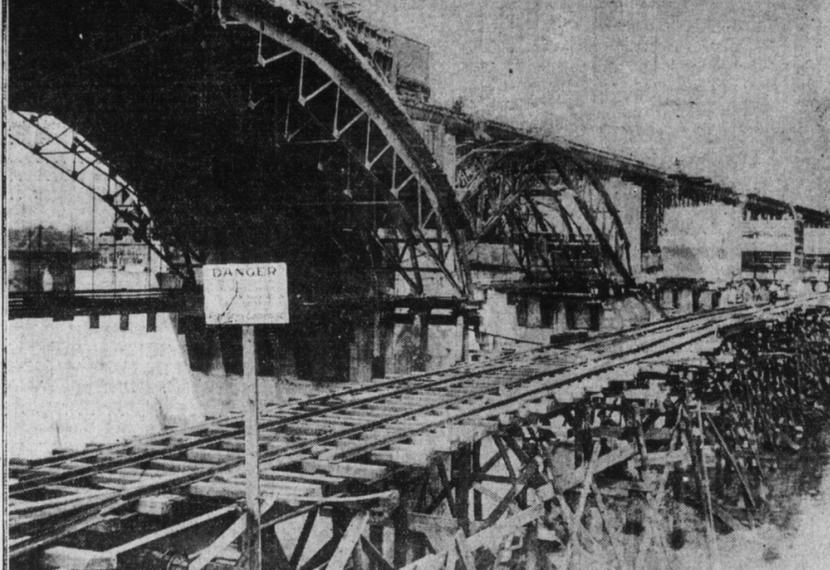

# Dr. Dumba Leaves New York City Hurriedly

By Associated Press  
New York, Sept. 18.—Dr. Dumba, Austro-Hungarian Ambassador, left his hotel here at midnight last night. Dr. Dumba gave up his suite, took all his baggage with him and declined to state his destination, which perhaps is Washington.

## GEISTWITZ'S NEW LOCATION

George W. Geistwitzer, the merchant tailor who had his store ruined by fire has opened across the street from his former location, at 21 South Fourth street, in rooms formerly occupied by the Jones Dancing School.

# WORK ON NEW C. V. BRIDGE PROGRESSES

Work on the construction of the new Cumberland Valley Railroad bridge over the Susquehanna river is progressing rapidly and the contractors already have several of the arches finished on the lower side near the Cumberland county side. The upper picture shows the section of the bridge being made ready for the concrete. The arch forms are in place and will be filled with the material. The lower picture shows one of the arches completed.

# Posters Tell of Private Enterprise During the Last Fifteen Years

# Erected Since Harrisburg's Awakening

Showing how Private Enterprise follows Civic Improvement

# We are proud of HARRISBURG and its people

The above illustration is an exact replica of the posters which the Chamber of Commerce is getting out for use during the celebration. It is the way in which private enterprise goes along hand in hand with public improvement and also to give some idea as to just how much has been done in having delivered all Maxwell cars, therefore no loss but some accessories and repair parts.

# Studebaker Agency With Local Ford Sales Company

P. Driscoll, manager of the Ford Sales Co., has received the first Studebaker demonstrator and will represent this line of cars in addition to the Ford. As the cars are in a different price class there will be no conflict whatever. In speaking of a Studebaker transcontinental run, Mr. Driscoll said:

"The performance of the Studebaker car in the coast-to-coast tour of the Lincoln Highway is regarded by motorists as being little short of phenomenal. Traveling country rough from hills and mountains, and over roads rutted and water logged in places where highway improvement was under way by the unusual rains of the present year, the Studebaker made the 5,373 miles from New York to San Francisco without replacement of any part of the car. It is interesting to motorists, was developed that Studebaker service stations average one to every 31.5 miles along the Lincoln Highway, and also, that between New York City and Laramie, Wyo., a distance of 2041 miles, there are but three instances where an automobile tourist need travel further than 50 miles to find a Studebaker representative. The longest of these three stretches is 73 miles."

# AMERICAN RECORD BROKEN

By Associated Press  
San Diego, Cal., Sept. 18.—Lutnant Walter R. Tallafero, junior military aviator attached to the signal corps aviation school at the military camp, North Island, was receiving congratulations to-day on his achievement in smashing the American sustained flight record for pilot alone yesterday when he remained in the air nine hours and 48 minutes. The previous record, 8 hours and 53 minutes, was established by Lieut. Byron C. Jones, first ace squadron last January.

# Erect Fences to Keep Looters Out of Ruins of Big Fire Block

In order to prevent outsiders from digging in the ruins of the Thursday morning fire at Fourth and Chestnut street, fences will be constructed at Chestnut and Blackberry street entrances to the Central garage property. The store rooms and private residences have also been boarded up.

In the ruins are said to be money and other valuables. Yesterday at least 100 curious people started to dig in the rear of the Philadelphia Cafe property. Fire Chief John C. Kinder and representatives of local insurance companies decided to-day that the best thing to do would be to board up the ruins.

No change has been reported in the estimates of the fire losses. Several adjustments will be made Monday, and preparations started to rebuild the apartment buildings owned by the Doehe estate.

# MORROW DIES OF WOUNDS

By Associated Press  
Allentown, Pa., Sept. 18.—Milton W. Morrow, the artist, who on September 6 while temporarily deranged through jealousy, it is alleged, shot his wife and then turned the weapon upon himself, died in the local hospital this morning. Mrs. Morrow, who occupied a room next to her husband, bore up bravely when informed of his death. She will probably recover.

# TO HEAR DR. STOUGH

Professor C. F. Clipping, head of the Harrisburg Evangelistic Chorus, announced this afternoon that a big number of the chorus members will go to Hershey Monday to hear Dr. Henry W. Stough, the evangelist, talk on "Russellism."

# Schools of City Have Made Wonderful Stride in the Last Fifteen Years

# Parade of 11,000 School Children to Be Great Spectacle Next Friday

Just how importantly Harrisburg's 11,000 school children will figure in the big Municipal Improvement celebration next week was explained to the school board last evening by the president Harry A. Boyer, who has charge of the youngsters' end of the program.

# Judge McCarrell on Municipal Improvements

Judge McCarrell, who returned this week from a summer's outing at Eaglesmere, is greatly interested in the celebration of the improvements and expressed himself to-day in these words: "We are just beginning to properly appreciate the value of the public improvements which have been made in the last fifteen years. Our improved sewerage system, our paved streets, our parks, playgrounds and filtration plant are a matter of pride and delight to every citizen. As we look at what has been done, one can seriously doubt the wisdom of the expenditure which has produced these results. The improvement which, in my opinion, is closest to the welfare of every citizen is our splendid filtration plant. Every resident of the city is enjoying its benefits, and the relief from disease which has been brought about through its operation has brought comfort to every home in the city, and for this improvement our people should be particularly grateful."

# SAW "GETS" FINGER

Martin Brown, of 1510 Hunter street, employed at the F. C. Snyder lumber yard, Eighteenth and Holly streets, had the index finger of his left hand cut off this morning when it caught in a circular saw. He was treated at the Harrisburg hospital.

# WRECK TRAIN WRECKED

Ripley, Va., Sept. 18.—While hurrying from Parkersburg to this place to replace a derailed engine early to-day a wreck train on the Baltimore and Ohio railroad went through a bridge spanning a creek near Ripley's landing and five of the nine men on board were seriously injured. One, it was stated, would probably die.

# EMANUEL SCHLESINGER

Funeral services for Emanuel Schlesinger, formerly of this city, who died in Parkersburg, Md., Thursday, will be held Monday morning in the Harrisburg Cemetery.

# TETTER ON HANDS VERY ANNOYING

Skin Inflamed, Red and Full of Blisters. Would Crack.

# HEALED BY CUTICURA SOAP AND OINTMENT

"The tetter on my hands was very annoying. The skin was inflamed and red and full of blisters. It would peel off and crack and scale off, through a bridge spanning a creek near Ripley's landing and five of the nine men on board were seriously injured. One, it was stated, would probably die."

After a few weeks I did not dare to get my hands wet. A druggist told me to try Cuticura Soap and Ointment. After a few weeks I was healed. "My grandchild got eczema all over his face in a scaly red rash. I got one cake of Soap and one box of Ointment. After three weeks, he was healed." (Signed) Mrs. J. W. Stiffner, R. F. D. No. 1, Wilmore, Pa., Jan. 1, 1915.

Simple Each Free by Mail. With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

# HARRISBURG WOMAN IS LEAVING URUMIAH

[Continued From First Page.]

typhus fever shortly before the flight. Dr. Usher was attacked the same day his wife was stricken. He still is scarcely able to walk although he has recovered from the disease.

The entire party suffered great hardships on the road. Already weakened through the long headquarters of thousands of refugees, virtually all the members of the party were scourged by disease and were forced to halt at Tiflis. There, fortunately, the board of missions had a fund deposited with the American consul, Dr. William A. Shedd, head of the Urumiah mission and Mrs. Robert M. Labaree, the wife of one of the missionaries at Urumiah and several other missionaries are here, homeward bound.

Dr. Shedd lost his wife, and two other women of the Urumiah station died of disease due to overwork in caring for twenty thousand refugees. As an indication of the spirit of American missionaries, another board of missionaries at Urumiah and several other missionaries are here, homeward bound.

# Thousands Found Dead

The Urumiah missionaries report that the city was spared a massacre on the occasion of the second flight of people from it which occurred at the time the American missionaries left Van. The Turkish tribes around Urumiah are said now to be disposed to submit to Russia.

It is stated that in addition to the mission all the better buildings in the city were burned, including the home of the Presbyterian pastor, the headquarters of the Armenian government. The massacre, the missionaries report, was directed by Jevdet Bey who had burned the compound before retiring from the city in the summer of 1908. When Jevdet returned he took a terrible vengeance for the raising of the siege by the Armenian volunteers.

# Schools of City Have Made Wonderful Stride in the Last Fifteen Years

No better proof of the development of city schools during the last fifteen years could be offered than statistics compiled by Secretary Daniel D. Hammett which show that during the period the attendance increased twenty per cent, necessitating new buildings and improvements which cost more than a million dollars.

# Parade of 11,000 School Children to Be Great Spectacle Next Friday

Just how importantly Harrisburg's 11,000 school children will figure in the big Municipal Improvement celebration next week was explained to the school board last evening by the president Harry A. Boyer, who has charge of the youngsters' end of the program.

# DEMOCRATIC SLATE BEING DISTRIBUTED

## Workers Receive Printed Slips Containing Selections of the Machine Bosses

In view of the frequent Democratic criticisms of "slate making" by the "awful" Republicans, an occurrence at the Central Democratic Club last evening is of much interest. Printed slips, of which the following is a fac simile, were distributed among the workers as the selections of the Democratic bosses. The workers were told to go out and make votes for the Democratic machine slate as there presented and there were plenty of slips on hand to go around with a lot more for distribution outside the meeting. The slate as presented follows:

Democratic and Washington Party Candidates Primaries, September 21, 1915	
COUNTY COMMISSIONER (Vote For Two)	
John H. Eby	
Alfred B. Gardner	
Charles S. Keeler	
Samuel M. Taylor	
Harry C. Wells	
RECORDER OF DEEDS AND CLERK OF ORPHANS COURT	
C. Albert Fritchey	
REGISTER OF WILLS	
Roy C. Danner	
SHERIFF	
Emanuel N. Lebo	
DISTRICT ATTORNEY	
Paul A. Kunkel	
COUNTY CONTROLLER	
Addison Goodfellow	
COUNTY TREASURER	
David Hatz	
DIRECTOR OF THE POOR (Vote For Two)	
Harry C. Cassel	
George F. Peterhoff	
Simon T. Fickinger	
Peter Gruber	
Harry C. Heilig
