For Recorder of Deeds and Clerk of the Orphans' Court

FRANK J. ROTH

To the Republican Electors of Dauphin County:

I am a candidate for nomination on the Republican ticket for the office of Recorder of Deeds and Clerk of the Orphans' Court of Dauphin County. For more than twenty years I have been the Official Stenographer of the Courts of Dauphin County, and for thirteen years an Attorney at the Bar. My long experience in and knowledge of court affairs especially qualify me with a thorough understanding of the business of this very important office. I come before you as a candidate with the assurance of having the esteem and the confidence of the general public; standing upon my record as a court official, as a citizen, and as a man.

I beg you to believe that I shall highly appreciate your vote, and thank you for the honor you do me. If elected, my personal attention will be given to the office; and I shall earnestly strive to merit your approval by a courteous, conscientious and efficient administration — believing this course to be the right one of conducting public as well as private affairs.

NOTE—I have never before been a candidate for public office, and am not connected with any factional fights.

Sincerely yours,
FRANK J. ROTH.

For City Council

E. Z. GROSS

I hereby announce myself as a candidate for City Council—assuring my friends that I am not, and will not be, controlled by any man or set of men and pledging myself to be in truth a nonpartisan councilman devoted to the best interests of the taxpayers and citizens of Harrisburg in general.

My record as Mayor proves fitness and commands your confidence.

Please vote for last name on Councilman ticket.

To the Citizens of Harrisburg, Pa.:

As a candidate for City Council, under the commission form of government, I wish to make a statement to the people whose vote and support I am asking. I believe it is necessary for a Councilman to devote all his time to the duties of his position and, if nominated and elected, I promise to do this. I promise to give to the city that same honest, conscientious, industrious service that I would give to my own business.

I also promise to make every effort to secure for the city a Municipal Ice Plant that will furnish ice to ALL the people, as near as possible to cost as is consistent with a business conduct of the plant.

In the statement printed below I will endeavor to show the cost of building a plant and the expense of running it, and leave to you the decision as to whether the city cannot furnish ice at one-third the price it is now furnished by private parties, making a profit that will go into the city treasury and help reduce the now heavy and burdensome taxes. Our Water Department is very profitable, and with an ice plant located on the island, adjacent to the filter plant, on land now owned by the city, supervised by the state chief engineer and operated by steam taken from boilers in the pumping plant, ice could be made and sold at a very low price. The figures given here were furnished by the best manufacturers and concerns in the various lines and show the exact cost of the various items. The estimate is for a plant of the latest improved type, 100 tons capacity every 24 hours, and shows the actual cost of ice to be \$1.36 per ton delivered at the homes of the customers. Ice is now selling in Harrisburg at from six to twelve dollars per ton. This same ice can be made and sold, delivered to customers by the municipal ice plant, at a fair profit to the city at 25 pounds for 5 cents (four dollars a ton). Ample provision has been made to store the surplus ice made during the winter months and the plant can be run every day in the year.

Cost of Building and Equipment		Expenses of Operation Per Year	
Building	\$32,400	Interest on plan and equipment at 4 per cent	\$6,000
Machinery	74,510	Depreciation in value of plant at 3 per cent	4,500
Boilers	6,800	1 oiler, day and night (2 men, \$900 each)	1,800
Stable and wagon shed	8,000	1 fireman, day and night (2 men, \$900 each)	1,800
30 horses	5,500	Ice drawing gang, (6 men, \$900 each)	5,400
15 wagons	4,875	Oil, waste and other incidentals	1,200
15 sets of harness	750	4,000 tons of river coal	5,000
Scales, tools, incidentals	15,065	Feed for 30 horses	2,600
Total	\$156,000	2 stable men (\$600 each)	1,200
		15 drivers (\$800 each)	12,000
		15 helpers (\$700 each)	10,500
		1 stock clerk	900
		Total	\$53,900

Receipts and Profit to City Per Year
100 tons per day, 35,500 tons per year, at \$4 per ton...\$144,000
(About one-third present price.)
Cost delivered to customer...\$8,500
Profit to city...\$92,100

Please investigate my statement, and if you think municipal ownership of the ice plant a good business proposition for the city, and a money-saver for the people, you will help it along by voting for me. Remember, water and ice go hand in hand, and as the Water Department has always been a good profit-maker, an ice plant can be made the same.

The right of a city of the third class to create and operate an ice plant, has been questioned. There never was a doubt on the subject worth consideration but to make assurance doubly sure Mr. Rodenhaver appealed to the Legislature for an enabling act and the following bill was passed with practical unanimity in both branches of the General Assembly during the session of 1913 and approved by Governor Tener on the 25th day of June of that year:

Section 1. Be it enacted, etc., That each city of the third class is hereby authorized to manufacture ice, and to sell the same to the inhabitants of such city at such rates as shall be fixed by ordinance, and to that end may erect, equip and maintain such buildings and other structures, and may purchase or hire and maintain such vehicles, as may be deemed necessary for such purpose.

Approved the 25th day of June, A. D. 1913.

JOHN K. TENER,
The foregoing is a true and correct copy of the Act of the General Assembly, No. 353.

ROBERT McAFEE,
Secretary of the Commonwealth.

Two years ago my friends responded to my appeal for support in great numbers and with genuine earnestness. For this proof of their friendship and confidence I most sincerely thank them. I have in no respect abated my desire to serve the people of the city faithfully and with the ability and energy at my command and now by this medium earnestly solicit a renewal of their pledges of friendship, assuring each voter that I will fully appreciate the favor bestowed and shape my labors in the office so as to work the highest advantage to the public.

Yours for the greatest good to the greatest number,

J. EDGAR RODENHAVER

PAUL A. KUNKEL

Candidate For District Attorney

In 1911, the Logical Candidate For District Attorney This Year, 1915
For Republican Nomination

Was he not counted out four years ago by failure to count double-crossed (and therefore emphatic) votes for himself? Did he not carry the People's contest into Court? What became of those ballots? As it was he lacked less than 70. Yes, he paid more than \$1200. Court costs in an effort to have every vote cast for him counted. He was determined that no voter's ballot should be ignored and thrown out; that no voter should be disfranchised. He succeeded in showing that more than 70 votes emphatically marked for him had not been counted, and notwithstanding but rather because of that success he was compelled to pay more than \$1200. Court costs (\$400 his own, voluntarily, and \$800 of M. E. Stroup's, when compelled, Dec. 1914, by order of Court only). He was deprived of the office because 65 more such votes were not found in the dilapidated and broken ballot boxes. He now carries this case to the People and asks for a verdict of the People in his favor. Vote for Paul A. Kunkel, your friend and advocate. Primary, Sept. 21, 1915.

He stands for Independence, an Honest Election, Courteous Treatment, a Common-sense Administration of Office, a Square Deal for Everybody.

He declares also for only one term. There are other Members of the Bar capable of filling the office. A monopoly would prevent.
