A Style Show of Men's Fall Fashions

To Assist in the Municipal Improvement celebration we have arranged a Style Show of Men's Fall Fashions, to be displayed on a living model, which will be given in our show windows on Thursday evening, Sept. 23d, and also in our Men's Clothing Department on Friday, Sept. 24th.

This Style Show, distinctively different from anything ever shown in Harrisburg, will be both unique and interesting to every man and woman interested in style.

This "Big Friendly Store" is always at the head of the procession, and ever alive to demonstrate to our good people that we strive to do that which is different for your enlightenment.

We have procured at great expense a model who has demonstrated his abilities in all the large cities of our country.

Watch our announcements for exact time of Style Shows.

The clothing which will be shown is taken from our own stock and is now on display and sale. The greatest number of models and most comprehensive variety of fabrics that we have ever had the pleasure of offering at

SAYS CHURCH SHOULD PROVIDE AMUSEMENT

[Continued From First Page.]

Williams, "that the extant craving for amusement in the young life of the church is both natural and commendable while both State and church has neglected for too long a time the organization of this side of our community life. This failure has given opportunity of the vulgar alert in money making to commercialize the vices and amusements of the people. Hence, the damage of the cheap theater and the shady dance hall. This is a consequence which is more and more turning the government in effort on behalf of the recreations and amusements of its citizens. And the greater the effort in such organization the more the tide of amusement turns from the salacious and destructive

to the wholesome and constructive forms of amusement. "In any effort made to satisfy the craving for amusement by the church it must not be forgotten that the moral and spiritual regeneration of society is the supreme object of Christianity. The religious motive behind our efforts to provide amusements will keep them sane and well balanced.

Church Cannot Carry Burden "But assuming that the church's attitude is beyond reproach and that it carries to this problem the greatest concentration and willingness, its possibilities in this work must not be over estimated. The logic of those who expect the church to do everything social scientists desire, must be repudiated. The church cannot carry the burden of its supreme task and then carry the largest share of present day social and industrial burdens. Those who require this are foolish. An equipment for the complete reactionary satisfaction of our youth is quite beyond the ability of the true and tried faithful whom we designate as the church. In this respect the church cannot compete with commercial amusement. As a factor in making fun it must always be tame in comparison with that which a business capital provides. Neither can the church compete with city or State in offering opportunity for wholesome amusement. It can sometimes break the hold of commercialized pleasure by offering a change through the church sociator Sunday School athletic contest, or it may make inroads upon harmful commercialized amusements by supporting city movements for social and physical benefit of its youth, or where city "dads" are a bunch of mere politicians asleep to the interests of boys and girls the church through pulpit or committee can agitate a public sentiment in favor of playgrounds and parks. This legitimate interest should be a consideration in the organization of the modern church. "When a playground is agitated for the community, the movement may be unappreciated by the boys and girls themselves and the old-school citi-

zen may say it is a useless expenditure. It is the duty of the church through both pastor and official to encourage the movement. The church should also be in sympathy with the movement in the public schools to give the scholars a proportionate opportunity in athletics. The church can co-operate by encouraging the half-holiday movement for the overworked adult it at the same time direct the amusement life of the children.

"The Boy Scout movement, while providing for the amusement of the boys, teaches him to be trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. This society has been criticized because of its suggestive militarism and because it is not essentially a religious movement. This criticism, however, is not well taken when real Christian men become the scoutmasters and because they can change the whole viewpoint and they generally do. Under their leadership the troop becomes Christian rather than pagan.

The Rev. Mr. Pyles said: "The statements of bishops, moderators, presidents of various religious bodies establish, we believe, if there is any doubt that we are not fully utilizing the forces of the church, for service and hence growth," said the Rev. Mr. Pyles in his talk.

"We must work well, we must have a clear conception of our mission. The Apostles ransacked their vocabulary to find words and phrases that fittingly portray their conception of the church—two words stand out from all others in the writings of the temple—a brotherhood. They look upon God as the Builder and Architect. In building up this brotherhood, we must make the distinction between an audience, a crowd, a gathering and a brotherhood. One is a heap of stones, the other is welded together by the uniting and unifying power of the Spirit of God. As efficient workmen, we must work—work in sermon, the flock of God may be fed with the riches of the gospel, work in visiting where we know our people, sorrows, battles, needs—work as shepherds, warning, protecting, guiding, resulting in ourning.

How to Destroy Catarrh Germs and End Catarrh Forever

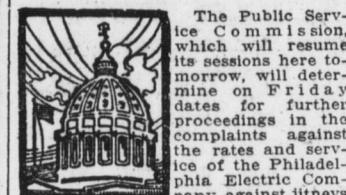

Catarrh is a germ disease and the only way to cure it so it will stay cured and never come back is to kill and drive out of your system the catarrh germs which have found lodgement here. When the germs go the catarrh will stop. The trouble with most treatments, like sprays, salves, creams, greasy balms, lotions, etc., is that they give only temporary relief by opening up for a while the clogged head, throat and nose and making the catarrh germs come back as bad as ever. People who suffer continually from catarrh should get temporary makeshifts and get something really get at the root of the disease and stamp it out. There is nothing better for such cases than breathing into nose and lungs the pleasant, soothing, healing, germ destroying and germicidal Hyomel (pronounced High-o-me) made from purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hyomel penetrates and heals the inflamed, swollen membranes of your nose and throat, stops discharges, clears the passages and completely overcomes the disease by destroying its cause. For catarrh germs cannot live in your body after Hyomel reaches them. H. C. Kennedy and many other druggists in Harrisburg and vicinity have long sold Hyomel on a positive guarantee of success. It costs only a few cents and find this generous policy pays. Most druggists are now giving a pocket inhaler made from hard rubber with every complete treatment. This makes a very simple, easy and convenient as well as a thoroughly reliable means of treating by the best known method this dangerous and often disabling disease.—Advertisement.

IMPORTANT CASES FOR COMMISSION

Public Service Will Outline Some of Its Work For the Autumn

RATES NOT TO BE MOVED

Western Case Decided—State Officials After Adulterators of Feeding Stuffs

The Public Service Commission which will resume its sessions here tomorrow, will determine of "Federal" for further proceedings in the complaints against the rates and service of the Philadelphia Electric Company, against jitneys operating in Lackawanna county without certificates of public convenience and against unprotected grade crossings in Dauphin, Montgomery, Berks and Northampton counties. Attorneys in the Philadelphia Electric case will be notified to meet the commission at 10:30 on Friday. The jitney owners, whose case will have a State-wide effect, have asked for an extension of time to file answers.

A hearing is scheduled for Friday and which will have important bearing is that of the Lancaster Automobile Club against the Lancaster Turnpike Company, which is accused of not properly maintaining its road. Complaints from York and other counties about turnpikes are also pending.

Boards to Meet—Members of the Pennsylvania Workmen's Compensation Board, who are to meet with Governor Brumbaugh and Attorney General Brown to-morrow, will make a study of the Massachusetts compensation board in addition to an extensive tour of the State in New York, Ohio and other States. The Insurance Board will also meet to-morrow to complete preliminary details of its organization, which is to be completed in the middle of October. Suggestions of names for appointment to offices and to referees will be considered here to-morrow, when the districts will probably be outlined.

After Feed Sharks—Agents of the State Department of Agriculture have inaugurated a strenuous campaign to drive out of the market the feed feeds in which seeds of weeds and peanut hulls are being used to "load" the mixtures. In the last few years, the raising and the extension of poultry raising, especially near the cities, numerous brands of patent feeds have been put on the market. Some of these are made in Philadelphia. Investigations have established that instead of being true to guarantees, as are most of the feeds put up in Pennsylvania, they contain materials not recognized as food.

Must Show Lights—State policemen and attaches of the State Highway Department are going after the violators of the law in Philadelphia. The department has been endeavoring to comply with the spirit of the law by displaying only one feebly burning light. The violators of the State police and men working on the roads have broken up the displaying of only one tag and now complaints are being made of display of only one light. This is the only violation which has been having a lively time. The regulations are that outside of municipalities where there are local laws the lights must be turned on so that they can be seen from a distance.

Meets Thursday—The State Water Supply Commission will sit on Thursday to take up applications for construction of bridges and changes of water courses. This far nothing is regarding Coatesville has been outlined.

Many Want to Bid—Numerous applications for information are being made regarding the Philadelphia city armory on which bids will be opened on Friday. All of the bids were rejected last week. The contractor will be held to the letter of specifications.

To Discuss Children—A conference similar to that held last week between four clubs and educators, social workers and others in Philadelphia, will be held at Harrisburg to-morrow. It will be preliminary to organization of an employment bureau.

Pathfinders Start—George H. Elles, Deputy State Highway Commissioner, and W. R. D. Hall, statistician of the State Highway Department, the "pathfinders" for the Governor's "Pennsylvania" tour, left to-day for the final inspection of the highways to be used on the 980-mile trip. Mr. Hall will have charge of the reservations at the stopping places.

Governor at His Desk—Governor Brumbaugh did not vote to-day at the primary election, was not registered in Philadelphia, having been unable to register because of his absence on the Pacific Coast when registration was in order. The primary was the first at which the governor has not voted for a long time and he put in most of the day at work at his desk. Attorney General Brown was the first of the officials to vote at home and come back to the Capitol. He returned to his desk shortly after 1 o'clock.

To Release Pittsburgh—Dr. C. J. Marshall, State Veterinarian, who has been in charge of the Federal quarantine regulations in regard to foot and mouth disease in a few days, Pittsburgh will likely be made "free" for the Government.

Local Firm Chartered—A charter has been granted to J. E. Robinson & Co. to deal in clothing in this city. The capital is \$10,000 and the incorporators are J. E. Robinson, Charles C. Stroh and J. O. S. Poorman, of this city.

Dr. Royer Speaks—Dr. B. F. Royer, chief medical inspector and a paper read at the meeting of the State Medical Society in Philadelphia to-day.

STEELTON FIGHTS MANY SHIFTS IN

Hottest Election in Borough's History Brings Forth Many Surprises

Three last-minute withdrawals, rumors of shifts among political leaders, the all-day closing of all hotels and a scarcity of ballots in at least one polling place—these were a few of the highlights in the political battle to-day that Steelton has ever witnessed.

The withdrawals, coming as they did on the day of election, were rather surprising. It was the course, too late for the retiring candidates to have their names stricken from the ballots, they had to satisfy themselves by simply saying out the word among the voters that they no longer aspired to office.

The withdrawal of H. Russell Rupp from the school directorship fight left J. V. Reynolds with interest in the bed-side of his sister, who is ill in Washington. Before leaving Moten informed his friends that it was his desire that Mr. Reynolds be returned to council unopposed. Down in the Second ward Harry F. Lupter, Democratic candidate for the council nomination, had advantages posted declaring that he was not a candidate against E. C. Henderson. This gives Mr. Henderson the Democratic and Washington nominations. He is contesting with Mr. Reynolds for the Republican nomination. This means that if Henderson wins to-day—as he probably will—he will be unopposed for council.

But Early Voters appeared early at the various polling places and by noon a large vote had been cast. The leaders were on hand early and every known effort was being put out to vote early. A remarkable feature of the balloting was the heavy conservative vote cast early in the day. Men who usually show no interest in the primary contest were out to vote early. This will have its effect on the fight for justice of the peace and county treasurer, the two most bitterly contested nominations. In both these races there were many interesting developments.

Interest in the county treasurer's nomination on the Republican side increased here because both Mark Mumma and John E. Shupp, the two opposing candidates, are Steelton men. Both have large followings and the result will be watched with interest.

Returns to Be Late From all indications the Steelton returns will come in exceedingly late on account of the large number of cancellations of the various offices and the closeness of the vote. It is not likely that anything definite will be known here before midnight.

All the hotel proprietors early this morning decided not to reopen their bars after the polls close this evening. "While the letter of the law may permit to reopen, explained one of the hotel men to-day, we feel that we should close all day."

M. J. Kane Is Elected Board of Trade Head

At a meeting last evening the Steelton Board of Trade elected M. J. Kane, who has taken an active part in the work of reorganizing the old Merchants' Association, was elected president. B. F. McNear, Jr., a prominent W. Side grocer, was elected vice-president. Whitebread was again made secretary and W. F. McGinness was re-elected treasurer.

"SUNNY JIM" PREACHES TO LARGE AUDIENCE

Evangelistic services in Grace United Evangelical church will be continued every evening by the Rev. James Lowe, better known as "Sunny Jim." Last evening "Sunny Jim" preached to a large audience. His subject was, "Send and Fetch Him For We Will Not Sit Down Until He Comes Hither." On Saturday the evangelist will preach to an audience of women only on "The Happy Golden Wedding."

MORE MERGER TALK

The rumor persists that something is doing in the alleged merger of the Cambria and Pennsylvania Steel companies. Cambria stock has been steadily climbing and reports are being made that arrangements are being made to take over the Pennsylvania railroad holdings of this stock and transfer the same to the Bethlehem Steel company. Something is in the air but those who know what it is are keeping their own counsel.

SENIOR CLASS ELECTS

Members of the Senior class of the Steelton high school yesterday elected officers and made plans for the annual athletic festival, which will be held in Felton hall the evening of October 17. The new officers are: President, Harry Sellers; vice-president, Paul Hocker; secretary, Miss Lydia Weaver; treasurer, Harry Trawitz; Miss Henrietta Forr was made general chairman of the committee in charge of the athletic festival.
