SWEEPING VICTORY FOR REPUBLICANS IN NOV.

The Republicans had big votes in the county districts and in some boroughs developed surprising strength.

The combine's Men
The men nominated by the Democratic-Washington machine in addition to Mr. Kunkel were: C. Albert
Fritchey, for recorder: E. N. Lebo,
for sheriff: Register R. C. Danner,
for register again: Addison Goodfellow, for county controller, and David
Hatz, Middletown, for county treasurer.

Hatz, Middletown, for county treasurer.

After a grand word throwing contest for the Democratic nominations for county commissioner no one seemed to be exactly sure who was nominated. County Commissioner John H. Eby appeared to be in the lead for a second term, with Sheriff H. C. Wells and Jury Commissioner Samuel M. Taylor scrapping for second place. Wells, however, said that he had information that assured him of the nomination although the bosses did not want him.

The fusionists had a fuss over the mominations for director of the poor and it looks as though Harry C. Cassell and George F. Fetterholf, the

Jobe were introduced and made short addresses. An invitation was read from Superintendent F. E. Downes, of the Department of Schools, to attend the educational meeting in the Technical high school auditorium to-night.

After the business part of the meeting was transacted, the host, Mr. Holman, served refreshments and the atmosphere was enlivened by the singing of Rotary songs. The members of the club spent a very pleasant evening as the guests of Mr. Holman, who is well known among the merchants of the city. Returns Very Late

ACADEMY IN FULL SWING

If it hadn't been known that yesterday was election day one would never have suspected from the appearance of the streets last evening that Harrisburg as well as Dauphin county had passed through one of the warmest primary battles in several years.

Even after the theaters emptied their hundreds on the streets the crowds didn't increase very materially; most everybody asked what was doing got the usual answer that the returns weren't nearly all in, and then they boarded cars and jitneys and hustled off to bed.

ACADEMY IN FULL SWING

Former President of Dickinson College
Addresses the Students

The Harrisburg Academy resumed activities this morning after a summer's rest, during which the summer school carried on a successful season and prepared a number of boys to take the various college examinations which are now in progress or/ have already been completed.

Work started unofficially yesterday morning, when the boys registered and made out their schedules of recitations. Classes were organized this morning after the opening exercises, which included a welcome to the old and new boys from Headmaster Arthur E. Brown and a splendid address by Dr. Reed, formerly president of Dickinson College. Dr. Reed brought cut three points in advising the young men to concentrate, accomplish whatever they undertake and be gentlemen. Professor Phillips, soloist of Grace Methodist Church, gave two selections and the Rev. S. Winfield Herman read from the Scriptures and offered prayer.

man read from the scripture offered prayer.

There has been no change in the personnel of the faculty and all the professors are on hand for the opening of the new year's work.

GOOD TREATMENT
FOR OILY HAIRS

Makes Hair Fluffy and Easy
to Manage

Men and women whose hair and scalp are excessively oily have hard work keeping their hair in good condition. Dust and dirt mingle with dandruff, cling to the oily hair and scalp. Parisian Sage is an ideal treatment for this trouble. Wash the hair not oftener than once a week, but use Parisian Sage twice daily, pouring a little into the parted hair and rubbing briskly right into the scalp with the finger tips. It drives out dandruff, dissolves the excess oil and stimulates the scalp into healthy normal action. This simple remedy can be obtained from H. C. Kennedy or any counter and is very inexpensive.

Try This If You

Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop in stantly, and your hair will be fiuffy justrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Are Enrolled in the Wharton School The evening course of the Wharton School of Finance and Commerce in

Harrisburg is made possible through the support and assistance of your business men. Without their co-operation-individually, through the Chamber of Commerce, through special committees, the Rotary Club and the School Board in extending the privilege of using the High School Building—this great educational movement could not succeed. The University of Pennsylvania is grateful for their public spirited support.

The Wharton School of Finance and Commerce is educating the young men of Harisburg who are to be the heads of her great industries in the years to come. It gives them knowledge, training, and power of analysis which cannot be secured in the routine work of clerical positions, but which is fundamental to the success of a business executive.

Unless you train yourself in advance for greater responsibilities, you cannot expect unusual preferment. Training is the first essential. It is the Wharton School, intelligently directing your energy and determination, which will prove a forceful factor in fitting you for larger opportunities.

NOW is the time to do your part towards commanding success.

REPUBLICANS GO RIGHT TO FRONT

phia and in Many Other Sections of the State

The Republican vote in the Philadelphia mayoralty primary means only one thing. It was huge and the Quaker City will repudiate the spurious reformers in November. Thomas B. Smith was nominated for mayor by the voters of the Republican party by an overwhelming majority. Director of Public Safety George D. Porter, his principal competitor on the Republican party by an primary ballot, was nominated on the Washington party primary ticket for mayor over Colonel Sheldon Potter, who was also a candidate on the Republican and Democratic tickets. B. Gordon Bromley is the nominee for mayor of the Democratic party.

JAP CARTOONISTS ON THE CRISIS
The Japanese cartoonists have been following the controversy between Uncle Sam and Germany quite as intelligently as have the European and American artists. The current Cartoons Magazine publishes two contrasting views of the situation taken from the vernacular newspapers of Cherry Blossom Land. One pictures Uncle Sam winding in by his own web the kaiser, who is represented as a rather vicious-looking tarantula. A contrasting design represents Uncle Sam as a scarecrow with a bow and arrow labeled "Protest." A German crew is perched on the tipsy plug hat of the scarecrow in an attitude of disrespect and defiance. JAP CARTOONISTS ON THE CRISIS BASEBALL AROUND THE WORLD

BASEBALL AROUND THE WORLD

Baseball continues to grow more
popular in the Far East. It is played
now in almost every, part of China,
Korea, Japan and the Philippines. In
the latter country amateur baseball is
more thoroughly organized than in the
United States. There is no one baseball season in the Philippines, for
there is baseball weather all the year
round. The contests for the insular
championship go on through the whole
year. The winner of the last contest
must play against the picked team
from China and Japan, the championship of the Far East being contested
annually.—Carl Crow in World Outlook for October.
