UNVEIL MARKER AT SELINGROVE

Historic Pageant at 160th Anniversary of Penn's Creek Massacre

Special to The Telegraph
Sellingrove, Pa., Sept. 22.—By the presenting of a pageant of the most important events in the early Indian and pioneer life of the community more than ordinary interest will be attached to the celebration at Selingrove October 14, 15, and 16 to mark the 160th anniversary of the Penn's creek massacre.

The pageant will be given on Friday afternoon and will follow immediately the unveiling of the marker along the State road and Penn's creek just north of the town. The meadow land to the south of the stream will be utilized as the stage, and thus the presentation will be visible to the hundreds of persons gathered on the upper bank for the marker unveiling.

Several hundred persons will participate in the pageant. The Red Men and Patriotic Order Sons of America from a half-dozen nearby counties will be the most active fraternities in the event, which will be under the direction of Prof. Nathan N. Keener, of the Susquehanna University.

Arrival of the first Indian will be depicted by an Indian coming down the creek in a canoe. After he has been satisfied as to the hunting ground he will build a fire as a signal to other tribesmen up the stream. In a little while an Indian village will have been peopled, and the next development is to be marked by the arrival of French traders from the North.

George Gabriel, the first white man to settle on the Isle of Que and who came into the section in 1745, will arrive from the South, soon to be followed by other whites. They will eventually crowd out the Indians, and

the red faces will lie to the North. Couriers will bring the news of the French and Indian War, and then will come the tidings of Braddock's Defeat. Stirred by those developments, the Indians will swoop down on the settlers and make the supreme effort of the tableau—the presentation of the Penn's creek massacre.

Soon after John Harris, founder of Harrisburg, will come up stream to bury the dead. How he was attacked by the Indians, after his trip to Shamokin, now Sunbury, will be shown. The return of troops six months later to build Fort Augusta, and take possession of the valley will be the concluding presentation of the interesting pageant.

JAPAN WILL SOON RIVAL MASSACHUSETTS

The Japanese are rapidly becoming the most educated people in the world. At the present rate of progress Japan will soon have the smallest per cent. of illiterates and the largest per cent. of children of school age in attendance in her schools. The National Christian Educational Association and all the Protestant missions of Japan have made plans for a great interdenominational university, and the advanced schools for girls are getting together in projecting a great Christian College for Women to open in 1916.

Japan is more open to Christianity than at any time since the early eighties and if the seven or eight schools for men which advance their standards sufficiently and co-operate with the proposed Christian university, Christianity will again occupy a position of recognized leadership.—John P. Goucher in World Outlook for October.

FRESH AT NIGHT

If One Uses the Right Kind of Food.

If by proper selection of food one can feel strong and fresh at the end of a day's work, it is worth while to know the kind of food that will produce this result.

A school teacher out in Kansas says in this connection: "At the time I commenced the use of Grape-Nuts my health was so poor that I thought I would have to give up my work altogether. I was rapidly losing in weight, had little appetite, was nervous and sleepless, and experienced, almost constantly, a feeling of exhaustion.

"I tried various remedies without good results; then I determined to give serious attention to my food, and have learned something of the properties of Grape-Nuts for rebuilding body, brain and nerves.

"Since using Grape-Nuts I have made a constant and rapid improvement in health, in spite of the fact that all this time I have been engaged in strenuous and exacting work.

"I have gained twelve pounds in weight and have a good appetite, my nerves are steady and I sleep sound. I have such strength and reserve force that I feel almost as strong and fresh at the close of a day's work as at the beginning.

"Before using Grape-Nuts I was troubled much with weak eyes but as my vitality increased the eyes became stronger and I never heard of another food as nutritious and economical as Grape-Nuts."

"There's a Reason." Name given by Postum Co., Battle Creek, Mich.

CANDIDATES MUST DRAW AT PAXTANG

Martin and Kunkel Are Tied on Two Tickets For Tax Collectorship

Paxtang, Pa., Sept. 22.—George C. Martin, the borough's present tax collector, will have to draw straws twice with W. S. Kunkel in an effort to get his name on the November election ballot for re-election to that office. Both candidates filed papers for the Republican nomination and each was presented with 41 votes. Complimentary votes were given both men on the Democratic and Washington party tickets. On the Democratic ticket Kunkel won over the present incumbent 19 votes to 4, but on the Washington party ticket each candidate received 1 vote, so that the two men will have to draw straws twice at the County Commissioners' office for places on the general election ballot as Republican and Washington party candidates. If Martin should lose both draws, Kunkel's name will appear alone in November. If Martin wins both, then the fight will be practically as it was yesterday. In any event, however, Kunkel's name will be placed on the general election ballot because he is the Democratic candidate.

The fight for burress was very interesting and it will be carried on the general election with the same vigor as it was to the primaries. J. Harry Sheesley won the Republican nomination by a majority of 22 votes, but the Democratic place was taken by Dr. D. I. Rutherford, who opposed Sheesley on both tickets. Sheesley was given 1 vote on the Washington party ticket.

Some interesting figures are to be found in the following summary of the borough ticket:

Republican ticket—Burgess, D. I. Rutherford 29; Sheesley 51; school director, 6 years, Joshua Rutherford 65; Sourber 62; 4 years, Delhi 53; Reichley 59; 2 years, 2 years, Birchall 57; constable, Ramsey 72; judge of election, Grunden 72; inspector of election, Edgar Martin 75; justice of the peace, Howard C. SOUR STOMACH

When vegetable food ferments it causes sour rising in the throat, the formation of gas in the stomach which distends it and causes pain, often extending to the region of the heart and arousing a fear of heart disease. This condition is called acid dyspepsia.

Do You Feel Headachy? Look to Your Stomach

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way that nearly every druggist in Harrisburg is selling Mi-o-na, the standard dyspepsia remedy.

Druggists say that never before have they had so large a number of customers tell them that a medicine has been successful as with Mi-o-na. People who a few months ago suffered continually with their stomachs to-day are well and happy. They say Mi-o-na did it.

There no longer seems any need for anyone suffering or making their friends suffer on account of dyspepsia. Mi-o-na can be relied upon.

The percentage of success is so great that there is little risk in guaranteeing to return the money if the medicine does not relieve. And all the best druggists stand ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, acidity in the stomach, all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health, while a complete cure often follows rapidly.

These days are the best in the whole year for the employment of health and Mi-o-na will put you in such perfect condition that you can enjoy every minute of them. Sold and recommended by H. C. Kennedy and other leading druggists.—Advertisement.
