ART STUDENT EXHIBITS

William B. Luckett, of this city, a student at the Academy of Fine Arts, has made three antique black and white drawings for the art exhibit for American students, November 4, 1915, at the John Wanamaker store.

LUNCHEON TO-DAY

A LONELY FUNERAL SERVICE A widow lady recently approach

"As a Man Thinketh"— Is our ideal the song of the sword? Then our rewards will be in the terms of the sword or in brute force. Is our chief ideal money? Then we must give up hope of the highest culture of the mind and spirit. The things we admire and imagine, these mold us, these become our masters. We must care, for whether we know it or not, they are our ideals with thoughtful care, for whether we know it or not, they are our ideals with thoughtful care, for whether we know it or not, field, above the things that perish as I touch them. Let me build up in my thoughts ideals that lift me above the restless surge of my lower passions—then I am safe—then I can walk in the dark and enjoy bright day.—The Christian Herald. A LONELY FUNERAL SERVICE.

Good Advice For Thin People

"I'd certainly give most anything to be able to gain a few pounds and stay that way," declared many thin men and women. Such a result is usually not impossible despite past failures. Most thin people are victims of main the powers of nutrition are normal. Instead of getting into the blood amuch of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat the flesh making food elements must be so prepared in the digestive processes that the blood will accept and distribute them throughout the body. There is a preparation called Sargol, which works on this basis and which is sold by nearly every druggist on a

STORK

Mr. and Mrs. J. C. Johnson, of 1710 Wood street, announce the birth of a daughter, Valeria Jane Johnson, September 20, 1915.

Mr. and Mrs. Theodore G. Perkins, of Albany, N. Y., announce the birth of a daughter, Marie Grace Perkins, Thursday, September 16, 1915. Mr. and Mrs. Perkins were residents of this city for a time. THE WHY OF SYMBOLISM

THE WHY OF SYMBOLISM

The ermine which our judges wear is the symbol of an idea. That visible robe represents the unseen vesture of authority with which their fellow men have clothed them. All regalia and every badge which man wears are sympols of ideas, representatives of the unseen. We make a cross to stand as the symbol of sovereignty. We make a flag to stand as the symbol of the idea of nationality. We make a robe to stand as the symbol of the idea of authority. All these are visible representatives of unseen forces and powers. Our very instinct leads us to give these unseen presences a local and visible habitation and name. And here was God, an unseen Power, and men hungered for some material symbol to represent the unseen and eternal. And God said: "Make an ark of wood and gold," and it shall stand as the symbol of the meeting of God and man, the confuence of time and eternity, the blending of the unseen influences of heaven with the unseen influences of heaven with the unseen influences of heaven with the unseen influences of national patriotism, so the ark was the emblem of national religion; it represented the unseen relationship between them and their God,—Christian Herald.

the enclosed car is best for you If you want your investment working for

you the year 'round—if you want a car that is at your service every day and in all kinds of weather—then you want an enclosed car—and of all enclosed cars the modern Detroit Electric is at once preferred and the most practical.

ferred and the most practical.

In the Detroit Electric you have roomy comfort for all passengers and a simplicity of mechanism which enables each member of your family to drive it in perfect safety. The motor—producing a continuous, vibrationless power flow—is so mechanically efficient that but rarely does it need attention. The higher capacity battery of exclusive Detroit Electric design (guaranteed) provides greater mileage without need for recharging than you ordinarily use in an entire day's motoring. And from the standpoint of upkeep cost the Detroit Electric is most economical. Current for battery charging is furnished at low rates (\$5 to \$7 per month) and is growing lower constantly. A demonstration ride is awaiting you.
